

RAILROAD.....

KIDNEY

A Disease Peculiar to Railroad Men, which is readily Cured by

Dr. Chase's Kidney-Liver Pills.

Did it ever occur to you that most railroad men die of kidney disease?

Such is the fact, however, and the disease is known among railroaders as "railroad kidney."

The first and most marked symptom is a weak, lame and aching back. You may think at first that you are only tired; but as this trouble increases day by day, kidney disease, with all its terrors, is fast claiming you as a victim.

Mr. Geo. Cummings, for over 20 years engineer on the Grand Trunk running between Toronto and Allandale, says: "The constant duty with my work gave me excessive pains in my back, racking my kidneys. I tried several remedies until I was recommended by my friend, Mr. Dave Conley, to try Dr. Chase's Kidney-Liver Pills. Two boxes have completely cured me and I feel to-day a better man than ever. I recommend them to all my friends."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25c. a box, at all dealers, or Edmanson, Bates & Co., Toronto.

In Chancery In The Rolls Court

DAVID P. IRVING & others, Complainants and MARGARET IRVING & others, Defendants

In pursuance of an order of this Honourable Court, made herein, on the 28th day of March, A. D. 1899, notice is hereby given that all persons having claims against the estate of George Irving, late of Orwell Cove, Lot or Township number 57, in Queen's County, deceased, intestate are required to come in and prove the same before me at the Prothonotary's office, in the Law Courts Building, in Charlottetown, on or before Monday, the twenty-second day of May next, A. D. 1899, and all persons neglecting to come in and prove their said debts and claims by that time are to be excluded from the benefit of said order.

Dated this 29th day of March, A. D. 1899.

CURING ROOMS IN QUEBEC.

Means Adopted For Their Improvement by the Local Government (From Farming.)

In our issue of March 7th last, we pointed out that the Quebec Government had made arrangements to make a grant of \$50 to every cheese factory that would put in a sub-earth duct to regulate the temperature in the curing-room. In a bulletin recently issued by the Quebec Department of Agriculture a copy of which came to hand last week, the same Government is offering premiums ranging from \$100 to \$200, according to the size of the curing-room, to cheese factories making certain improvements and complying with the conditions laid down by the Department. In order to induce the building of larger curing-rooms and better ventilated buildings no premium will be granted to any new factory to be erected that has a less curing-room floor space than 700 square feet. In old buildings the premium will be \$100 where there is a floor space from 400 to 700 square feet. For new and old buildings, of from 700 to 1,000 square feet of space the premium is \$150, and for curing-room space over 1,000 square feet it is \$200.

The condition laid down for obtaining these premiums provide a great improvement in the construction, ventilation and regulation of the temperature in the curing-rooms now existing and the ones to be built, and if by this plan a large proportion of the factories comply with these conditions there must result a marked advance in the quality of the cheese made in Quebec from improved curing facilities. The conditions are summarized under four headings, as follows: Those relating to the construction of the factory and to that of the curing-room in particular; those relating to the ventilation of these rooms, to their cooling in summer and their warming in spring and fall; those which concern the general laying out of the factory; and those relating to the manufacturing and to other questions.

The principal point emphasized in the first of these conditions is the location and size of the curing-room, which should be on ground floor. The outside walls should have a double lining of boards and two layers of felt or building paper. Over the double inner lining of rough boards, one layer of felt paper should be first applied, and, on the paper, strips two inches wide and one inch thick should be nailed. On this is nailed another thickness of lumber, then two layers of paper breaking joints, and last, a double thickness of planed tongued and grooved boards. This mode of construction will be required as well in the case of the inner walls separating the curing from the working and other rooms in the factory as well as in that of the outer walls. Special instructions are given regarding the ceiling and floor, the latter of which must be waterproof. In the construction of the curing-room no strong-smelling wood should be used.

In regard to ventilation, cooling, heating, etc., every curing-room must have a special ventilator, a description of which is given. Each room must be provided with a cooling apparatus. The plans advised are the placing at one or several points of the room, cylinders of galvanized iron which are filled with ice or a mixture of ice and salt, or the placing of these cylinders at the bottom of the ventilator shaft. Detailed description of these plans are given. In heating, if a stove is used a screen should be provided around it for distributing the heat. Where practicable it is recommended to heat the room by steam pipes fed from the boiler. For increasing the degree of

Sunlight and Lifebuoy Soaps

at 5 cents per twin bar, is like buying silk at the price of cotton.

TENDERS.

Sealed Tenders will be received by the undersigned till the 1st of June, from parties willing to contract for the construction of foundation of the proposed church at Kinkora, according to plans and specifications to be seen at the Parochial Residence at Kinkora. Envelope to be marked "Tender."

The lowest or any Tender not necessarily accepted.
J. J. McDONALD, P. P.
Kinkora, May 8th 1899

humidity there should be a steam pipe in the curing room, the end of which should be flush with the inside surface of the wall and have a small valve. In dry weather this valve should be slightly opened so as to diffuse the necessary humidity.

The conditions imposed in the construction of the factory necessitate building on high land where the drainage is good and the drainage of the factory perfect, so that all drainage waters can be carried off in an underground drain with a sufficient slope to prevent their stagnation, and altogether the plant should be sufficiently good to permit of the manufacture of first-class cheese.

In regard to the manufacture and other points to obtain a subsidy it is necessary: (1) That the factory should if possible belong to a syndicate if there be one in the region where it is situated. If there be none, the person in charge of the factory shall submit to its being inspected whenever the Government requires; (2) It shall bind itself not to ship any cheese which has been less than a fortnight in the curing-room; (3) The manufacturer shall bind himself to wash out the whey vat every day; (4) He shall keep a record of the temperature on blank forms to be supplied him by the Department of Agriculture; (5) The water used shall be as pure as possible.

"Example is Better Than Precept."

It is not what we say, but what Hood's Sarsaparilla does, that tells the story. Thousands of testimonials are examples of what Hood's has done for others, and what it will do for you.

Dyspepsia - "I was weak and had fainting spells. Dyspepsia and indigestion in severe form troubled me. Five bottles of Hood's Sarsaparilla made me well and strong." Mrs. WILLIAM VANVALKENBURG, Whitby, Ont.

A Good Medicine - "We have taken Hood's Sarsaparilla in our family as a spring medicine and used Hood's Pills for biliousness and found both medicines very effective. For impure blood we know Hood's Sarsaparilla is a good medicine." R. S. PELTON, publisher Bee, Atwood, Ont.

Hood's Sarsaparilla
Never Disappoints
Hood's Pills cure liver ills; the non-irritating and only cathartic to take with Hood's Sarsaparilla.

Election of a Commissioner of Sewers & Water Supply

In pursuance of an Act of the General Assembly of this Island, made and passed in the 61st year of the reign of Her present Majesty Queen Victoria, intitled "The Charlottetown Sewerage Act," and the Act of 62d Vic Cap 4, entitled "An Act to amend the Charlottetown Sewerage Act."

I do hereby give Public Notice that an Election for a Commissioner of Sewers and Water Supply for the City of Charlottetown, in the place of Hon David Laird, resigned, will be held on

Thursday, the 18th day of May, A. D. 1899,

at the several places, that is to say:
In Ward No. 1, at or near the office of Mr John MacEachern, Queen Street.
In Ward No. 2, at or near the house of Thomas Connolly, opposite Mr. R. Heartz's Warehouse, Sidney St., between Great George and Prince Streets.
In Ward No. 3, at or near the Market House.
In Ward No. 4, at or near the City Hall corner of Kent and Queen Streets.
In Ward No. 5, at or near the carriage shop of Phillip Large & Son, Great George Street.
And at the said Election the Poll will be opened at nine o'clock in the forenoon, and continue open until five o'clock in the afternoon of the same day.

DESCRIPTION OF WARDS.

Number One shall comprise all that part of Charlottetown which lies south of Dorchester Street, and the parcel of land formerly known as the Military Barrack Ground.

Number Two shall comprise all that part of Charlottetown which lies south of Richmond Street and north of Richmond Street.

Number Three shall comprise all that part of Charlottetown which lies south of Fitzroy Street and north of Fitzroy Street.

Number Four shall comprise all that part of Charlottetown which lies north of Fitzroy Street, including the Common of the said Town.

NOMINATION DAY.

THURSDAY, May 11th, A. D. 1899, from the time of Twelve at noon until the hour of Four o'clock in the afternoon of the same day.

For qualification of Electors, see Act 61, Victoria, intitled "Charlottetown Sewerage Act," also 5 Victoria, Cap. 12.

WOODSTOCK WONDER.

A Crippled Rheumatic Restored by Dodd's Kidney Pills.

Woodstock, Ont., May 22.—Never, in the social history of this town since the British trial, has such great interest been shown as the "Cutmore Case" has caused.

Mr. C. J. Cutmore, 91 Main Street, was crippled by Rheumatism and Lumbago during five years. He couldn't sit or stand, and had to be helped from his room.

To-day he is straight and strong; sound in every limb, thanks to Dodd's Kidney Pills. Other remedies were used, but did no good. Dodd's Kidney Pills cured him. Dodd's Kidney Pills ALWAYS cure Rheumatism and Lumbago.

Ascension day, was the anniversary of the death of Mr. Gladstone, and a private memorial service was held in Hawarden parish church, Miss Helen Gladstone, daughter of the deceased statesman, presided over the service, who was unable to attend.

Dr. Chase Cures Catarrh after Operations Fail.

Toronto, March 16th, 1897.
My boy aged fourteen, has been a sufferer from Catarrh, and lately we submitted him to an operation at the Central Hospital. Since then we have resorted to Dr. Chase's Catarrh Cure, and one box of this medicine has made a prompt and complete cure.

H. G. FORL,
Foreman, Cowan Ave. Fire Hall.

H. M. S. Cre cent went into commission on Friday last as the flagship of the North America and West India stations.

Mihard's Liniment Lumberman's Friend

Build Up.

When the system is run down, a person becomes an easy prey to Consumption or Scrofula. Many valuable lives are saved by Scott's Emulsion as soon as a decline in health is obtained.

The statement from Manila that Admiral Dewey is in greater dread of the reception in store for him when he shall set foot on his native land than he was of his reception at Manila when he visited that port in the early morning of May 1, 1898, without asking permission of the commanders of the Spanish forts and fleets, is probably correct. The lion hunters, suvenir collectors, hero-worshippers, etc., are preparing for a vigorous campaign.

To all who find themselves with health gradually slipping away, Kidneys and Liver so disorganized that they are incapable of keeping the system free from poisonous waste material, Stomach Disordered, Bowels Constipated, Head Aching, Back Painful, take Dr. Chase's Kidney-Liver Pills. The quick way they help you back to health will surprise you.

The books of W. A. Weeks & Co. will be placed in the hands of their attorney for the collection of all unpaid accounts, on the fifteenth of May. Save expense by calling at our office and settling before that date.—W. A. WEEKS & Co.

Ask for Minard's and take no other.

Croup Quickly cured.
Mrs. J. Sims, Mt Pleasant, Vancouver, B. C. writes:—If there ever was a never-failing remedy for a disease, it is Griffiths' Menthol Liniment for croup. We have frequently administered it to our children, even the baby, and never knew of its failure to cure in a few minutes. No home should be without it. 25 cents at drug-gists.

Ladies, see our Dongola Shoes, regular \$1.00 quality, our price Saturday 75c—J B Macdonald & Co.

Chronic Eczema Cured.

One of the most chronic cases of Eczema ever cured is the case of Miss Gracie Ella Aiton, of Hartland, N. B. On a sworn statement Mr. Aiton says: I hereby certify that my daughter Gracie Ella was cured of Eczema of long standing by using four boxes of Dr. Chase's Ointment. William Thistle, Druggist, of Hartland also certifies that he sold four boxes of Dr. Chase's Ointment which cured Gracie Ella.

Minard's Liniment is used by Physicians.
