The lot fronting on Hillsborough Square, the site of the residence of the late Hon. Edward Whelan, will be sold by auction at 12 o'clock to-morrow.

Fruit Crop Bad.—It is said that the plum crop throughout Nova Scotia is almost a total failure, and the apple crop will be fully one third under the average.

Bermuda Lily Bulbs.—Pot your Lily Bulbs now and they will bloom at Christmas. We have still a few choice bulbs left at 25 cents each.—Haszard & Moore.

Don't forget the Moonlight Excursion to-morrow evening. The steamer will leave the wharf at 8 o'clock and make a trip around the man-of-war. Choice music for dancing on board.

The Usual Result.—A woman named Gray was burned to death at Montreal, a few days ago. The fire was not burning lively enough for her, and she tried to hurry it up with coal oil.

The greatest athletic event for years will be held at the Charlottetown Driving Park on Monday, August 24th

Large Onions.—Gay & Son, Pownal, had some very large onions in the market to-day, grown by them. The onions are of the tree or top species, and some of them weigh as much as a half pound each.

Educational Meeting.—A very interesting educational meeting was held in the First Methodist Church last evening. Addresses were made by Professors Borden and Andrews. There was a good attendance.

The Halifax.—The steamer Halifax carried 466 passengers between Boston and Halifax last week. Through tickets via this well-known favorite steamer are for sale via the Charlottetown steamer.

Yacht Race.—The yacht race yesterday afternoon between Patton's ——, Snelgrove's Puritan, McDougall's Rosaline, and McMillan's Mary F., was won by the first mentioned, the others coming in in the order named.

A Prosperous Institution.—The Amherst boot and shoe manufacturing company are *rushing* business from basement to roof, running full blast. To fill their orders, some new machinery is being placed. During the next 60 days goods to over $50,000 worth have to be ready to fill demands.

Age no Obstacle.—An 80-year-old masher named White ran away with a 13-year-old girl named Bissell, from Medina, N Y, a few days ago. The two were captured before they had gone very far, however, and White, at last accounts, was in jail, awaiting trial for abduction.

Lecture.—Mr. R. R. FitzGerald, S. M., will deliver his popular lecture "Scraps from Canadian History," in the Presbyterian Church, at Long Creek, on Monday evening next, at half-past seven o'clock. A rare treat is in store for all who attend. Admission only ten cents, children half price.

Pugilistic.—A despatch from Sydney, N S W, states that a prize fight between Billy Murphy and young Griffo, for a purse of £250 and the featherweight championship of the world, ended in Murphy winning in seventeen rounds. Murphy is the Australian who fought Frank Murphy of England and Ike Weir in the California Athletic Club.

A Lively Apearance.—The Driving Park presented a lively appearance last evening. Never was there collected together such a representation of athletes, all practising for the tournament to be held on Monday next. All the four teams that are to compete on that day were there, and run their three hundred yards, while others, who are not in any team, could be seen practising the half-mile, quarter and 100 yard runs.

A Valuable Property.—Captain Andrew Doyle's new house on Queen Square, opposite the Law Courts Building, has been completed, and is now ready for occupation. It is advertised to rent elsewhere in to-day's issue. The house contains twenty rooms, with shop, besides pantries, closets, etc. The house is finished throughout in good style, and some of the principal rooms have registered grates. The cellar is frostproof. The house is splendily situated, and should rent well.

Every housewife has an interest in keeping her hands soft and white. Women who did their domestic washing found this impossible with the old wretched chemicals which burned and puckered the hands, and worked havoc with the clothes. That was until they heard of Lessive Phenix. And then a new era dawned of comfort and happiness. Lessive Phenix is a name to conjure with. Use it for washing anything. It is not a chemical powder. It makes white clothes whiter, and colored clothes brighter; and it will cleanse and polish, and brighten everything in parlor or kitchen. Ask your grocer.—2i.

Police Court.—This morning two young men for assault and battery, were disposed of for fines of $20 or two months imprisonment each, and another young man arrested on the same charge was fined $30 or 30 days. Two men for being drunk and fighting on the streets were fined $4 or 20 days and $6 or 20 days, respectively. A man for beating his wife was given one month's imprisonment with hard labor. A young lad for stealing fruit from the garden of Mrs. DesBrisay, was given three months imprisonment with hard labor, he being an old offender, and two other lads, aged 12 and 13 years, respectively, for the same offence, were admonished and discharged, owing to their youth. A young lad for maliciously destroying trees in the same garden, was fined $10 or 20 days.

DOMINION PARLIAMENT

House of Commons.

Bounty on Beet Root Sugar.

Ottawa, Aug. 18.

In the House yesterday, Hon. Mr. Foster moved the House into committee on the resolution providing for the payment of a bounty on beet root sugar.

Mr. Mills, of Bothwell, said he was decidedly opposed to this resolution. He protested against all systems of bounty to industries either in the shape of protective duties or in any other form. The only purpose of taxation was to provide money for the purpose of government.

Hon. Mr. Foster stated that the proposition only contemplated bounties for this year and next and only such bounties as would place beet sugar producers in the same position as they occupied before the recent abolition of the raw sugar duties. After a lively discussion the resolution passed and was reported at 6 o'clock.

QUEBEC SCANDAL NEWS.

The Globe and L'Electeur.

Ottawa, Aug. 18.

It is believed that Thomas McGreevy, M. P., will not appear to-morrow, in answer to the order of the House, which requires him to attend and be proceeded with for refusing to tell precisely how and where he expended the $20,000, part of which he h s testified was used in an election campaign.

The Bay Chaleur scandal is still the chief talk. The Toronto Globe is again on the warpath, to-day after Mercier's Government. It says that Provincial Secretary Langelier and Hon. Mr. Robideau are personally connected with the Pacaud swindle. Sir Richard's organ says that Messrs. Langelier, Robideau, Armstrong and Pacaud should be clapped in jail.

L'Electeur, Mr. Pacaud's paper, which, as is well known, is the organ of Messrs. Laurier and Mercier, in Quebec, is furious over the attack of the Globe. In this morning's issue L'Electeur says that Mr. Farrer, editor of the Globe, is the same man who controlled the Mail in the onslaught on Quebec and the Quebec people.

TRADE WITH WEST INDIES.

Blaine Misses a Point

And Obtains Free Entry for British Goods.

Halifax, N. S., Aug. 18.

In reference to the treaty between Great Britain and Spain, by which Spain undertook to admit Canadian products into Cuba and Porto Rico upon the same favorable terms as were accorded to any other nation, it is learned that neither of the high contracting powers have given notice to terminate the treaty. The Life of the treaty was fixed at five years from 1886, and then only to be terminated upon one year's notice. As neither nation has given notice, it cannot end for nearly two years, and Halifax exporters are happy in the hope that for that period their produce will be admitted into the Spanish West Indies upon the same terms as American under the recent treaty, viz: free.

Fatal Railway Accident.

Berne, Aug. 18.

At Seollikofen, Maxpere, on the Jura Simplon Railroad, an express ran into a special train loaded with excursionists. Fourteen persons were killed, and twenty-four seriously injured. The victims are all Swiss peasants and were all on the excursion train.
