December 14, 1857. 6m HUGH FRASER.

To the Free and Independent Electors of the Third Electoral District of Queen's County.

GENTLEMEN,—The House of Assembly having been dissolved, I have to solicit your suffrages at the ensuing Election; and should I receive a majority of your votes, I shall endeavour to carry out those principles of Self-Government to which I have given my support for the last seven years, believing them to be the only true basis of British Constitutional Government, by which the people can exercise a direct control over the officials, and thus promote the contentment and prosperity of this my native country.

I have the honor to be, your obdt. servt.,

GEORGE COLES.

Charlottetown, May 31, 1858. P Jour

To the Free and Independent Electors of the Third Electoral District of Queen's County.

GENTLEMEN,—Having been twelve years a public servant, in which time I have had the honor of being elected five times by a generous constituency as a Representative of the people, I am encouraged to appeal to you for your suffrages at the ensuing general election. Into my political life I can invite the closest scrutiny; and if you believe that I have hitherto laboured assiduously to promote every measure tending to advance the best interests of the country generally, then I shall look with confidence for your independent and manly support, despite the machinations of secret and open foes. A base and discreditable manœuvre, calculated to impose upon your understandings, by depreciating me in your estimation, and depriving me of your confidence, will, I trust, prove abortive.

I am, gentlemen, your obedient servant,

Flinty Glen, June 7, 1858. ROBERT MOONEY.

To the Electors of the Second District of King's County.

GENTLEMEN,—As my name has been put in nomination at several public meetings recently held in the District, and there having been large majorities in my favour at nearly every one of them, I cannot refuse to comply with what appears to be so generally the wish of my late constituents, and I shall therefore present myself as a candidate for your suffrages. My long tried attachment to sound liberal principles, and the consistency and zeal with which I have endeavoured to advocate them during the last four years, constitute my strongest claim to your favourable consideration; and I feel that I am indebted for the honorable mention of my name on the late occasions to your warm approval of my public conduct during the period I have served you. Should I be returned to the new House of Assembly, I will endeavour to pursue the same straightforward and independent course which I did in the last one, and believing that further pledge or promise is not required, I remain, gentlemen, your obed't servant.

Little River, May 22, 1858. JOSEPH DINGWELL.

To the Electors of the Second District of Queen's County.

FRIENDS AND FELLOW COLONISTS.—Having been nominated in conjunction with Mr. W. S. McNeill, of Rustico, a Candidate for the representation of your District, at several Public Meetings recently held for that purpose, I am induced by the very handsome support proffered to me at those meetings, and by the encouragement which I have personally received from many of you, to accede to your wishes.

My desires and aims are, as they have ever been, in honesty of purpose to advocate such sound measures of political reform, and of local improvement, as are in my judgment calculated to benefit this Island.

Electors, I am a Native of your District—having every feeling for general welfare in common with yourselves—and your interests being inseparably connected with my own.

Should you confer on me the distinguished honor of representing you in the General Assembly of this Colony, I shall, by every constitutional means, strenuously endeavor to ameliorate the condition of the Tenantry, and labor to promote not only your prosperity, but the welfare of the Colony in general.

Relying, therefore, on your public spirit and private integrity for your independent support at the hustings, I am, Gentlemen, your faithful servant,

ARCHIBALD M'NEILL.

A. J. WHITE & CO., Sole Proprietors, 50 Leonard Street, New York.

THIS philanthropist has spent the greater part of his life in travelling, having visited Europe, Asia, and Africa, as well as North America—has spent three years among the Indians of our Western country—It was in this way that the Indian Root Pills were first discovered. Dr. Morse was the first man to establish the fact that all diseases arise from IMPURITY OF THE BLOOD—that our strength, health, and life depended upon this vital fluid.

When the various passages become clogged, and do not act in perfect harmony with the different functions of the body, the blood loses its action, becomes thick, corrupted and diseased; thus causing all pains, sickness and distress of every name; our strength is exhausted, our health we are deprived of, and if nature is not assisted in throwing off the stagnant humors, the blood will become choked and cease to act, and thus our light of life will forever be blown out. How important then that we should keep the various passages of the body free and open. And how pleasant to us that we have it in our power to put a medicine in your reach, namely, Morse's Indian Root Pills, manufactured from plants and roots which grow around the mountainous cliffs in Nature's garden, for the health and recovery of diseased man. One of the roots from which these Pills are made is a Sudorific which opens the pores of the skin, and assists Nature in throwing out the finer parts of the corruption within. The second is a plant which is an Expectorant, that opens and unclogs the passage to the lungs, and thus, in a soothing manner, performs its duty by throwing off phlegm, and other humors from the lungs by copious spitting. The third is a Diuretic, which gives ease and double strength to the kidneys; thus encouraged, they draw large amounts of impurity from the blood, which is then thrown out bountifully by the urinary or water passage, and which could not have been discharged in any other way. The fourth is a Cathartic, and accompanies the other properties of the Pills while engaged in purifying the blood: the coarser particles of impurity which cannot pass by the other outlets, are thus taken up and conveyed off in great quantities by the bowels.

From the above, it is shown that Dr. Morse's Indian Root Pills not only enter the stomach, but become united with the blood, for they find way to every part, and completely rout out and cleanse the system from all impurity, and the life of the body, which is the blood, becomes perfectly healthy; consequently all sickness and pain is driven from the system, for they cannot remain when the body becomes so pure and clear

The reason why people are so distressed when sick, and why so many die, is because they do not get a medicine which will pass to the afflicted parts, and which will open the natural passages for the disease to be cast out; hence, a large quantity of food and other matter is lodged, and the stomach and intestines are literally overflowing with the corrupted mass; thus undergoing disagreeable fermentation, constantly mixing with the blood, which throws the corrupted matter through every vein and artery, until life is taken from the body by disease. Dr. Morse's PILLS have added to themselves victory upon victory, by restoring millions of the sick to blooming health and happiness. Yes, thousands who have been racked or tormented with sickness, pain and anguish, and whose feeble frames have been scorched by the burning elements of raging fever, and who have been brought, as it were, within a step of the silent grave, now stand ready to testify that they would have been numbered with the dead, had it not been for this great and wonderful medicine, Morse's Indian Root Pills. After one or two doses had been taken, they were astonished, and absolutely surprised, in witnessing their charming effects. Not only do they give immediate ease and strength, and take away all sickness, pain and anguish, but they at once go to work at the foundation of the disease, which is the blood. Therefore, it will be shown, especially by those who use these Pills, that they will so cleanse and purify, that disease—that deadly enemy—will take its flight, and the flush of youth and beauty will again return, and the prospect of a long and happy life will cherish and brighten your days.

For sale at the Apothecaries' Hall, and at the Drug Stores of W. R. Watson and M. W. Skinner, and sold at all the stores throughout the Island. Persons wishing supplies of the above Medicines, can be furnished at Proprietors' prices at the Drug Store of

Medicine of the Million. Philosophy and Fact.

HOLLOWAY'S PILLS.

THE EXCITING CAUSE OF SICKNESS.

The blood is the life-sustaining agent. It furnishes the components of flesh, bone, muscle, nerve and integument. The stomach in its manufactory, the veins its distributors, and the intestines the channels through which the waste matter rejected in its production, is expelled. Upon the stomach, the circulation and the bowels, these Pills act simultaneously, relieving indigestion, purifying the fluids, and regulating the excretions.

THE NATIONAL COMPLAINT.

Dyspepsia is the most common disease among all classes in this country. It assumes a thousand shapes, and is the primary source of innumerable dangerous maladies; but whatever its type or symptoms, however obstinate its resistance to ordinary prescriptions, it yields readily and rapidly to this searching and unerring remedy.

BILIOUS AFFECTIONS.

The quantity and quality of the bile are of vital importance to health. Upon the liver, the gland which secrets this fluid, the Pills operate specifically, infallibly rectifying its irregularities, and effectually curing Jaundice, Bilious Remittants, and all the varieties of disease generated by an unnatural condition of the organ.

A WORD TO FEMALES.

The local debility and irregularities which are the especial annoyance of the weaker sex, and which, when neglected, always shorten life, are relieved for the time being and prevented for the time to come, by a course of this mild but thorough alterative.

USED THROUGHOUT THE WORLD.

Holloway's Pills are equally efficacious in complaints common to the whole human race, and in disorders peculiar to certain climates and localities.

ALARMING DISORDERS.

Dyspepsia, and derangement of the liver, the source of infirmity and suffering, and the cause of innumerable deaths, yield to these curatives, in all cases however aggravated, acting as a mild purgative, alterative and tonic; they relieve the bowels, purify the fluids, and invigorate the system and the constitution, at the same time.

GENERAL WEAKNESS.—NERVOUS COMPLAINTS.

When all stimulants fail, the renovating and bracing properties of these Pills give firmness to the shaking nerves and enfeebled muscles of the victim of general debility.

Holloway's Pills are the best remedy known in the world for the following diseases:—

Ague	Dysentery	Liver complaints	toms
Asthma	Erysipelas	Lumbago	Tic-Doloureux
Bili's Complaints	Female Irregularities	Piles	Tumours
Blotches on Skin		Rheumatism	Ulcers
Bow'l complaints	Fevers, all kinds	Retention of Urine	Venerated Affections
Colics	Fits	Scrofula, or King's Evil	Worms, all kinds
Constipation of the Bowels	Gout	Sore Throats	Weakness, from whatever cause
	Head-ache	Stone and Gravel	&c., &c.
Consumption	Indigestion	Secondary Symp-	
Debility	Inflammation		
Dropsy	Jaundice
