

THE CITY'S CANDIDATES. HON. NEIL McLEOD -AND- PATRICK BLAKE, ESQUIRE. THE DAILY EXAMINER.

MAY 6, 1882.

Vote Square.

VOTE SQUARE against the Taxationists. VOTE SQUARE against the Opposition, led by W. D. S. VOTE SQUARE against the attempt to "resurrect" the men of 1878. VOTE SQUARE against the men who, for their part, renounced the Island's share of the Fishery Award, and tried to persuade the people to do so too. VOTE SQUARE against the men who made illegal contracts for Glass and Register Grants. VOTE SQUARE for economical, honest, and capable Administrators. VOTE SQUARE for the Government's candidates.

What "The Examiner" Would Like to See on Monday.

The electors supporting an honest Government, and putting down dishonesty and extravagance. The electors approving of economy and retrenchment in the public service and disapproving of reckless expenditures in the Departments. The electors keeping outside the party who were guilty of "Register Grants," "Milk's Manipulation," and "Glass Cent" tricks. The mechanics of Charlottetown disapproving of injunctions and approving of a good Lien Law. The tax payers voting for the candidates who have their interests at heart—Messrs. McLeod and Blake. The supporters of Messrs. McLeod and Blake working hard to put down "The Taxationists."

Mechanics' Lien Act.

We see, by reference to the "Records," that, under the Mechanics' Lien Act, nearly \$12,000, in round numbers, have been secured to the mechanics of Charlottetown; and yet Mr. Fred Peters would undertake to tell us that the "Act" is of no benefit. Verily, Mr. Peters counts largely on the ignorance of his hearers. We challenge him to contradict these figures.

Mr. Hyndman's Letter.

The Patriot of yesterday asks: "Why does not THE EXAMINER prevail upon the auditors to answer Mr. Hyndman's letter?" We have yet to learn that there is more than one Provincial Auditor in this Province, or that it is part of his duty to "answer Mr. Hyndman's letter." The question now is, "Whether the Government or the Oppositionists have the best record?" In the solution of this question Mr. Hyndman's letter is of very little value. Mr. Hyndman admits that the savings of the Government amount to over \$9,000. By so much, then, have the Government improved upon the record of the Oppositionists. But that this amount, which Mr. Hyndman is compelled to admit has been saved by the Government, is infinitely below the mark is evident to all by the fact that, in a single year, the Government saved, in the cost of legislation, \$5,059.19; and, in the cost of the administration of justice, \$18,600; and, in the cost of the Civil Service, thousands of dollars more. The letter of Mr. F. W. Hyndman has not been answered by THE EXAMINER, simply because, for the purposes the electors have in view, it was not worth answering.

"The Examiner."

A CORRESPONDENT of the Patriot seems to think that Messrs. Gordon and McDonald were hard on THE EXAMINER when they stated that THE EXAMINER was not the organ of the Government. People may, of course, think what they please. The statement of Messrs. Gordon and McDonald was quite true. THE EXAMINER is simply the free organ of the Public of this country; and supports the Liberal-Conservative Party simply because it believes that the interests of the public are promoted by the predominance of that party.

Something like a Concert.

One of the largest musical gatherings that ever assembled in this Hemisphere took place at New York a few days ago. It was under the direction of Theodore Thomas, of orchestral fame. The chorus numbered three thousand two hundred voices, and the orchestra three hundred and two instruments. The class of music performed was of the most difficult, and the welding together of this mighty musical mass was simply unique. Frau Amalia Friedrick Materna, the great Prima Dona of Vienna, received a perfect ovation, being recalled no less than seven times. The audience numbered over seven thousand.

What is the Reason—

Mr. W. D. Stewart threatens, when he gets inside to clean out the public offices! Now, what have the public officials done to call forth this trouble? Have they neglected their duties? or acted dishonestly? or lived corrupt lives? or defrauded their creditors? The rights of the public to see clearly the lives and actions of public men and public officials is admitted. But what wrong have these men done? We have thought that the great savings effected by the Government were, perhaps, in part due to their co-operation and help. Is it for this that they are to be ejected by the Prince of Taxationists?

What the "Examiner" Wants to Know.

Why they want to be let "inside"? Why ex-Governor Laird is dogging the path of Hon. D. Ferguson? What is Mr. W. D. Stewart's qualification? What Mr. Fred Peters is looking forward to? Whether Thomas Morris will make as good a legislator as he is a City Councillor? Who can conscientiously vote for a party composed of extravagant and incompetent Rump—the outcasts of the people in 1879? Who would compose a Government led by Mr. W. D. Stewart and Mr. D. Farquharson—the last joints on the tail of the Rump Government of 1879? Why Mr. W. D. Stewart threatens to clean out the Provincial Building? Why William Welsh will not support a Government which cannot get a fair share of the Fishery Award? Why THE PATRIOT is so sick.

Rather Laughable.

THEIR Leader declared that the Oppositionists, when in power, would "clean out the public buildings." A correspondent of THE EXAMINER, in reply, said that it would now be most fitting for the Government to "clean out" every Oppositionist who remains in the offices of the Local Government. THE PATRIOT denounces the very idea of such a thing; and yet says that "one will have to go through the public offices of the Province with a magnifying glass of extra power to find a Liberal or any one having Liberal tendencies in them!" But this is not all. THE PATRIOT supposes or imagines that the correspondent's threat extends to Dominion Civil servants; and indignantly asserts that the Dominion officers can afford to laugh at the threats, etc. It is needless to say that the correspondent made not the slightest allusion to the Dominion Civil Service officials; and if there be not "Liberals" in the Local offices, how can the threat affect the Local Civil Service officers? THE PATRIOT is evidently pretty hard up—tight.

Cardigan!

A CORRESPONDENT writes:—"The contest is pretty well decided, and McDougall and Owen will be a long way ahead. At the meeting held in New Perth last night, where the Opposition expected to be very strong, McDougall and Owen defeated them badly, as you may judge from the fact that the Chairman, John Hamilton, Esq., who is a strong Oppositionist, left the chair before the candidates were proposed, although our side wished to continue the meeting, and Cyrus Shaw, Esq., who had in an able and convincing speech successfully defended the actions of the Government, was debarred from the opportunity of replying to some of the Opposition speakers. Our party have every reason to believe that success is certain."

The Third District.

HON. MR. FERGUSON has issued the following manifesto:—"To the Electors of the Third District of Queen's County:—GENTLEMEN:—The Opposition candidates and their friends, despairing of success by the use of fair means, are now endeavoring to win the election by creating a want of confidence between our friends in the different parts of the District. A report is being industriously circulated by the emissaries of Mr. Henry Beer, that I have solicited votes for Mr. Beer and myself. The absurdity of this report is apparent on the face of it. If I were to assist Mr. Beer in that way, his friends would be only too well pleased, and they would be the last to say anything about it. For it is plainly seen all over the District that they have no hopes of carrying Mr. McDonald, and are making no effort whatever to get votes for him. In proof of this, I may mention that a Conservative elector residing in Lot 34, but whose right to vote rests on property near Dromore, Lot 37, informed me at Saw Mill Bridge, on Thursday last, that Mr. Donald Crockett, one of Mr. Beer's most active canvassers, offered him to allow his vote to pass unobjected if he would split with Mr. Beer. To my friends I say, one and all, vote the square ticket—EGAN AND FERGUSON—and do not, on any consideration, split your votes with Mr. Beer or Mr. McDonald. I have every confidence that Mr. Egan and his friends are acting honorably towards me, and I warn my friends not to allow an unscrupulous opposition to effect their end by falsehood and treachery. The statement made in the Patriot and New Era, that I canvassed Mr. George Bryenton, of Brackley Point, to vote for Beer and myself, is an unmitigated falsehood. I am, gentlemen, yours, etc., DONALD FERGUSON. Ch'town, May 6, 1882."

Think of it!

THE taxation that is considered necessary to be imposed on the country by the Brits if restored to power—according to their Chief Leader—would amount to nearly three dollars for each family in Prince Edward Island. Freemen vote them down!

Summerside Notes.

The all-absorbing topics of the day is the elections. The Brits are making a desperate effort to obtain possession of the ship, and are attempting all kinds of underhand work to accomplish their object. Canvassers are at work night and day, and meetings are held every evening, but there is no doubt Hon. John McFurley and Dr. Gillis will lead the poll. The harbor is beginning to open up, although a horse and sleigh crossed from Summerside to Sea Cow Head on Monday last. The brakeman in Conductor McKee's special train had a narrow escape of his life on Wednesday. It appears that between Northam and Richmond, as the train was proceeding to the latter station, he had occasion to do some work on the top of the cars, and as he was crossing from one to another, his foot slipped, and he fell, but caught the top of the car, holding on for life, with only the nails of his fingers. How he regained a footing on the car and saved himself from instant death is a mystery both to the brakeman and those who have heard his story. May 6th, 1882.

CORRESPONDENCE.

We do not hold ourselves responsible for the opinions or statements of our correspondents.

To the Editor of the Examiner.

Sir,—A letter over the signature "A. B. Warburton," dated April 29th, appeared in the Patriot of that date, touching a Return by the Government of the expenditure for the quarter ended March 31, 1882. The explanation given by me to Mr. Warburton was to the effect that the Clerk's office and its records are in charge of the Assistant Clerk from the time the House of Assembly is prorogued until it meets again for the despatch of business, and that copies of any public documents could be had from the Clerk's office by applying through the proper channel. I considered this sufficient, especially as I told Mr. Warburton that Mr. Farquharson and others of the Opposition had received copies of this Return from the office.

I find, however, that the Summerside Journal of the 4th inst., refers to this matter and states, "that the dirty trickery and falsehood of his chiefs are copied by the Clerk of the House of Assembly for the purpose of keeping the facts from the people, and false statements made by such chiefs." Mr. W. A. Brennan, publisher of the Summerside Journal, who is responsible for this slander, knows very well that he could have obtained a copy of the Return in question when he was in Charlottetown on Saturday last, had he applied through the proper channel. He knows that he could be applying to the Hon. Mr. Lefurgy as a member of the Government, be furnished with a detailed copy of that Return or any other public document in the Clerk's Office.

He also knows that Mr. Farquharson of West River, who in his place in the House of Assembly asked for the Return of the Government Expenditure for the quarter ended March 31, 1882, is not the man to keep a copy of that document in his pocket if its publication would serve the interest of his party. I am happy to inform the Journal that I never was asked, much less "made to falsify statements," by any of the "chiefs" of any Government.

Yours truly, A. McNEILL.

Irish News and English Opinion.

Messrs. Parnell, Dillon and O'Kelly have returned to Dublin.

The Times says the policy now to be tried in Ireland is one of concession and conciliation pure and simple.

The following cable was sent to Parnell:—"The Irish-Americans of Massachusetts send you greeting."

The Standard says: "Further changes at Dublin Castle are expected. Thus Henry Burke, Under Secretary, and Col. Hillier, Inspector-General, of the Constabulary, will probably resign."

James Mooney, President of the Irish National Land League, America, has sent Parnell the following:—"In the name of the Irish National Land League of America, I congratulate you and the Irish people on the destruction of coercion."

The Standard says: It is understood, after hesitation and with reluctance, that the Right Hon. Joseph Chamberlain accepts the office of Chief Secretary for Ireland. The appointment will be satisfactory to the extreme Irish party. Mr. Chamberlain did his best to secure the appointment of Mr. Shaw, or some other prominent Irishman, and failing in that, accepted the office himself. Sir Charles Dilke, now Under Secretary for Foreign Affairs, will probably succeed to the Presidency of the Board of Trade.

The Standard says: The Radicals triumphed all along the line. A new era is opening up in English politics. It asks, if the amnesty is to be real on what grounds can Davitt be excluded from it?

The Post says: The Government are in despair, and like desperate men are playing a desperate game to retrieve their fortunes.

The Times says: Public opinion will approve Mr. Forster's manly, dignified course in the presence of trying and painful alternatives. The new policy of the Government rests on the hope of the moderate language of the Land Leaguers, the concession to some extent to the demands in the Land Law Amendment Bill and that the release of Mr. Parnell will touch the feelings of the Irish masses and restore the authority of the law and respect for public and private rights. The probability of compromise in respect to the tenant's claims is a hopeful element. If Mr. Parnell will make use of his liberty to restore order there may be an immediate improvement in the condition of Ireland.

In an interview on the 4th inst. Mr. Parnell said he considered his release as indicating a determination on the part of the Government to amend the Land Act as far as possible during the present session and a desire to revert to coercion, if as a result of their change of policy and prospect of further remedial legislation, the state of Ireland should be materially improved and outrages diminished. Certainly no efforts of mine will be wanting to put an end to outrages and crime, but the success of my exertions in this direction must materially depend upon the nature of the remedial legislation proposed by the Government; also upon the early unconditional release of Davitt and other popular leaders.

A new kind of bomb has been invented at the Krupp cannon foundry. The explosion of these missiles, it is said, owing to their mechanical arrangements and the materials which they contain, will be equal to torpedoes. At the same works a new cannon has been tested. It is mounted upon a pivot provided with machinery which absolutely does away with the recoil or "kicking." The cannon, moreover, is so fashioned that, notwithstanding its heavy calibre, it can be mounted upon the smallest gunboats.

While the Czar and his officials are crying "peace, peace," they are quietly preparing for war. The St. Petersburg Zeitung states that the details have been settled of a plan for the construction of new forts at Warsaw, Knov, and Goniend. The forts are to be completed by 1892, and will cost 60,000,000 roubles. The work of constructing the new forts at Warsaw will be commenced during the present year. The sum of 10,000,000 roubles has already been assigned for the work on them.

Pictou County, N. S., is almost purely Scotch and Presbyterian. The total population is 35,535, and of these 28,451 are of Scotch origin and 1,917 are Scotch born. The Presbyterian Church in Canada counts 15,922 adherents, and the Presbyterian Church of Scotland 12,493. The Baptists only number 863, the Church of England 1,653, Methodists 1,203, and Catholics 3,713.

TELEGRAPHIC NEWS.

LONDON, May 5.

It is stated that a large Conservative meeting at Carlton Club to-day unanimously resolved to await further developments of the Government's policy, and if it answered the question relative thereto unsatisfactorily, to move a resolution of censure.

In the Commons, this evening, Sir Michael Hicks Beech gave notice that in consequence of the critical state of Ireland, he would move, on Monday, that it be of paramount importance that the Government's entire policy be submitted to the House for discussion. Mr. Gladstone replied that he would consent to the discussion taking place on Monday and, if necessary, would also devote Tuesday thereto. The notice is doubtless the outcome of to-day's meeting at Carlton Club. Carl Spencer and Lord Frederick Cavendish started for Ireland to-day. Michael Davitt will be released to-day.

New York, May 5. A despatch from Washington states that Delong and Farley have been discovered dead.

It is bad to be a Jew at all in Russia, but it is infinitely worse to be a wealthy Jew. The Israelites who are only moderately well off can escape persecution by emigrating, but by a ukase just issued the richer classes of Hebrews are prohibited from leaving the country that despises and ill treats, but still clings to them. There is a touch of Pharaoh about the St. Petersburg Government in this connection.

Dr. Bliss who wants \$25,000 for his services to the late President Garfield, has been repudiated by Mrs. Garfield. She says he was never engaged by her late husband or herself. Bliss appears to have foisted himself upon the wounded President and fastened upon himself and family like a leech—the result is notoriety and \$25,000 for Bliss.
