NOTICE is given that at the coming session of Parliament application will be made for an act to incorporate the Methodist Church of Canada, the Methodist Episcopal Church in Canada, and the Primitive Methodist Church in Canada, and the Bible Christians under the name of the Methodist Church, on the basis of Union adopted by the said four denominations.

THE Dominion Government has forwarded advice to the Provincial Government of British Columbia to the effect that \$20,000 has been placed to the credit of the Province as a first instalment of the dock money refund. There is yet \$220,000 of a balance, which will more than likely be forwarded in time for next year's estimates.

Anson, A. D. C.; Lady Florence Anson, H. Stratfield, A. J. Galpin and servants in attendance upon his Lordship and suite.

FOR THE WEST.—The Moncton Transcript of the 23rd says: Yesterday's afternoon express from Halifax brought four families from P. E. Island. They stopped in the waiting room of the railway station till the arrival of the Quebec express this a. m. Twenty-three children were among the number. Two of the families were going to Montana, U. S., and the others were bound for the Northwest.

A FATAL ACCIDENT occurred at Trois Pistoles, a few days ago, under the following circumstances: A laborer named Napoleon Beaulieu was working at the tower of a church, when a scaffolding gave way, and he was precipitated to the ground below, a distance of forty feet. The unfortunate man expired a few hours later, after enduring atrocious sufferings, and leaving a wife and nine children in indigent circumstances.

THE keeper of the Alms house at Buffalo, N. Y., has sent in his annual report to the Supervisors. The total number of persons cared for during the year was 2,357, of whom 116 are charged with being Canadians, the bulk being from Ontario, but one each being from New Brunswick and Nova Scotia. Ireland and Germany furnished about half of the inmates, England and Canada an equal number, while only 27 Scotchmen figure on the record.

ASHORE AND ABANDONED.—A despatch of the 19th, from Savannah, reports that the Barque "John Lefurgey," Nicholson, from Pensacola for Buenos Ayres, with a cargo of lumber, went ashore on the shoals on the south end of Tybee lighthouse. The "Lefurgey" became water-logged when three days out from Pensacola, and was endeavoring to reach this port when she went ashore. She is pounding heavily and it is expected will go to pieces rapidly.

DOMINICK BUOTE, of Rustico, an honest, industrious trader, who is doing all he can, in an honorable way, to support a wife and family of eight children, had the misfortune, a week since, to have his purse, containing about \$17.00 in cash, lost or stolen from his residence. This to some may appear a small sum; but to one who has to earn, with hard work, every dollar he owns, it is a loss which he must feel, more especially as it was his savings, wherewith to procure winter provisions for his weak and helpless children. Mr. Buote is a sober, industrious man, and we sympathize with him. We trust, however, that, if the money was stolen, sooner or later restitution will be made; and, if lost, it is to be hoped some one will find it, who will restore it to the owner at his residence in Rustico.

EDWARD KELLY, Esq., of Lake Verd, has completed a beautiful residence on the corner of Prince and Sydney Streets, opposite the Methodist Church. The main building is thirty-four by thirty-seven feet. Attached to it is a kitchen two stories high, twenty-one by seventeen feet. The main building is two stories high with mansard roof, is very neatly proportioned, and well finished. It contains in all fourteen spacious rooms, besides five large well arranged halls. The interior finish of the house from attic to cellar is superior in every respect. The kitchen is fitted with a pump and other conveniences. The yard is large and the outbuildings—coach-house, stable, shed, pump-house, etc., well arranged. Altogether the premises are well adapted for a gentleman's residence. They are highly creditable to the owner, Mr. Kelly, and we believe we learn that they are to be let, and will be ready for occupation this week.

JOHN L. SULLIVAN, the famous pugilist, has been going ahead lately, and is renewing his old life of debauchery. In Saratoga a few days ago he narrowly escaped being mobbed. His new saloon burst him upon his temperance idea, and since its opening he has been going badly.

THE iron steamship "Heidmald," from Christiansand, Copenhagen, arrived at quarantine, New York, Monday afternoon on fire. There were 303 steerage and three cabin passengers on board who, with their baggage were saved. Assorted cargo seriously damaged but will be saved.

THE Hon. W. W. Sullivan entertained the officers of the "Griffon" last night at a ball at his residence. There were a large number of invited guests present. BARRY, of Bradford, has succeeded Marwood as public hangman. Barry, who was for some years in the county constabulary, and afterwards in the borough police force, is now employed by Mr. Wilson, bootmaker, of Bradford. He is not a man of very tall, stalwart frame, and does not appear very strong. He is described as a sober, industrious man of quiet manner. When he went from Bradford to apply for the office in London, he took a silk rope which he had specially plaited for him, and which was fitted with a special loop made by a local firm of ironmongers. With this rope he said he could cause death quicker than Marwood did.

The New York Tribune says stock transactions on the 19th were larger than for any day for some time, and in the morning the activity was extraordinary. Some large operators in stock expressed great confidence that for the present the worst had been passed. Gould said he had no fears of a panic, because low prices were constantly attracting new buyers, who took stocks out of the street. The Sun says it was reported on the 19th that Gould, Vanderbilt, Sage and Field had been consulting concerning concerted support of the market. Gould said he proposed to continue time, money and energies to his own stocks; he knew what they were worth and was satisfied with them.

A PUBLIC temperance meeting was held in the Division Room, Georgetown on Saturday last. William Sanders, Esq., occupied the chair. The Grand Scribe and P. W. Patriarch Smith, of Charlottetown, addressed the meeting, as did also John Weatherbie, Esq., of Georgetown. The addresses were very practical ones, showing that the speakers had the temperance cause really at heart. The Chairman, who by the way has been a member of the Order, for more than thirty-five years, read a brief but excellent article from the pen of P. M. W. Patriarch Ransom, giving a clear and minute insight into the early history of that Grand Old Order. At the close of the public meeting, "Diamond of the Desert" was opened in due form, and after an initiation, election, and installation of officers, election and other necessary business, it adjourned in Love, Purity and Fidelity. This Division will resume its regular weekly meetings every Monday evening.

No delay no heavy premiums, no enormous profits at the expense of the insured!

This company having made the deposit of \$50,000 at Ottawa, as required by law, offers this further guarantee as to the prompt payment of its obligations.

Every policy in this Association for \$1,000 is secured by the obligations of its members representing upwards of \$2,000,000 and rapidly increasing.
