ESKIMO SEA CADETS HAVE PROUD MOMENT

Members of the only Navy League Cadet Corps of its kind, these Eskimo boys are from the Arctic village of Povungnituk on the Eastern shore of Hudson Bay. They stand proudly at attention on the quarterdeck of the Royal Canadian Navy frigate, HMCS Cap de la Madeleine, which, along with HMCS La Hulloise, made a special trip to the nearest anchorage to Povungnituk to visit the boys. NEW YORK

NEW YORK (AP)—Discouraged traders gave up hope of an immediate rally and the stock market took another fairly severe setback Monday in heavy trading.

The decline was somewhat worse than Friday's. On that day the near-term trend of the market appeared to signal a further drop, since the Dow Jones industrial average had fallen below the important 600 level.

Prior to Friday, the market had done a kind of balancing act as Wall Street wondered which way the next sharp move would be. Friday provided the answer.

The decline was about only one - quarter as steep as the May 28, "black Monday" collapse.

The Dow Jones industrial average dropped 8.87 to 582.91. On "black Monday" it dropped 34.95.

The Associated Press average of 60 stocks fell 3.2 to 216.7. The AP average fell 13.4 on May 28.

VOLUME ROSE

An estimated $4,600,000,000 was clipped from the quoted value of stocks listed on the New York Stock Exchange, based on the fall in the AP average.

Some additional stress was given the retreat by the fact that volume rose to 5,000,000 shares from 4,280,000 Friday.

All the motor stocks fell. General Motors dropped 1, Ford ⅝, Studebaker ⅛.

Hudson Bay Mining lost ⅞ among Canadian issues. Down ⅝ were International Nickel and Granby Mining. Walker - Gooderham and Distillers Seagrams were ¾ lower. McIntyre Porcupine, Aluminium Ltd. and Canadian Pacific declined ¼.

Prices were lower on the American Stock Exchange. Scurry Rainbow Oil and Shawinigan fell ¼ and Brazilian Traction ⅛. But Preston mines and Canadian Marconi were up ⅛ at the end.

Closing sales: Industrials 193,700; minees and oils 566,000.

TORONTO

TORONTO (CP) — The stock market took its most severe pounding in three months Monday as hefty losses pitted all sections of the industrial board.

The main list fell more than six points on index — biggest drop since late June — while base metals declined more than two points and western oils slipped one.

Key losers among industrials included Imperial Oil, Walker-Gooderham Interprovincial Pipe Line, Imperial Oil and Distillers Seagrams, all of which fell a point or better.

Gatineau Power and Shawinigan continued to reflect disappointment over possible government takeover, slipping ⅛ and ⅜ respectively. Gatineau earlier dropped to its lowest price of 1962, but revived.

Canadian Oil showed the only pronounced strength as it climbed early in the day to a record 45½. But weakness finally overtook the stock and it closed unchanged at 44. Power Corporation, largest Canadian Oil shareholder, gained ½.

On the exchange index, industrials fell 6.01 to 531.13 and base metals 2.17 at 176.35. Closing volume was 3,320,000 shares compared with Friday's 3,439,000.

Among base metals, International Nickel fell ⅜. Labrador dropped ½ to a 1962 low of 21½ and Noranda declined ½ to 27½ after earlier touching a year's low of 26¼.

Newspaper Advertising Scores More Sales than Other Media

The nation's local advertisers invest more in newspapers each year than in all other media combined. This is fine testimony of the ability of newspapers to pay off in results. As one leading business executive expressed it: "I feel that when you place an advertisement in a newspaper — something happens . . . You get action."

If you want action, if you want results — use the daily newspaper.
