Mothers, Does the housework tire you? If so, ask yourself the reason why.

There is a means by which the WEARINESS and the DREAD can be removed?

Do the words of friends and the experience of others influence you? There is reason why they should. They are constituted as you are. Relief to them is relief to you.

The case of Mrs. Elizabeth Hamilton, of Milford, St. John, has many a parallel.

Consider it. This lady, whose portrait appears above these lines, suffered four years from that com-

mon complaint, Dyspepsia—accompanied, of course, by its train of ill-flattulency, constipation, nervousness, loss of appetite.

And she tried eight physicians during that time.

Last autumn she was induced to "experiment" with a popular local remedy—"Grodor Syrup."

Of this medicine she says: "It has helped me as nothing else ever did; it made my work lighter and easier because it regulated my stomach and GAVE ME NEW LIFE."

Does such evidence appeal to you? It should. There is health and healing in this remedy for Dyspepsia, Disordered stomachs are the direct cause of countless ills that kill.

The Telephone Company —OF— P. E. ISLAND.

Parties using the telephone would find talking much more satisfactory if they would observe the following rules:— 1st. Speak with the mouth about four inches from the transmitter. 2nd. Speak in a moderate tone of voice, too loud, and distinctly. 3rd. Place the telephone so as to cover the ear just as if you wished to shut out all the sounds. Do not press too hard on the ear.

It is possible to talk and be heard when standing back two or three feet from the transmitter. If you should load enough, but it is not a pleasant mode of conversation, is quite unnecessary, and it wastes a great deal of wind and lungs, besides being very annoying to all within range of your voice. ROBANSON, Manager.
