

Girl Revives After 10 Minutes In Pool

Walter Balaban, 27, left, ran 500 yards from his home in Galt, Ont., to a stagnant, condemned pool to rescue Helen Ciemba, 10, who had been under water 10 minutes. Balaban was attracted by shouts of Helen's playmate and arrived in fully clothed, pulled her out, and then applied artificial respiration.

In The World of Books

With Will R. Bird

CANADA'S CENTURY by D.M. LeBourdais; Methuen; 224 pages; \$4.00. The author was born in British Columbia and knows Canada through long experience as a journalist intensely interested in the growth of our young nation. He has written his story in easy style and it is one of considerable value for there are few today who are not wanting to know more about the extensive and northerly touched assets of Canada's arctic hinterland. Each decade sees a great increase in the speed of national progress and industrial achievement. This book is a honest-to-goodness survey of substantial items of natural wealth that in the past have been regarded as

probables used by orators when declaiming our national wealth. Such items are not guesses any longer. The things that were spoken of have become present-day projects, and prospects of expansion into other fields are becoming stronger every day. Some writers might have used confusing technical terms in such a book with such a scope but Mr. LeBourdais has stuck to plain writing. He takes his readers on a tour from Labrador to Behning Strait, and does not appear to miss a bet along the way. Everything that has any possibility whatever of contributing something to Canada's wealth, is given space. When one is finished reading it seems imperative that the trend of settlement in this country will be more and more to the northward.

One is almost bewildered by the amazing array of products that are dealt with—iron and coal and gas and lumber, pulp and paper, nickel, glass, etc., etc. Reindeer and special uses for Arctic mosses receive full mention. The story of possible hydro development in Labrador is staggering. It is hard to imagine a river of such descents and such location that it could provide seven million horsepower. The falls and the rapids sixteen miles descent are there, ready for any user. The next staggering item is the fact that there are over six million acres of the richest farming land in Canada between the Churchill and Saskatchewan rivers—and not a foot of it being used. Reason, no railway.

RED STORM OVER ASIA by Robert Payne; Macmillan's; 309 pages; \$5.00.

The introduction of this book is impressively written and mentions 'that the map of Asia today shows a vast thunder-cloud, from which a few drops of scalding rain are descending. There are drops in India and Pakistan, in Iran, in Burma and Malaya; there are large splashes in the Philippines and in Indo-China.' The author admits to prejudices 'very strong' and that they were concerned with 'the students, the peasants, and the soldiers, who between them constitute 90 per cent of the Asiatic population.'

The reader will feel that Mr. Payne has been quite honest in his statement, for it will be seen that he has not let his admitted prejudices run away with his story. Instead, he has produced a book that will read with great interest by all who are interested in Asiatic affairs, and that must include anyone who is at all interested in world affairs. Happenings in Asia during this decade will have a great deal to do with world events. If there be a question about some of his statements, I think one would have to deal with his assumption that Asia's millions hold to the same sentiments and desire the same change. One feels inclined to think that if this were true everything troublesome could be swept away, and the troublesome would include Communism and much else to the Westward.

Mr. Payne wants a relief plan for Asia as effective and broad in scope as the Marshall Plan for Europe and he wants the U.S.A. to admit immediately 'unprecedentedly large numbers of Asiatic apprentices and students.' Further than that, he advises aid to Communist forces if they differ from the Russian brand! This is a startling book, timely and strong, with an excellent review in the Communist triumph in China and very informative chapters about the Philippines and India and Burma. His statement that North and South Korea, the U.S.S.R. and the U.S.A. were equally to blame for the present war in Korea will heat many blood vessels. An excellent analysis of the situation in Asia as of today.

NEW GLASGOW W. I.

The July monthly meeting of New Glasgow Women's Institute was held at the home of Mrs. Earl Houston. Meeting opened by singing 'O Canada', followed by the Creed in unison.

Minutes of last meeting were read and approved. Roll call was responded to by fifteen members and two visitors with suggestions on 'cold drinks for hot days'.

Mrs. Harland Hill reported on Orphanage meeting. A report was given by the committee on music teachers. It was decided to hire Mr. Jones for another year. School committee reported toilet articles purchased for school, also prizes for children at the close of the term. Sick committee reported several calls made. New committees are as follows: School (for the month of September), Miss

ALL CADETS' all members of the No. 60 Charlottetown Squadron R. C. A. C. who wish to attend the Summer Camp at Greenwood, N. S., from August 6th to 15th, should report to the Air Cadet Orderly Room, Charlottetown Armouries, August 3rd, at 1900 hours.

CITY POLICE COURT—At the Stipendiary Magistrate's Court yesterday, a man charged with being drunk and disorderly was sentenced to 20 days in jail. Two young men appearing on a remanded charge of mischief were further remanded until today. The remanded charge of a drunk and incapable was dismissed.

IN MEMORIAM

In loving memory of our little daughter Judith MacIntyre who died August 2nd, 1945, and will always be remembered by Mummy, Daddy, Brother and Sisters.

In loving memory of our little son Donald MacIntyre who died May 8th, 1944, and will always be remembered by Mummy, Daddy, Brother and Sisters.

IN MEMORIAM

In loving memory of Mrs. Thomas MacPherson, Culloden, who passed away August 2nd, 1947.

God called our dearest treasure To that land of peace and rest, But she'll never be forgotten, By the ones who loved her best.

Fondly Remembered by Husband and Family.

Ann Stevenson and Mrs. Edwin Stevenson; Miss Harold Dickieson; Mrs. Elbert Hill; Miss M. E. Campbell and Mrs. R. L. Dickieson; program, Mrs. Harland Hill and Mrs. Chalmers Laird.

Delegates were appointed to attend the annual convention at Charlottetown. A very interesting paper prepared and read by Mrs. R. B. Dickieson was greatly enjoyed by all, also a demonstration on salad making by Mrs. R. L. Dickieson. Mrs. W. J. MacLeod to prepare paper on child welfare for next meeting. Next meeting to be held in the form of a picnic at Cavendish beach on Wednesday afternoon, Aug. 1st. Roll call to be responded to by 'My favorite girl's name'.

Mrs. Melvin MacLeod then put on a very interesting and educational collection. Collection amounted to \$138.

Meeting closed by singing the Island Hymn, followed by the National Anthem.

Mrs. W.C. MacLeod is visiting with her daughter, Mrs. Hollis Warren, Kensington.

Mrs. Vina Farrar, Applin Road, has received a letter from her son Gnr. Lloyd Farrar, announcing his safe arrival in Hiro, Japan.

ARMED FORCES NEWS

Royal Canadian Navy

OTTAWA — Canadian destroyers assigned to Korean war duty with the United Nations Fleet steamed a total of 207,893 nautical miles, the equivalent of nearly 240,000 land miles, from July 5, 1950, to March 31, 1951.

When on August 1 the destroyers complete a full year of participation in the Korean campaign, they will have added considerably to that total.

Five ships have contributed to the mileage figure — the Cayuga, Slou, Athabaskan, Nootka and Huron. These destroyers have been constantly maintained in Korean waters for the past year, with two additional ships serving as reserves.

The first three RCN ships to serve under the UN flag — the Cayuga, Slou and Athabaskan — sailed from Esquimalt, B.C., on July 5, 1950, and commenced operations on August 1.

HMCS Nootka left Halifax November 25 and relieved the Slou January 14. HMCS Huron sailed from Halifax January 22 and on March 15 replaced the Cayuga.

The Huron's total was compiled in the 68-day period between January 22 and March 31.

The Huron and HMCS Iroquois frequently operated together during 1943-44 operations. They saw service on the North Russian convoy route, and in the English Channel and the Bay of Biscay with the crack 10th Destroyer Flotilla. During a 274-day period (Oct. 1, 1943, to June 30, 1944) the Huron covered 37,899 miles and the Iroquois 30,799. In 270 days of the Korean war, the Cayuga steamed 52,052 miles and the Athabaskan 56,660.

Although conditions and circumstances surrounding naval operations in Korea are dissimilar to those of the Second World War, the Canadian destroyers with the UN fleet are spending a remarkably high percentage of their time at sea. Last winter, the Cayuga carried out a patrol which kept her at sea for 50 consecutive days; the Slou had a 43-day stretch and the Athabaskan was not far behind with 33 successive days at sea.

Three candidates very successfully completed Grade VIII work and received certificates: Patricia McCarthy, Rita McCarthy and Lila Connolly.

Senior certificates for writing were awarded to: Elva Trainor, Patricia McCarthy, Lila Connolly and Rita McCarthy.

Junior certificates were awarded to: Leo Malone, Joan Sinnott, Leo Malone, Jane Sinnott, James Trainor.

Prizes for class standing were awarded to: Grade IX, Elva Trainor; Grade VIII, Patricia McCarthy; Grade V, Leo Malone; Grade IV, Joan Sinnott; Grade III, Leonard Trainor; Grade I, Gerald Trainor.

Prizes for spelling in Grade VIII was awarded to Lila Connolly. Prize for social studies awarded to Rita McCarthy.

Prize for Sewing, Grade IV, James Trainor.

Prize for Arithmetic, Grade II, Kevin Phelan.

Prize for Arithmetic, Grade I, Thomas Trainor.

Prize for Reading, Grade I, Freda Deveaux.

Prize for Drawing, Leonard Deveaux.

Prize for attendance, 100%, Gerald Trainor.

All present were treated to ice-cream, cake and soft drinks donated by the teacher and members of the Women's Institute.

Mrs. Smith O'Brien moved a vote of thanks to the teacher and the singing of 'God Save the King' brought the pleasant afternoon to a close.

Meet POGO And Porkypink

THEY'LL BOTH be in the heart-warming new comic strip by Walt Kelly BEGINNING AUG. 6th. in The GUARDIAN

Barbara Brent's BUYS AND WHYS

MONTREAL, Aug. 2nd—Want to know how to save 25¢ on every cupful of pickling vinegar? This year, buy HEINZ WHITE VINEGAR in the big gallon jug... it's the very thirteenth buy at pickling time, I've found! And when you buy Heinz White Vinegar, you get not only economy but full-bodied flavour and uniform strength, as well. It preserves — to perfection! — the fresh taste, texture and colour of your fruits and vegetables. Of course it's no wonder Heinz White Vinegar is so excellent — for it's packed by the firm who made pickles famous! You know it's good because it's the free recipe booklet, 'Pickling Success' — simply write to me for it — Barbara Brent, 1411 Crescent St., Montreal, P.Q.

Trying to Plan Your Vacation so you'll avoid those certain 'do-ings' days of the month? Why bother, when by taking along TAMPAX sanitary protection you can count those days 'in'... and swim, sail or sun in complete comfort and confidence? You'll be able to wear form-fitting swim suits, fragile evening dresses without a bulge, belt or pin ruining the line. You'll avoid all risks of odour and chafing... be carefree and worry-free. That's because Tampax was designed by a doctor for internal use. Made of cotton — it's dainty and convenient to use. A whole month's supply will fit into your purse or wedge into a wee corner of your bag! Sold in three absorbencies at drug and notion counters.

You'll Point With Pride to sparkling, jewel-bright desserts you make with JELL-O. JELLY POWDERS. The family will waste no time in plunging in busy spoons to taste the fruit-fresh flavour of Jell-O. But aside from the wonderful tangy flavour and gorgeous appearance of desserts and salads made with Jell-O — you'll appreciate the ease with which you can prepare any of those seven 'locked-in' flavours. No wonder Jell-O's such a midsummer favourite! It's as thrifty a time-saver as you'll find anywhere. Keep several packages of Jell-O on hand this summer, and serve Jell-O desserts and salads often.

It Was A Blind Date... and Virginia wore a wedding dress! Yes, when Hugh Waters first met Virginia Blankenship, she was modelling a wedding gown. Hugh was charmed and he was dazzled by Virginia's lovely Woodbury complexion. More and more dates followed and finally the happy couple eloped. The lovely Mrs. Waters has never changed her skin care — skin-soothing WOODBURY FACIAL SOAP — the soap with the beauty-cream ingredient. Yes, the skin scientists who make Woodbury put a fabulous face-cream ingredient — a precious skin-softener used in the finest of face creams — into every cake! So taking a tip from a Woodbury beautiful bride — start Woodbury Facials today. (Woodbury's wonderful for beauty baths, too!)

Penicillin Is Working New Wonders, these days — in a tooth powder called DENTOCILLIN. And it can help save your family's teeth as never before possible. A result of 5 years' research, Dentocillin is the penicillin tooth powder that reduced tooth decay 55% in a 2-year test among hundreds of school children. This is 5 times the reduction reported for the excellent University of Illinois ammoniated formula. And those remarkable test results did not depend on a change in tooth-brushing habits! Over a million people have already been introduced to Dentocillin by their dentists. Start your family using it, today. Tastes wonderful. And really cleans teeth shining bright. 75¢ for 3 months' supply.

'Hay Fever Favourite' — That's the verdict of many druggists who have for years been recommending FACE-ELLE to their customers suffering from hay fever... And, after talking to actual hay fever victims, I can easily see why! They tell me it's the happy combination of extra softness and extra absorbency that makes the difference... a really gentle softness that's kind to tender, inflamed noses... an extra absorbency so essential on 'meazy' days. And here's a tip worth remembering: Face-ELLE makes the only big 3-ply non-size tissues sold at drug stores... or, if buying at your grocer, ask for Man-Size Gibson's. They're both good!

Even In August Heat You'll Have Happy Feet when you make a 'foot friend' of the new BLUE JAY Corn and Callus Plasters — with Phenylum! What's that? It's the greatest scientific discovery in years to people who suffer from corns and calluses. For it's effective in banishing these twin misfortunes... in 95% of the cases tested! It took ten years of scientific research by the Blue-Jay folks to perfect Phenylum — and now that they've put it in their corn and callus plasters I, for one, would like to give them a vote of thanks! Now corns are a thing of the past for me... Blue-Jay Corn Plasters with Phenylum have ended my troubles!
