

The Way it is Said.

The Sultan awoke with a stifled scream; His nerves were shocked by a fearful dream. An omen of terrible import and doubt— His teeth in one moment all fell out.

DIRECTIONS TO VOTERS.

THE following is the form of ballot to be used in the election for Queen's County:— Election for the Electoral District of Queen's County District, August 19th, 1884.

JENKINS, I. John Theophilus, Charlottetown, County of Queen's, Physician and Surgeon. X

WELSH, II. William, Charlottetown, County of Queen's, Merchant.

HOW TO MARK THE BALLOTS.

Be sure to mark your ballot for the Liberal Conservative Candidate

"The elector, on receiving the ballot-paper, shall forthwith proceed into one of the compartments of the polling station, and there mark his ballot paper, making a cross with a pencil on any part of the ballot-paper within the division containing the name of the candidate for whom he intends to vote, and shall then fold up such ballot-paper, so that the initials on the back can be seen without opening it, and hand it to the Deputy Returning Officer, who shall, without unfolding it, ascertain, by examining the initials, and the number upon the counterfoil, that it is the same he furnished to the elector, and shall first detach and destroy the counterfoil, and shall then immediately, and in the presence of the elector, place the ballot-paper in the ballot-box.—Ballot Act, Sec 45.

No voters should make any mark on the ballot-paper save one cross on any part of the ballot paper within the division containing the candidate's name for whom he intends to vote. If the voter writes his name or initials, or any remarks, he makes his ballot useless.

A simple cross upon the ballot for your candidate will assist in electing him. Any other mark or writing will contribute to their defeat.

- 1. Poll opens at nine o'clock a. m., and closes at five o'clock p. m.
2. Vote early.
3. See that your Liberal Conservative neighbor votes early also.
4. If you have a vehicle, place it at the service of your Committee to bring tardy voters to the polls. Give the information to the Secretary of Committee.
5. Do not "pair" on polling day with your Grit neighbor. Poll your own vote and let him look out for his.
6. Poll every possible vote; the loss or gain of a single vote in each sub-division may make all the difference between victory and defeat.
7. If your returning officers and deputy returning officers are Grits watch them.
8. Each Liberal-Conservative should vote as though the result of the election depended upon his individual exertions.
9. Remember that any bribery, corrupt treating, hiring of vehicles, paying of voters expenses, or any undue influence, will not only void the election, but is punishable by law.
10. Electors can only vote at one polling sub-division in the same electoral division, no matter in how many sub-divisions they may have votes.
11. Any elector's vote may be challenged who has received anything on account of his vote, or has been promised anything directly or indirectly, either to induce him to vote at the election or for loss of time, travelling expenses, hire of teams, or any other service connected therewith; or even if the said elector has directly or indirectly paid or promised anything to any person, either to induce him to vote or to refrain from voting at the election.
12. An elector having more votes than one in the same electoral district should vote in that electoral sub-division in which he resides. Attention to this rule will facilitate the polling, and possibly contribute to the individual elector's comfort.

Question—What good can be promoted or gained by electing an Independent: Grit at this juncture.

A Statesman to be Proud of.

Few public men can claim the distinction of the pure patriot and a disinterestedness above suspicion that is freely accorded to Franz Deak. Calm, passionless, clear-sighted and wise as the ancient sages, no one could have been better fitted to lead the councils and moderate the passion of the fiery, impetuous Hungarians.

So great was the authority of his voice and glance that few could resist it. On one occasion, when robbers attacked the house, of his brother-in-law, where he was staying, his calm dignity and persuasive eloquence so wrought upon the rough savages that they spared his brother's life, and even restored his own watch which they had taken from him.

Though he was of noble birth, he preferred to be known as a noble citizen. He would never accept the smallest present as a reward for his services. Neither decorations nor estates had the slightest allurements for him. When it was once a question of the bestowal upon him of some gift by the king on the occasion of the coronation, "His Majesty will probably survive me," said Deak; "then, when I die, let him say over my grave that Franz Deak was an honest man. That is the reward for which I ask." And when he did die he had a whole nation of mourners. J. W. Davis, in the Manhattan for September.

"We have told them, (the Americans) unmistakably, that WE ARE READY at any time to renew the Reciprocity Treaty of 1854"—SIR JOHN A. McDONALD.

A Model Hungarian Gipsy.

Johai tells a story of a gipsy which illustrates the happy freedom from all the ordinary restraints of civilization which characterizes the race. The gipsy was the happy father of a flourishing progeny of twelve children, one of whom a hunter happened to shoot one day, mistaking it for his more lawful prey. To console the unhappy father, the repentant hunter gave him a compensation in money, which he considered approaching adequacy from his own point of view, but which seemed so magnificent to the gipsy father, that he ventured to suggest that if his benefactor should think of hunting again, he still had eleven children who might be turned to account by a similar advantageous mistake.—J. W. Davis in the Manhattan for September.

The question is whether in the event of future negotiation, the imposition of a tax on grain would operate in our favor. Fancy a Commissioner delegated by this Government, and sanctioned by the British Government, sent to Washington to negotiate a treaty of Reciprocity. The question might be asked what he desired, he replies: "I wish to have a free market in the United States for the products of our forest, fields and mines." Then the United States Commissioner might ask: "and what will you give us in return?" Our representative replies: "The free use of our markets for similar products of our country." The astute American would naturally say: "We have that already. I do not see that you offer us anything." We must remember we should have something to offer when we attempt to open up new the Reciprocity Treaty.—WILLIAM PATERSON, M. P.
