We ask you to consider carefully the reading of the following Regulations made under the Workmen's Compensation Act and approved by the Lieutenant-Governor-in-Council, December 20th, 1949.

SAFETY AND FIRST AID Regulation 7

An employer who disregards the recommendations of the Safety Officer or other person authorized by the Board (Section 7L subsection 1) to make such inspection of the ways, works, machinery and appliances for the safety of the workmen under his employ, shall be liable to have his rate raised according to his hazard or hazards and if the hazard or hazards so continue after this inspection, the employer shall be restrained from carrying on operations until such hazard or hazards are removed to the Board's satisfaction.

Sec. 2. Every employer shall likewise comply with the First Aid requirements for his workmen as required by the Board to be kept on his premises, factory, sawmill, or other place of employment and these appliances shall at all times be in easy access to the workmen. (Section 18, sub-section 9.)

Our inspectors will visit you from time to time and will make any reasonable recommendations for your action with respect to installing where necessary, such safeguards and measures that will prevent possible injury or death to your workmen.
