NEW YORK

NEW YORK (AP) - Steels surged then stumbled to losses as the stock market declined irregularly Thursday on the greatest volume of 1958.

The steel shares, which had been milling irregularly, leaped ahead on the news. But their rise was short-lived. They faltered and then cancelled gains and, in many cases, took some sharp losses.

Market analysts saw in Thursday's losses of the pivotal steel group a "one-day reversal," following Wednesday's rise, which is a signal for a market correction.

Among Canadian issues traded, Aluminum Ltd. gained 1/4. McIntyre Porcupine added 1/4. Canadian Pacific dropped 1/4.

Base metals closed at a 1958 high of 163.78 with a 1.21 index gain. This surpassed a mark of 163.47 set at noon.

Base metals were up as senior mines rallied. Gaining 1/2 point were Consolidated Mining, Labrador and Noranda.

Gold was down a few decimal points. Several senior golds were narrowly ahead but juniors were down.

Hudson Bay Oil losing 1/4 at 22 pulled western oils off a few decimal points, but the section had gains slightly outnumbering losses.

Index changes: Golds off .10 to 82.60; base metals up .02 to 163.78; western oils off .18 to 138.41.
