Revised Regulations Open Door to Building of Steel Trailers

By RALPH CAMERON
Guardian - Parliament Staff Writer
Suffering opposition to foreign fishing vessels in Gulf of St. Lawrence waters may develop locally, if the province goes in to the building of steel trailers.

This is a strong possibility, in view of recent action by federal authorities in amending the ship construction assistance regulations to permit paying a 50 per cent subsidy on construction of new trailers, without the necessity of withdrawing an older vessel from service.

The withdrawal clause had prevented this province from entering the race with larger steel trailers, as it had none in the industry to withdraw. For more than a year, local provincial fisheries authorities had waged a battle against the clause.

P.E.I. TREASURER IS MEMBER OF 'OGOPOGO'

Hon. M. J. McQuaid, provincial treasurer of Prince Edward Island receives the title of "Klona's newest award," "The Most Excellent Order of the Ogoogo" at the recent meeting.

He urged that in any future revision church scholars "should dig down deeper for the opinion of fellows like me who often don't understand the language." Synod ratification came on the eve of St. Bartholomew's Day, 300th anniversary of the Standard Prayer Book's publication. The book in general use now is a 1910 revision of the 1952 version.

The present revision, bringing some language and ideas up to date and reorganizing the layout for easier use by worshippers, also restores some liturgical vestments.

Some churches have been using the new book with special permission since 1959 and more than 400,000 copies have been published and sold.

Thursday's confirming vote followed just 35 minutes of sessions broken once by the synod's midday prayers. One note of dissent was sounded by a lay delegate, Dr. J.C. Flanagan of Montreal, although he voted his assent.

Flanagan told the assembly that laymen, who often have difficulty understanding the liturgy, did not have a big enough say in the revision.

"There should have been more paly-waly attitude," he said.

Output Of Butter Said Increasing

Butter production in this province is running approximately 10,000 pounds per month at the present time, according to H.A. MacDonald, provincial dairy superintendent. But production for the first seven months of this year is running behind last year's figures by 20 per cent.

The unusually good pasture-land of the low coast districts is the continued heavy rainfall—also responsible for the increased production at the present time, Mr. MacDonald said.

The P.E.I. production figures for July were 90,000 pounds, which is 27,000 pounds more than in 1961, but the figures for this year to the end of July are 3,147,000 pounds, which compares with the 3,373,000 pounds for the same period last year.

PRICE REDUCTION
Mr. MacDonald suggests that the 12-cent per pound cut in the price of butter will be a boon to the consumer.
