

ASSEMBLED on stage are the cast of "No Men Admitted," a three-act play produced by the Kensington Community Club. Entering in this year's Drama Festival, the play was presented for adjudication at St. Peter's Cathedral Hall last night. The players are left to right, Ethel Pendergast, Lad Peppin, Edith Bonness, Blanche Spicer, Gladys Semple, Lucy Semple, Babe Cousins, Dorothy Ling, Frances Nelson, Marie Gordon. The director, Elmer Power, is shown in the centre of the group.

Co-operative Ass'n At S'ide Purchases Large Warehouse

The Summerside Co-Operative Association Ltd. yesterday purchased the large warehouse building of MacFarlane Produce Ltd. in the east end of Summerside for the purpose of providing facilities for expanding their business in potatoes and other farm produce. The Summerside Co-Operative which has conducted a business in groceries, eggs, poultry, feed, produce, and farm equipment, in Summerside for the past six years, will occupy their new warehouse facilities in July, and it is their intention also to rent as much of the floor space as possible. This newly acquired warehouse, which at one time was known as the dehydration plant, will be the center of the Co-Op's potato and fertilizer business, and it is anticipated that grinding and mixing facilities for feed will also be located here. Feed and equipment will, at least for some time, be handled as usual in the Smallman warehouse back of the Co-Op store. The expansion of the Co-Op's produce business is in line with a new policy to provide better and more extensive services to their farmer members. The Summerside Co-Op employs about 25 persons at the present time, and will require additional staff when the produce shipping season begins. Last year the Summerside Co-Op did business amounting to \$630,000 and the manager, Rod MacNeil, said yesterday following the purchase of the new warehouse, that this year they expect to do a business exceeding a million dollars.

Kensington

(Continued from page 2) their play was "very pleasing, and very enjoyable." Following is the cast that took part in last night's production, "No Men Admitted": Anne Martin, Ethel Pendergast; ChERRY Martin (her sister), Marie Gordon; Olga (their maid from Sweden), Edith Bonness; Susan (their housekeeper), Ida Peppin; Dr. Janet North (the M.D.) Dorothy Ling; Miss Marjorie North (the invalid), Babe Cousins; Miss Bina Sadler (the detective), Frances Nelson; Mrs. Lela Preston (the politician), Lucy Semple; Mrs. G. Thaddeus Upham (the grass widow), Gladys Semple; Miss

Handle More Than 1,900 Cars Of Potatoes

Consolidating the efforts of many potato dealers in finding markets for their produce in various Canadian and American centers, a service of this kind was inaugurated at Summerside last fall by F. W. Ward and Son, Ltd. of Montreal, who established an office in the Willard MacDonald building on First Street in Summerside. Mr. Harold Rodd of Summerside, assisted by his secretary, Miss Mary Bonness of Kensington, have, since that time, been responsible for the purchase and transportation of more than 1,900 cars of seed and table potatoes to outside markets. This brokerage firm is licensed under an act which permits them to do business only with the licensed dealers, and therefore they do not have any direct contact with the producer. Mr. Rodd, Manager of the Summerside office, said yesterday that of the 1,900 cars handled during this season, about 1,300 were from Prince County, with the balance from Queens and Kings. hospital. It was moved by Mrs. Baglole seconded by Mrs. Roy Oulton that tickets be sold on this quilt, drawing to take place at the Spring Shower for the Hospital, tickets to be 10 cents each or 3 for 25. Motion carried. The directors are to arrange for the sale of tickets, quilt is to be displayed at the O'Leary Co-op store. Supply secretary, Mrs. Charles Dewar reported she had material on hand to be sewn. A discussion followed regarding the repeating of the variety concert, which was held last winter. It was the opinion of the conveners that this be held over until after seeding. The conveners that reported on the activities of their auxiliary are as follows: Mrs. Dermot MacLean, Brse, Mrs. Robert Oulton Halliburton, Mrs. John Locke. Next meeting will be held June 19th. Meeting adjourned.

Hospital Ladies Aid Held Meeting

The regular monthly meeting of the Ladies Aid of O'Leary Community Hospital was held Wednesday evening May 15th at the O'Leary High School. The president, Mrs. Donald MacKenzie presided. Meeting opened by repeating the Lord's prayer in unison. Roll call was responded to by thirty four members representing fourteen districts. Minutes of the previous meeting were read by the secretary and approved, by motion. It was decided that Mrs. Melvin Baglole be appointed assistant-treasurer. Ways and means secretary, Mrs. Robert Woodside reported the show "The Trail of the Lonesome Pine" would be showing at the Verdun Theatre. The following volunteered to take charge of the sale of tickets, Mrs. Melvin Baglole, Mrs. Edward MacAuland, Mrs. Charles Willis, Mrs. Roy Oulton, Mrs. Dermot MacLean. A sale of refreshments for this event was made possible by donations from the following: Mrs. Claude MacNeil, O'Leary Co-op store, MacWilliams and Turner. A short discussion followed regarding the proposed spring shower for the hospital and it was decided this would not be held until further notice. A beautiful quilt was donated by Mrs. William Dymont to be used for the purpose of raising funds or as a furnishing for the

Says Wages Are Higher Than Is Productivity

MONTEAL (CP)—An official of the Canadian Chamber of Commerce, said Wednesday that steady wage increases are outstripping the rise in the country's productivity, a type of inflation which the Gordon commission omitted in its report of Canada's economic prospects. Three other factors that will play an important role in the country's future development also were omitted, W. John Sheridan, the chamber's assistant general manager, told the Westmont Rotary Club. The three are a need for a competitive enterprise system, consideration of Canada's position regarding taxation, and social welfare. He said wages have risen nearly 10 per cent in 20 years and are higher today than in 1943 "when we were engaged in a world war." Of social welfare, Mr. Sheridan said Canadians will have to decide whether they will provide for their own future, rather than "depending on handouts" from the government.

Satisfied With Mine Cleanup

SPRINGHILL, N.S. (CP)—Dominion Steel and Coal Company Chief Harold Gordon and president Tom McLaughlin of United Mine Workers district 26 (Ind) said Thursday they were extremely satisfied with the cleanup of a mine here where 39 miners were killed by a Nov. 1 explosion and are satisfied with the cleanup job. Both officials were members of a 21-man inspection party that entered the Cumberland Railway and Coal Company pit for an eight-hour inspection tour. They said they now are ready for the McInnis royal commission to resume its hearings on the disaster June 17. The commission opened its inquiry early in March and adjourned after five days to await the underground inspection. The officials refused to comment on the condition of the mine. Mr. McLaughlin said "I am satisfied with what I saw underground and am ready to go ahead with the inquiry."

Discuss Plans For Financial Drive In Prince

Plans for the financial campaign to be held in the near future among the Catholic people of Prince County were discussed at the regular monthly meeting of the Prince County Catholic Welfare Agency on Wednesday evening but were not finalized. The campaign is slated for sometime in June. The treasurer, Mr. T. Earle Hickey, outlined the need for funds for the very important work of the agency to be carried on. On the recommendation of the chairman of the transportation committee, Mr. George Oiscamp, it was decided to take delivery of the Volkswagen car ordered some time ago for the agency. The President, Dr. Hubert MacNeill, and the treasurer are to arrange for temporary financing. The report of the executive director, Sister Eugene, showed that 20 home visits and 120 office visits had been made during the month and that 25 families and 30 individuals were provided with services. She said that a large number of adoption papers had been received from the United States and she reported on other aspects of the work, much of it of a confidential nature. She also reported the case of a boy of juvenile age confined to the Prince County Jail for an offence and suggested that this was not a very good environment if there is to be hope for making him a good citizen. It was decided to write the Minister of Welfare pointing out the need for a suitable detention provision being made for juveniles. The chairman of the property committee, Mr. Henry Wedge, reported that the work of landscaping and beautifying the property had begun last fall as a voluntary donation of Mr. J.K. Curran. However, the work had not been completed when Mr. Curran died and some means will have to be found of carrying out this much needed project. The treasurer reported donations received during the month of \$376.

Microwave Link

Cops With The

(Continued from Page 3) are talking about and those who are taught are willing to work. There can be no such thing as a give-away program in education. "In the third place, taxpayers will get what they pay for. Their payments to education are large, when compared with those to defence, transportation, pleasure, social security and the like. Men cannot be proud of spending more in each instance, for killing one another, for moving around, for burning the tobacco plant, for facial decoration and scent, for flickering pictures and ear-soothing discs, and for physical security of all kinds. How can we justify that fact that in almost any community in North America we have more invested in filling stations for the adjustment and fueling of our cars than we have for the training and nourishment of our children's minds? "No one objects in the slightest to our many physical improvements and personal pleasures. Yet we must be constantly on guard lest we be satisfied with the in alone, and let the things of the mind and spirit which are the real elements in the happiness and welfare of men, indeed our whole way of life, like that of civilizations in the past, can easily disappear if we forget the physical on the one hand and the mental and moral on the other. Democracy itself thrives, not on a comfortable people, but on a thinking people, and soon gives way to totalitarianism when people become an easily-led mass or herd. "We are being warned from many sources that the mass state is rapidly becoming a reality because people are too highly organized and too easily led. Most far-seeing students of our time agree that the remedy is more education, but not just the more respect for education and more emphasis on individual thought rather than mass acceptance of pre-digested fact. "Where does the individual student fit into this picture? After a convention day, we proceed either to further training or to employment. Whichever he does, the same principles apply, for teachers and employers who are any good require the same things. I presume that you young people are thinking about the future and about the two suggested tactics with which to follow up your experiences here. GOOD INTENTIONS "Get as much knowledge as you can at the start of your careers

Living Costs In U.S. Are Higher

WASHINGTON (AP)—The government reports living costs in the United States rose to another record level in April for the eighth straight month. A sharp rise in food prices was the major factor. The bureau of labor statistics said Friday its index increased from March to April by three tenths of one per cent. This was enough to give automatic pay boosts of two cents an hour to 1,400,000 workers in the auto electrical and farm equipment manufacturing industries. Wage rates of these workers are partly geared by union contracts to changes in the government living costs in the United States rose to another record level in April for the eighth straight month. A sharp rise in food prices was a major factor.
