## COUNTRY & WESTERN MUSIC FANS

**Basic Characteristics:** Have a tremendous repertoire of Dolly Parton jokes, laugh like John Denver, stutter like Mel Tillis, and sing like wounded Herefords. Pretend their tennis racquets are acoustic guitars. Drive Mustang II's and Pinto Ponies. Wear ten gallon hats, leather boots and spurs in downtown Toronto, where the only horses within 30 miles are under RCMP constables. Have rotten love lives because they are always looking for Olivia Newton-John look-a-likes. (Are there any?)

**Favourite Sayings:** "I've got more John Denver records than you have!" "I'll give you two of Dolly Parton's for one of Glen Campbell's." "Yip! Yip! Yee-hah!"

**Favourite Singers:** Olivia Newton-John, John Denver, Gordon Lightfoot, Glen Campbell, Johnny Cash.

**Good Points:** Responsible for the dreaded nasal twang. Most are Denver fans. Outnumber the punk rockers.

**Bad Points:** Carry saddles and lariats around the halls of Brock University yelling "Hi-yo Silver...Away!"

## PUNK ROCK FANS

**Basic Characteristics:** Wear spiked dog collars around their necks and wrists. (You've heard of guys in drag? Well, this is one step further.) Listen to music (sic) at 110 decibels and try to tell you they like it. Wear straight-legged pants, two inches above their ankles, tear their shirts, put safety pins in their ears and noses, and wear brushcuts (if female). Ten years ago you would have called them 'weird. Still do.

**Favourite Saying:** "Ever get that pins and needles feeling?"

**Favourite Singers:** Sid Vicious, Sex Pistols, The Police.

**Good Points:** Make good case studies for Psych. 190 students and Sociology majors.

**Bad Points:** You ever see anyone put a pin in their nose or ears? Grotesque city!

## URINE THE NAVY (RNR/CUP) —

American Navy plans to halt drug abuse on the high seas have sprung a few leaks. Navy lab technicians say they can't keep up with the flow of urine samples from sailors suspected of using illegal drugs. The navy has been sending the labs as many as 7,000 urine samples per month. Fleet officials won't say how bad the backup is but they have decided to discard samples that are more than 60 days old and screen only three out of every ten new recruits. As of last spring, almost 5,000 Atlantic fleet sailors had been identified as drug users.
