THEO. L. CHAPPELLE, Diamond Bookstore.

THE Premier and Mr. Cartwright arranged with the Local Premier of Nova Scotia that the elections in that Province should take place simultaneously with those of the Dominion. And yet, you know, there should be "no alliance between the Federal and Provincial Governments!" Mr. McKenzie thus strangles a former profession, squarely in the face of the people, when appealing for a renewal of confidence on the part of the electorate.—*Ottawa Citizen*.

As defamers of our people, Messrs. Cartwright and McKenzie, are well matched. Mr. Cartwright's insult to the Highlanders is now well known. It devolved upon the Premier to offer an unmitigated insult to our Irish fellow-citizens. At the meeting in the Rink in Halifax, Mr. McKenzie, in a most contemptuous manner, asserted that Sir John A. McDonald's party were supported by the "shillalah." This unprovoked insult should be remembered by our Celtic friends. The public will be anxious to know whom this worthy pair will next malign.

THE KELLY MURDER.

Preliminary Examination Concluded.

Remanded for Manslaughter.

The preliminary examination of the prisoners Johnston and Millner was concluded before the Stipendiary Magistrate this forenoon. The missing witness Curran appeared and gave evidence similar to that taken before the co-angler's jury. Nothing has been heard from the witness Lynch, and the Court decided to conclude the examination without further delay. The Magistrate informed Mr. Haszard, who was watching the case for the Crown that on Friday Mr. Hodgson, counsel for the prisoners, strongly pressed that they be remanded for manslaughter. Mr. Haszard said that after carefully considering the evidence he thought the Crown was willing that they should be remanded on that charge. The Magistrate was very glad to find that the Crown was willing that such a remand should be made, as it relieved him of the great amount of responsibility which would rest on him had he to send the prisoners for trial on a charge of murder. He therefore ordered that the prisoners Johnston and Millner to jail to await their trial at the next sitting of the Supreme Court on a charge of manslaughter.

An Error Corrected.

To the Editor of the Examiner.

SIR,—A short article appeared in my paper of to-day, relative to the duty on machinery, wherein an error occurs, which I desire to correct through your columns. The article referred to was written in great haste, and the mistake into which I inadvertently fell, was not detected until the whole impression was struck off. We are all liable to err, and the man who is not willing to correct any false impressions his language may have conveyed, is not an honest reviewer of the subjects he discusses. I stated in my article that, when machinery was imported into Canada which could not be manufactured at home, it was subject to duty of 10 per cent. But when machinery which can be manufactured at home, was imported, it came in duty free. I should have said that when machinery which can be manufactured at home was imported it is subject to a duty of 17½ per cent. This, of course, puts the matter in a more favorable light for the present policy, but still the tariff might be improved by readjustment. Under Sir John A. Macdonald machinery which could not be manufactured in Canada, and which was used in manufacturing, was allowed to enter free of duty. The present Government changed this, and now impose a duty of 10 per cent. on machinery not the manufacture of the Dominion. Yours very truly, J. H. FLETCHER, Argus office, Sept. 3, 1878.

The Drill Shed Meeting.

To the Editor of the Examiner:

SIR,—Each issue of the *Patriot* contains an onslaught on the Hon. Frederick Brecken, either by the editor or some masked anonymous correspondent. The Drill Shed disturbance (if such it can be called) is magnified into such proportions that any person not present on that occasion would be led to believe that the affair was not far removed from a riot. Mr. Brecken is vulgarly called a "rowdy" and "a leader of rowdies" by the detestable *Patriot*. Any person present at the Drill Shed on that famous Monday, knows that Mr. Brecken only asked in the most gentlemanly manner permission to correct a statement made by Mr. Cartwright, assuring the Chairman that he would not exceed five minutes. In a coarse and very undignified way the gentlemanly (?) Chairman replied, "No; you will not speak here." Mr. Brecken, seeing the determination of the Grits to choke off any discussion or even explanation, attempted to request the audience to listen to Mr. McKenzie, but the hooting of the Grit gentlemen continued.

The *Patriot* wishes its readers to believe that Conservatives alone made the noise. If a count had been taken it would have been clearly proven that numerically the Grits had the majority. The political stock of the *Patriot* must be well nigh exhausted, or he would not resort to such despicable means to assist his cause. The sensitive editor is quite silent in reference to the conduct of the rowly and drunken supporters of the "Reform" party at Souris on two different occasions recently. Yet if the *Patriot* can make anyone believe a lie regarding the meeting in the Drill Shed, his end is accomplished. This attempt to work upon the worst passions of the people, will not do Gritism much good. "Whom the Gods would destroy, they first make mad." ONE WHO WAS PRESENT.

SYDNEY COAL.

REDUCTION IN PRICE!

NOTICE TO THE PUBLIC!

THE GENERAL MINING ASSOCIATION (Limited) beg to intimate to the Public that the price of SYDNEY COAL has been Reduced to \$2 per ton of 2240 lbs., a price which it is hoped will place it within the reach of all consumers. The opening of the new winning at "THE SYDNEY MINES" and the fact that the SYDNEY COAL now being shipped is all from the DEEP taken in connection with recent improvements in the process of screening, affords purchasers a positive guarantee of the very superior quality and condition of the SYDNEY COAL now offered for sale. It is a well-known fact that for many years past the prices of other Cape Breton coals have been regulated by the rates fixed for SYDNEY COAL; but while it is true that other coals, to get a sale at all, have been pressed on the market at various prices under the current rate of SYDNEY COAL, it is no less true that, taking into account the superior lasting qualities of SYDNEY COAL when compared with other Cape Breton coals, the advantage, both as to economy and convenience, is in favor of SYDNEY COAL, even at a much higher price. The General Mining Association (Limited) regret that they should again have to caution the Public against the attempts being made from time to time to induce them to buy inferior coals purporting to be "EQUAL TO SYDNEY," "SUPERIOR TO SYDNEY," etc., etc., while some yet more unscrupulous vendors have not hesitated to advertise their coal as SYDNEY COAL (from some designated locality). All these efforts to sell coal by such means are only so many admissions on the part of those who make them of the STANDARD character of SYDNEY COAL. It has come to the knowledge of the Association that in frequent instances parties giving orders to truckmen and others for SYDNEY COAL have been furnished with other and inferior coal. The Public are cautioned against permitting themselves to be imposed upon in this way. Every vessel loaded at THE SYDNEY MINES is furnished with a certificate of the cargo being Sydney Coal. Parties purchasing should satisfy themselves by demanding the production of this certificate. The "Sydney Coal" is registered under the laws of the Dominion, and unauthorized parties using the Trade Mark "SYDNEY COAL" are liable to prosecution. CUNARD & MORROW, Agents G. M. A., Halifax, N. S. THE Subscribers having been appointed Agents for the Lessee of the above Mines, are prepared to issue orders for Round & Slack Coal. This Coal is becoming very favorably known, has proved of superior quality, both for domestic and steam purposes, and given, in all cases, the highest satisfaction. Professor Dawson, in his report on the Victoria Coal Mines, says:—"The Coke is vesicular and of excellent quality, and leaves very little ash, so that, on the whole, it may be regarded as one of the finest coals of Cape Breton for any uses to which Bituminous Coal is applied." Persons using it for grates and other domestic purposes agree, also, in saying that it burns quite as well, and can scarcely be distinguished from the OLD MINES Sydney Coal. Price of Round Coal, f. o. b., \$1.70 per 2,240 lbs. The Company's Shipping Wharf, inside South Bar, Sydney Harbor, has capacious accommodation for vessels loading 25 feet. FENTON T. NEWBERRY & CO.
