

# HERE ARE THE FACTS

Tory propaganda that Queen's County got nothing from Ottawa, between 1935-1951, when represented by Liberal members, is refuted by the following facts:

1. The Second World War brought to successful conclusion.
2. Constitution of War Supply Board guaranteed against profiteering during the War.

4. Canada became the third trading Nation of the World.
5. Trans-Canada Airways developed.
6. Unemployment Insurance established.
7. National Housing Act passed.
8. National Forestry program initiated.
9. Canadian Youth Training projects commenced.
10. Duty on potatoes and turn'ps cut in two.
11. Over a Billion Dollars for rehabilitation of returned men:—best treatment of any country in the world.
12. Millions spent on Feed Grain Assistance;—thus enabling P. E. I. hogs to be best in Canada.
13. Old Age Pensions increased.
14. Family Allowances, which Drew. termed bribe to electors, increased.
15. \$1000 per bed for hospital construction.
16. Tax Rental agreement signed.
17. \$6,000,000 for new docks at Tormentine and Borden.
18. \$7,000,000 for new carferry Abegweit.
19. Queen's County rifle range removed and remodeled year before war.
20. Royal Commission on Freight Rates.
21. Wood Islands Ferry in operation May 1st, 1940.
22. National Park established;—one of the finest in Canada.
23. Airport at Sherwood surveyed and developed.
24. In 1938 (last pre-war year) \$475,000 was spent on Federal Public Works in Queen's County;—the largest amount in one year from Confederation up to that time.
25. Millions of carloads of potatoes shipped to U. S. A. under favourable Trade Treaties.
26. Railway Wharf at Charlottetown extended and rebuilt.

Space forbids a more complete list of the many things Liberal Governments at Ottawa have done for Queen's County between 1935-1951. Yet the Tory Candidates say we got NOTHING while Queen's was represented by Liberals.

THE TIME WE REALLY GOT NOTHING WAS FROM THE LAST TORY GOVERNMENT 1930-1935
