HOCKEY.—The Victoria Club meets this evening for practice at 7:30 sharp. A full attendance requested.

MEETING.—Remember the Gospel Union meeting this (Tuesday) evening at 7:45 in Easton Street Hall.

POLICE COURT.—Three drunks appeared before His Honor this morning. One was fined \$4 or 20 days, another \$1 or 4 days, and the other was dismissed.

PENNY READINGS.—The programme of the Penny Readings at St. Peter's Schoolroom to-morrow evening appears in to-day's paper. Keep to-morrow evening for the entertainment.

THE CONCERT of the season will be held in the Lyceum, on Thursday, 26th inst. Look out for programme to-morrow. Tickets at Watson's, Reddin's, Johnson's, and Jas Paton & Co's.

FASTEST OF THE SEASON.—The m. l. steamer Vancouver arrived at Halifax from Liverpool at half-past ten o'clock on Friday night. Her trip was the fastest of the season and beats that of the Labrador six hours. She brought 31 saloon, 29 intermediate, and 238 steerage.

CARNIVAL.—There will be a fancy dress carnival in the Hillsborough rink on the evening of Thursday, February 2nd. The rink will be beautifully decorated and lighted, and ten prizes of five dollars each will be given for the best costumes. Skaters will be admitted free.

A NOVEL PROPOSAL.—George W. Clements, general agent, 169 Barrington street, is anxious to enter into an agreement with somebody who is willing to pay \$500 if he (Clements) reaches Chicago in a forty pound canoe paddled by himself in a given time. Mr. Clements, as a part of the contract, is willing to place himself and canoe on exhibition at the World's Fair, the admission fees to go to the man who paid him the \$500.—Halifax Herald.

THEY HAD HARD TIMES.—The Times says: Two young Scotchmen were in Moncton last night tramping their way through from Halifax to St. John. They came out as snow-aways. Being without money they were begging for bread and fell of a rather tough time. The decline of the shipbuilding on the Clyde has thrown thousands of men out of employment, and some of those who do work only get a shilling a day. These young men understand boiler making and riveting and hope to find employment in St. John.

THE evangelistic meeting in the basement of the First Methodist Church last evening was again largely attended, thus showing the deep interest taken in them. The audience was addressed by Rev. W. Hamlyn, of St. Paul's, who gave a very practical and earnest address. The meeting as usual was taken part in by representatives of the different congregations and great interest was manifested in the proceedings. These meetings will be held every evening this week, commencing at 7:30 o'clock.

HE PREFERRED TO WALK.—A despatch from Moncton says: "A new kind of crank arrived in the city on Thursday and applied for a position in one of the tailoring establishments. He informed a number of persons while here that he belonged to the western states, and that a short time ago the Lord commanded him to take up his bed and walk to the eastward. Upon receiving the Divine command he left his family in very straitened circumstances and started toward the east and has been travelling ever since. He was unable to obtain work here and started on Friday night in a penniless condition for Amherst. A strange circumstance connected with him is that he refuses aid under any condition and also objects to conveyance of any kind. A number of charitably disposed persons here offered him money and clothes and a ticket to Amherst, but he rejected all, giving as a reason that he preferred to walk, as it had been the Lord's command."

Weather Bulletin.

FRIDAY, JAN. 17.—10 a. m. North to west winds; fair, cold weather.

Ottawa Notes.

The weather here has been fair, clear and calm, but unusually cold. Mercury having been pressed down at times to 30 below zero, with light snow falls, the best of sleighing, good markets and average prices. The excitement consequent upon the late Cabinet reconstruction, and the civic elections has entirely disappeared. Nothing remains to remind us of either, save a short-sighted effusion, at times, from a Dr. Douglas of some such ardent sensationalist, who happily for Canada and its people generally manage to defeat their own object.

All necessary preparations and arrangements are being rapidly completed in and about the Senate Chamber and House of Commons for the 26th inst.

Islanders and tunnel advocates here deeply regret the action of Mr. Palmer, C. E., in connection with his boring contract last season, as they consider Senator Howlan's great efforts and praiseworthy work of many years, weakened by the adverse course of events, especially so by reason of the fact that part of the Island press seek to stigmatize and if possible associate the Senator's good name with being a party to fraud. Such insinuations are unfair to the Senator, who more than all others in the past has labored so earnestly in the tunnel project, at great personal cost of both time and money. It is to be hoped that the efforts so profusely put forth by the Senator's enemies, who are also enemies to the tunnel scheme, in this case will be promptly frowned down by the people of the Island for whom the Senator has worked so hard and attempted so much, and who at least owe the Senator a debt of gratitude of no ordinary kind, for what he has done and is still doing for his home and people,—as no one else could.

There is much speculation as to the course that Dalton McCarthy, Esq., M. P., is likely to steer when the session opens. Very stale, if not very Tarte-ish material will, it is said, be used by the party leading the attack on the new cabinet's policy, as soon as the same is made known.
