HANDIEST, HEFTIEST TRUCKS ON ANY ROAD... GMC EXTRA-VALUE MONEY-MAKERS FOR '58

They're here... and how! A brand-new crop of GMC Extra-Value Money-Makers with a raft of rugged improvements that make them really big news in trucking. Some models offer a new 9000-pound front axle for even bigger loading performance... there's a bigger-than-ever range of GVW's

—up to 36,000 pounds... there are new engines, new styling, new handling ease. In fact, there's a whole host of new reasons why you should make GMC your way to bigger profits. Your nearby GMC dealer has all the answers to your trucking problems. See him—soon!

Smart new functional styling

Dual headlights, new trim and new grille are just the beginning of GMC's smart, practical new styling. The windshield is bigger and wider gives you an all round better view of the road ahead. Wide, wide fenders help the driver in turning and parking. And even in the smaller details, GMC styling surpasses them all.

GVW's up to 36,000 pounds

Group weight uplifts go to new highs to give GMC a commanding lead in the heavy-duty field. Up to 36,000 pounds GVW is now available in W91000 Series... ruggedly built trucks that can really take a pounding from both the load and the road. Check body styles and features at your GMC dealer's.

New Workmaster "348" V8

This new V8 is a revolution in truck engines... a power plant that develops 210 horsepower and has a governed engine speed of only 3700 rpm. The engine works easily, without straining, gives you plenty of power with less wear and tear. New cylinder head and piston designs also help to increase engine efficiency.

Improved Powermatic

Powermatic was last year's big news in transmissions... an automatic unit that brought new ease and convenience to truck handling. And, in addition, Powermatic's exclusive Hydraulic Retarder made it safer on hills than any other. Now, Powermatic goes itself one better with the addition of an extra range for city conditions.

Full Air Brakes

Extra-large brake shoes mean better, safer, surer stops, especially when they're powered by GMC's new full-time compressed air chambers. Even bigger loads are handled easily and safely under emergency conditions. GMC's Full Air Brakes are optional at slight extra cost on all Heavy Duty models.
