SPECIAL DESPATCHES TO THE EXAMINER.

DOMINION PARLIAMENT

Summary of Proceedings

THE TARTE-McGREEVY CASE

OTTAWA, Sept. 2.

In the House yesterday the Speaker's warrant was issued for the arrest of Senecal.

In committee resolutions were passed unanimously for the cancellation of certain mortgage bonds of the North Shore Railway Company held by the Government.

Discussion on the Trent Valley canal occupied several hours.

Perry protested against spending anything on the canal till the tunnel has been built.

Mackenzie Bowell was in his seat yesterday all right again.

Sir John Thompson, David Mills, Sayard, Davies and Michael Adams have been selected a sub-committee to prepare a report on the Tarte-McGreevy affair.

Prorogation is looked for about the 17th. But it is highly probable that before that date revelations will be made that will put all the past scandals into the shade. Prominent Nova Scotia and New Brunswick Grits are involved, and readers of THE EXAMINER may look for excitement before many days.

Public Accounts Enquiry

Senecal's Commissions Again.

Hot Words in Committee

OTTAWA, Sept. 2.

Before the Public Accounts Committee yesterday several parties testified to having paid Senecal commissions on sales for the Printing Bureau.

Johnston, of Toronto, type founder, testified that after giving evidence before, he went with Senecal to Chapleau's house. Chapleau seemed very much surprised at the evidence that had been given, and evidently was in entire ignorance of any payments to Senecal till the evidence came out. Chapleau told Johnston he must tell the Committee all the transactions which took place, no matter who suffered.

Other important evidence was given as to the dealings of the Canada Paper Co. with the Government, the Grits attempting to prove corrupt bargain without success.

Chapleau accused Lister of misleading the Committee, and again dared him to impeach him before the House.

THE CANADIAN BISLEY.

Very Good Shooting.

What the Islanders are Doing.

OTTAWA, Sept. 2.
