

Letters-cont'd from page 5

Our friends in New Brunswick are helping us to get linked up by letter on a one-to-one basis and they will forward any mail to me. Trust you will all have a blessed Christmas!

Respectfully yours,

Dear Editor,
I couldn't help respond to a letter in your Nov. 24 edition of the SUN, in which someone expressed a great deal of contempt over the fact that our hockey games were being broadcast over the U.P.E.I. radio station, C.I.M.N. I know what I'd like to tell this person, but I'm positive you wouldn't print it, nor would any respectable person like to read it.

I would however, like to take this opportunity to thank those people who make possible the broadcasting of our U.P.E.I. hockey games, and express hope that they will continue to do so in the future.

Also, congratulations Panthers on your two victories against U.N.B. last week-end. Keep up the good work.

Dear Editors and Staff,

In the beginning of the fall, I was quite disappointed at the communication barrier between the newspaper's coverage and the actual activities. I realize now, however, that I should have given the Sun a chance to get started. I enjoy reading the Sun now, and I find it quite informative. I just want to take this opportunity to show my appreciation for all the time and effort that goes into this newspaper. CIMN is also getting more of my preference. The Sun has developed into an asset for student involvement and I am proud to have the privilege of reading it.

Thank-you.

Dear Sir:

I have just had the opportunity of attending the general meet-

ing held in the Duffy Amphitheatre. I was disappointed by the small number of students who attended. However, I thought great enthusiasm was expressed.

Many topics were brought to the surface. These included the Landlord-Tenant Act, the Bookstore and Student Union Power. I thought that both sides brought out their argument well. I was however, disappointed

with the responses of the Student executive in reference to the power they hold.

I think that our Student Union is doing a good job and if we expect a better job than we must show our support. I think that more general meetings should be held, perhaps every week or two.

At each of these meetings a specific topic

should be brought forth and student reaction sought.

They're going to change the way you think about contraception.

Because our condoms are designed to do more than just prevent you from contributing to the population explosion. They're designed to add to your enjoyment. While all Searle Condoms are dry-lubricated for greater sensitivity and have a reservoir tip, each has its own special difference.

STIMULA® have multiple ribbing on the shaft... a feature designed for a man... with a woman in mind. Adds to the pleasure for both partners.

PRIME® combine traditional shape with economy.

CONTURE® are shaped. To fit you. Which means they feel better and stay put.

Whichever you choose, we believe they're going to change the way you think about contraception.

Today's Condom.

Available on display in drugstores or ask for them by name. In packs of 3's, 12's and the new 36's.
