

Panthers On The Move

The Lady Panthers are on the road and the men do both this weekend in AUAA action. The vastly improved Lady Panther Field Hockey squad travel to Newfoundland and square off with the nationally ranked Memorial University Beothuks. When asked to comment on her team's chances this weekend, Coach Barb Mullaly stated "Memorial is presently ranked number six in the country, they have a strong, well-balanced team and are a definite contender for AUAA honors. However, if we keep the pressure on them, and continue to improve as we have each outing, Memorial is in for a surprise. We've been creating the scoring opportunities, but have been unable to finish off the plays. Hope-

fully, things will fall into place this weekend."

Andy Cameron's Soccer Panthers face the Mt. Allison team in Sackville on Friday and return home Sunday at 12 noon to face the fast improving Memorial side. Cameron said, "Right now, Memorial is the team to watch. Last weekend, they beat and tied St. Mary's and we all know the difficulty we had with St. Mary's, it was a penalty kick late in the game that got us through that game. We also realize Mt. A. is still smarting over the 4 zip beating we put on them last week and they are itching to get us on their field. This is a key weekend for us, and we'll have to be sharp for both games."

When asked to comment on

why his team dropped in the national rankings, Cameron was quick to point out, "it's still early in the season and I

guess we haven't impressed anyone yet. We're coming, our defence continues to be

strong and our offense is just now starting to jell. Two good games this weekend could make a difference".

SPORTS

For the longest time there were no SPORTS. Mostly because there were no PEOPLE... as this picture proves.

THE LONGEST TIME

The next day, a caveman named Abner Doublesmqk picked up a ROCK which he didn't need or know what to do with.

Abner Doublesmqk making his most famous kick-up.

So, he threw the rock away and SPORTS were invented.

Abner Doublesmqk inventing SPORTS.
