Navigation Courses Set for Vocational Institute

Two navigation courses will be held, beginning in January. One course, among the over 50 courses being offered by the institute, will start Jan. 4.

The first course will be a 12-week Advanced Navigation Course. The second course will be a 12-week Basic Navigation Course.

The courses are provided by the Navigation Department of the Provincial Vocational Institute, which is located at the federal department of labor.

The decision to hold the courses again gave the institute a boost in the success of the courses last year. In 1964 there were 22 students who successfully completed the Fisheries Course.

The three who received certificates were: H. Hancock, R. Palmer of Charlottetown, and J. MacNeil of St. John's.

By discussion with Captain J. B. Palmer of Charlottetown, Inspector in Charge, Navigation, it was decided that all three students would be given a thorough grounding in the application and requirements of the Merchant Shipping Act.
