The gasoline you're using now is good. You wouldn't be putting it in your car otherwise.

Maybe it's really good gasoline. But is it great? We have what we at White Rose, consider to be a great premium gasoline. We think you should try it. (That's one way of finding out what your own gasoline really is like).

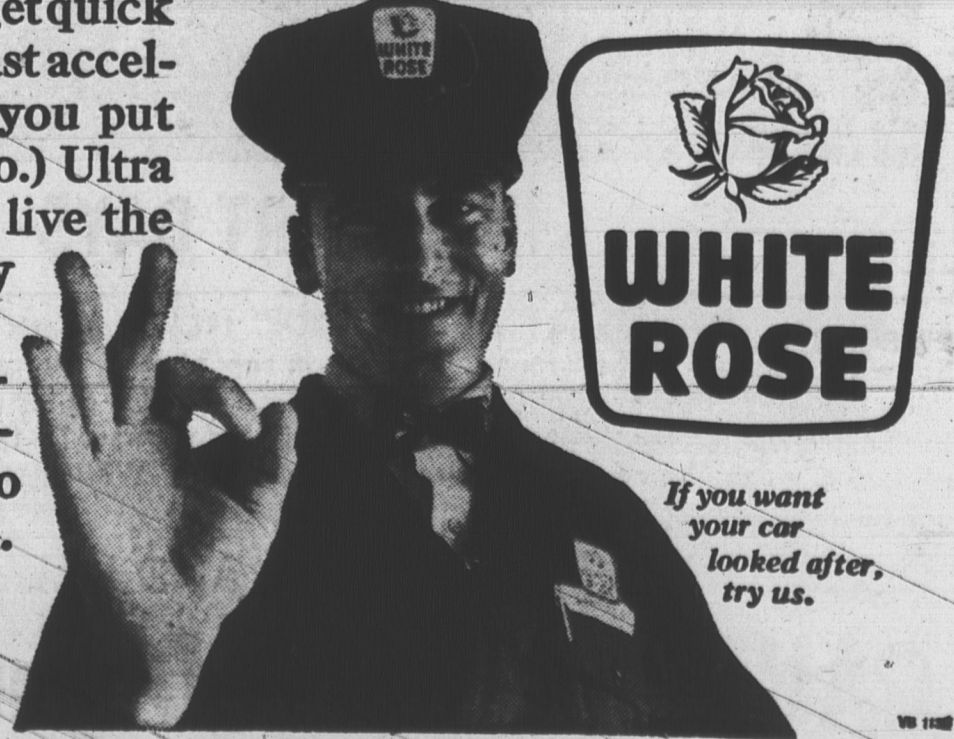

It's called Ultra. White Rose Ultra. And here's what makes it so great.

It's constantly changing. We do that so you get the right gasoline for winter, the right one for

summer, the right one for every season no matter where you drive in Canada.

More. You get easy starts in any weather (hot sticky summer; cold damp winter). You get quick warmup. And smooth, fast acceleration. (The moment you put your foot down, you go.) Ultra helps your spark plugs live the long, reliable life they were designed to live. Ultra helps your fuel system stay clean. Our summer grade is blended to eliminate vapour lock.

And, in winter, Ultra contains special additives to reduce stalls. Enough? Not quite. You haven't tried it yet. Try it. And become a part of the great gasoline story.

White Rose Ultra: The great gasoline
