

DOMINION PARLIAMENT

NOTES OF THE SESSION.

TRADE WITH THE TROPICS.

A few days ago Parliament was occupied mainly with a discussion of a motion by Dr. Fortin, for correspondence in possession of the Government on the subject of reciprocal trade between Canada and Brazil and the West Indies.

Irish Immigration to Canada.

The London Times of Thursday morning editorially approves of the proposed scheme whereby it is proposed that the Imperial Government shall advance for ten years to land companies, without interest, sufficient to meet the expenses of transferring indigent Irish families to the Canadian Northwest and settling them on free homesteads.

In the House of Commons Sir John said immigrants would be assisted to any points they might wish to go to. It was not the policy of the Government to force immigration.

Many are expected during the coming season from Europe, who will bring in capital.

The Digestibility of Oysters

The general practice of eating the oyster raw is evidence that the popular judgment upon matters of diet is usually trustworthy. The raw-colored mass, which is the delicious portion of the fish, is its liver, and is simply a mass of glycogen.

Putting Out the Eyes of a Noted Thoroughbred.

The thoroughbred stallion Onondago was recently blinded by a veterinary surgeon at Lexington, Ky., in order to subdue him. He was extremely vicious, and all the ordinary efforts at control had failed.

Bismarck is believed to have inspired a savage attack in the North German Gazette upon the United States Government's endeavor to force the products of the American horse-raisers on Germany, which it likens to forcing the opium trade on China.

The Land Leaguers in Congress.

PHILADELPHIA, April 25.—The Land League Convention was called to order at 12 o'clock by President James A. Mooney. Patrick Egan, Father Cronin and Walsh, and a number of distinguished Leaguers, with a group of lady delegates, took seats upon the stage.

After President Mooney completed his speech a committee on credentials was appointed and a recess taken till 2.30 p. m. O'Donovan Rossa was present during the morning for a while, seated at the reporters' table, having been admitted as a representative of his paper, "The United Irishman."

Mrs. Parnell entered the hall about 2.30 and was greeted very warmly, all present rising to their feet and cheering. She took a seat near the Secretary's table, and was formally introduced as the mother of the great Irish leader.

During recess, a despatch, purporting to come from the Pope, created some amusement among those on the stage. It was generally received as a hoax. It offered to excommunicate any Irish Catholic attacking England during the Convention on the ground of England's liberality to all religions.

The Convention was called to order for the afternoon at 3.15.

The Committee on Credentials reported that all credentials presented had been favorably passed on. An additional Secretary was appointed, after which Mr. J. J. Hynes Secretary of the League, read his report.

An explanation having been asked why the lecture expenses of Davitt, Sullivan and Parnell were paid by the League, it was then stated by Secretary Hynes that these gentlemen had given all receipts of their lectures to the League funds, and the Central Council had thought it only proper that all their expenses should be paid.

The Illinois delegation made frantic and repeated attempts to have read a report of certain moneys they had raised, but were emphatically declared out of order. Major John Byrne, of Ohio, moved the appointment of a delegate from each state to constitute a committee to prepare a plan to merge with the National Irish League which is to meet in convention to-morrow.

The Illinois delegation made frantic and repeated attempts to have read a report of certain moneys they had raised, but were emphatically declared out of order. Major John Byrne, of Ohio, moved the appointment of a delegate from each state to constitute a committee to prepare a plan to merge with the National Irish League which is to meet in convention to-morrow.

Gen. P. A. Collins then moved that all matters concerning the reorganization of the League and all resolutions be referred to the committee, which was carried. An adjournment was then taken until 9 o'clock.

Father Walsh's report shows the amount committed for Land League purposes to be \$39,102; for Irish Relief Fund, \$23,682. Secretary Hynes' report shows the total amount of money received by the Secretary from April 12, 1880, to April 25, 1883, to be \$79,038.

At a quarter past nine the Convention was again called to order, the President announcing that the business of this Convention must be closed up this evening.

On motion of Father McKenna, of Massachusetts, the report of General Collins, of Massachusetts, as chairman of the committee appointed to wait on President Arthur at the last Convention to enquire into the conduct of Minister Lowell, was accepted.

Father McKenna then moved that President Arthur be censured for his lack of good faith and dishonest conduct.

The chair ruled this out of order. Pending the result of the conference committee, Thomas Brennan, of Ireland, Secretary of the Irish National League, was introduced and addressed the Convention. Father Conaty of Massachusetts, as chairman of the conference committee, then presented the report of the committee. He said the committee had resolved to report in favor of merging or method of disorganizing the League, but would leave it to the Convention to agree on such a plan. He reported the resolutions.

The accounts of Father Walsh were found to be correct. After several motions of an unimportant character were made, the Convention adjourned.

REWARDS TO SEAMEN.—By direction of the President the State Department has procured a handsome gold watch and chain to be presented to Captain George A. Hatfield, of the barque "T. S. Smith," of Parrboro, N. S., in appreciation of his humanity and courage in the rescue of the crew of the sinking American schooner "D. Talbot;" also a gold watch and chain to be presented to Captain George Dunn, of the British steamer "Glenhervie," of Leith, in recognition of his services in saving the crew of the American ship "H. S. Gregory" at sea February 16, 1883; and a gold medal and fifty dollars to James G. Young, second officer of the "Glenhervie." The State Department has also been directed to present gold medals to Commander R. N. Thornton, commander H. M. S. "Kingfisher," for aid rendered to the distressed American steamer "Emma Hayward," on October 15, 1882; and to Captain James W. East, commanding H. M. S. "Comas," for his efforts to succor the crew of the American barque "Malleville," on the coast of Vancouver's Island, Oct. 10, 1882.
