ALBERTON RINK WINS TROPHY

An Alberton rink skipped by Hubert Campbell won the A. J. Matheson Drug Co. trophy in a mixed curling competition in Alberton rink, Saturday. Chester Hayes (right), is shown presenting the trophy to the victorious rink comprised of (left to right) Connie Profit, James Myrick, Margaret Perry and Hubert Campbell. First consolation prizes went to a rink skipped by Ed Turner of O'Leary. The Glen Murphy rink of Montague was runner-up.

Driving, Walking Are Hazardous

Yesterday's mild weather caused many motorists, especially truckers, some concern as noted that this is equal to five they found driving hazardous on melting ice.

Large transport trucks seemed to be the chief victims of the elements and at least three in Queens County alone needed assistance from two trucks.

A tractor trailer tipped onto its side between North River and Cornwall and a transport jack-knifed near Fredericton. A third truck reported trouble near Hampton.

Several cars were also in the ditch and many persons experienced engine failures after splashing through large puddles. Pedestrians also found sidewalks slippery and many risked splashing by passing traffic to find better footing on pavement.

A little over half an inch of rain fell and the duty forecaster at the Charlottetown radio range inches of snow.

Winds were high all day, averaging about 26 m.p.h. and gusting to 52. Before daybreak yesterday winds had caused heavy drifting on many highways and several vehicles became stuck as the snow which fell last week-end became heavier under risking temperatures.

Snow plows were called out to clear the roads at the bad spots, but several highways were not completely passable until the afternoon.

Temperatures climbed steadily all day yesterday and finally reached a high of 35 degrees at 3 p.m. Overcast skies, rain and light winds are forecast for today.

Second Accused Will Stand Trial

SUMMERSIDE BUREAU OF THE GUARDIAN

On a charge of breaking and entering MacLeod's Lucky Dollar store at Albany on Dec. 30, Richard Douglas "Nanette" Aitken, Summerside, was committed for trial at the next session of the Supreme Court, by Magistrate W. Chester S. MacDonald in Prince County magistrate's court yesterday.

Crown Prosecutor George McMahon said he was calling only two witnesses in the preliminary hearing of the Aitken case with the understanding that the defendant's counsel, Melville Campbell, would permit at least nine other witnesses to be heard in the Supreme Court trial.

Cpl. W.J.R Macdonald, Borden detachment RCMP, gave evidence concerning his investigation of the break.

Ralph Sonier was committed for trial before judge and jury in a preliminary hearing last week. Francis Joseph Arsenault was sentenced to three years in Dorchester Penitentiary following a guilty plea on a similar charge and Wayne Clow was given two years on the same charge.

Boyd Bernard, Tignish, was fined $50 and costs for driving a vehicle while his license was suspended.

Wendell Grady, Summerside, charged with possession of a stolen bicycle in Mt. Carmel in Dec. 1963, had his sentence further deferred to Jan. 30. He is represented by Melville Campbell.

Joseph Clark, Junior Legionaires hockey club manager, spoke on behalf of Grady, saying "the change in this young man has been remarkable" since he has been with the Summerside team in December.

DEATH NOTICES

(Received too late for Classified Death Notice column).

WRIGHT — At the Prince County Hospital annex, Jan. 21, 1964, Olga Maude, wife of Herbert K. Wright, 332 Chestnut Street, Summerside. Interment in the Catholic cemetery.

ISLAND NEWS PAGE

Alberton UC Congregation Hears Reports On Activities

ALBERTON — The annual meeting of Alberton United Church congregation was opened with worship led by the minister, Rev. David MacDonald.

Roy Leard was appointed secretary of the meeting.

The session report was given by Mrs. A.C. Green The Sunday School report was read by Mrs. Charles Johnston and that of the United Church Women by Mrs. Graham Bennett.

A verbal report of the Young People's Union was given by the minister. Activities during the year included decorating the church at Christmas time. Some of the members attended YP conferences at Hunter River and at Tatamagouche.

Walter Wells reported for the Stewards and Mrs. Francis Crane gave the financial statement. Perley Hardy reported for the joint cemetery committee and Henry Wallace for the hall building committee.

The outstanding event in the life of the congregation during the year was the completion and dedication of the new church hall which provides adequate facilities for Christian education and for other activities in connection with the life and work of the congregation.

Trustees elected are Victor Campbell and Arthur Wilkie. Walter Wells, Roy Leard and Perley Hardy were re-elected to the committee of stewards for another three-year term.

Other stewards, whose terms are not completed are Wesley Hardy, Charles Gordon. Mrs. Graham Bennett. Albert Clarke, J.R. Bonyman. Gordon Warren and Mrs. E.F. Crane.

Mrs. Green, Mrs. Reginald Travers and Wendell Weeks were named to the joint cemetery committee.

On behalf of the congregation Mrs. C.H. Johnston expressed thanks to the minister, appreciation to the organist, choir director and choir, the committee of stewards and all others who had rendered particular service during the year.

At a brief meeting of the committee of stewards. Walter Wells was named chairman for 1964, Roy Leard was named secretary and Mrs. E.F. Crane was named treasurer.

GIRL 'SEES' WITH FINGERS

LONDON (Reuters) — Russian scientists say they have proved a 23 - year - old girl, Roza Kuleshova, can see with her fingertips, the Soviet news agency Tass reported today.

A Soviet oculist, Prof. Efim Rabkin, told Tass that under scientific test conditions and blind-folded, the girl correctly identified different colors in a spectro - anomaloscope by applying her fingertips to the eyepiece.

The spectro - anomaloscope can show colors of the spectrum from red to violet. A normal person can only see these colors in the instrument when pressing the eye to the small eyepiece.

The professor said the phenomena of seeing through the fingertips, though now established, remained a mystery. However he believed the skin of Miss Kuleshova's palms and fingertips might contain light - sensitive elements in which light radiation induced photochemical processes.

FEED GRAIN

(Continued from page 1)

contribution was warmly praised as the president suggested further study to broaden the credit principle in the light of ever increasing needs created by increasing farm mechanization.

Loan limits are inadequate under present conditions. Adequate provision is needed for transferring farms on the death or retirement of present owners; and operating or intermediate credit needs are not being adequately met by the Farm Improvement Loan Program, or the present banking system, Mr. Bentley said.

Delegates from across the country were welcomed to the city and province yesterday morning by Mayor A. Walther Gaudet and Premier Walter R. Shaw.

STABILIZATION

(Continued from page 1)

sider a national marketing act now, the preamble stated but the CFA group decided more study is needed.

The meeting moved unanimously to back a request that the feed grain freight assistance be continued and "be recognized as an instrument of national policy."

The meeting urged a speedup in the program to control brucellosis and tuberculosis programs, a problem that does not exist here in Prince Edward Island which is a disease-free area. They asked that a maximum of $100 be paid for trade and $200 for purebred cattle that have to be slaughtered because of either disease.

They asked strict supervision of livestock sales in movements to market to guard against disease.

CLAIMS PERENNIAL WHEAT

LONDON (Reuters) — Soviet botanist Nikolai Tsitsin has claimed that Russia has developed a new kind of "perennial wheat" that resists winter weather, the Soviet news agency Tass reported.

12-MILE LIMIT

(Continued from page 1)

ing large percentages of older and larger fish," Mr. Rossiter said. "It might be properly asserted that even less knowledge exists as to the extent of the vast resources of the pelagic fishery."

The P.E.I. minister said the second day of the conference had been a highly interesting one and the subjects under discussion were all of special interest to the Island. He said he and his deputy Eugene Gorman, had been active throughout the discussions in presenting the Island's views.

BATHURST BRIDE KILLED

METZ, France (Reuters) — Mrs. Patricia Maltais of Bathurst, N.B., who was married three weeks ago, died in a Metz hospital early Tuesday of injuries received when her car skidded off an icy road near here Monday night. Mrs. Maltais, 28, whose maiden name was Hogan, married an airman at the RCAF base at Chateau de Mercy near Metz.

Montague Scottish Concert Set

MONTAGUE — St. Andrew's Presbyterian Church choir Montague, has decided to hold its annual Scottish concert, Wednesday, Jan. 29 in the high school auditorium.

This event has been held annually for over 50 years, initiated by the former resident minister of St. Andrews, Rev. David Wright, a native of Scotland and directed by the late John P. Beer, who carried it on for many years.

The last few years it has been under the direction of Malcolm Munroe, choir president.

This year's concert promises to live up to its usual high standard, with bagpiping, highland and step-dancing, Scottish and Gaelic song.

S'side Electric May Cut Rates

SUMMERSIDE — Following the presentation Monday night of the electric department report, Coun. George Key, Jr., said that within a week or 10 days it is possible that the electric committee may recommend something to council that will be "easy to take."

Coun. Key, who is chairman of the committee, said that it is felt the department is in a good position to lower or adjust the rates to electric consumers. These rates "would beneficially affect our electric utility users" he said.

WEATHER

HALIFAX (CP) — The weather office says rain continued sporadically over most of the Maritimes late Tuesday but snow was falling over northern New Brunswick. and Sydney reported five hours of freezing rain before changing to rain.

The disturbance causing this weather lay about 250 miles south of Halifax, and was moving east. Except for snow flurries in northern New Brunswick and a few showers and drizzle over the rest of the district, the precipitation should end in all regions about dawn. Skies should clear over the Western Maritimes this afternoon and over the eastern part of the district in the evening. Temperatures in all regions will remain mild for this time of year.

Regional forecasts:

Northern Nova Scotia, Eastern Shore, Prince Edward Island: Overcast, clearing by evening; rain and fog patches ending late in the morning; extremely mild; northeasterly winds 20 diminishing by evening to light. Low-high at New Glasgow and Goshen 36 and 38, Charlottetown 33 and 36.

High tide today at Charlottetown 3:43 a.m. and 4:09 p.m. At Rustico at 11:48 a.m. and 11:36 p.m. Summerside tide eighteen minutes later than Charlottetown. Sun rises today at 7:17 and sets at 5:06.

ALBERTON JUNIORS PRESENT CHEQUE

Owen Oliver, president of Alberton District Regional High School Junior Red Cross, is shown above making the presentation of a substantial sum of money to R. D. McKinnon, president of Alberton branch of the Retarded Children's Association. On the left is Vaunda Ashley, secretary-treasurer of the Junior Red Cross. The money was raised by the sale of Christmas Cards. Mr. McKinnon expressed appreciation to the juniors for taking on the project and making it a successful one.

Gov't To Study Pension Plan

"A thorough study of the details and implications to the people of Prince Edward Island of the proposed Canada Pension Plan is being considered by the provincial government," Premier Walter R Shaw said yesterday.

He said the plan will have to be investigated in the light of what the province can afford to do. "It must be remembered," he said, "that we have a tremendously high percentage of self-employed people, particularly farmers and fishermen, and we don't know how the plan will affect them."

QUITE DRASTIC

Premier Shaw said the study here will be carried out under Hon. Henry Wedge, minister of welfare and labor. According to the premier "we inquired at length before about the plan, but now the Prime Minister has announced changes that are quite drastic as compared to the original plan of Health Minister LaMarsh."

The premier said the plan, as outlined, "may not tell the whole story of the implications for the people of this province and it may be necessary for my government to confer with Ottawa officials."

In conclusion, the premier said "after our study and further talks with federal officials, it may be found that this province cannot afford to participate in the pension plan. If we can't afford it, that's it."

PRODUCE

MONTREAL (CP) — Agriculture department quotations:

Eggs: Wholesale dealer prices to country stations, wooden cartons: Extra-large 44; large 40-41; medium 35-36; small 30; B 34 and C 27.
