

Candle Lighting Service Is Held

Mission Band Has Annual Meeting

The annual meeting of the Mission Band of Trinity United Church was held at the manse Wednesday afternoon. The members of the band were delighted to have Mrs. Fraser back with them after her illness. She expressed her appreciation for gift and messages from the children; she also commended them for their diligence, good attendance and spoke highly of the capability of retiring officers, Marion Clark, Phyllis Nicholson, Sandra Stewart.

After the opening devotions and presentation of mite boxes, the election of officers took place. The new officers are President Wayne Stewart; first vice president, Lorne Cudmore; second vice president, Phyllis Nicholson; secretary, Peggy MacLeod; treasurer, Florence MacDonald.

Mrs. Fraser was assisted at the meeting by Mrs. E.H. Stewart. The members after singing some of their new songs, enjoyed a treat and closed the meeting with the Mizpah benediction.

OLD DENTISTS

Artificial teeth made of bone or wood have been found in Egyptian skulls from centuries before Christ.

On Sunday evening, Dec. 30th, the annual C.G.I.T. candle lighting and vesper service was held in Trinity United Church, Montague, under the leadership of Mrs. Archie Hillech, assisted by several members of the choir and the church organist, Mrs. L.A. Johnston. The Scripture lessons were read by Misses Dorothy Annear and Myran Beck. The candlelighters were Misses Norma Annear, Jill Blackland and Gillian Taylor. Two anthems were sung "What Child Is This" and "The Holy Child". Mrs. Cyrus Shaw read a Christmas poem, also the story "Beautiful Is The Child".

A large congregation attended the service. Misses Dorothy MacDonald and Veronica Taylor acted as ushers for the occasion. Rev. J.M. Fraser pronounced the benediction.

After the service Mr. Charles Fraser, Sunday School superintendent, showed a film depicting nativity scenes, a fitting climax to the foregoing service.

Little Scotty Likes HOCKEY GAMES AND SUBURBANITE WINTER TIRES BY GOODYEAR

Little Scotty is one of the Island Senior Hockey League's strongest supporters. He's been a hockey lover from away back. Just the other night as he watched Orin Carver race down the ice he leaned over to Heath MacPhail of Cornwall and said "The way Orin's skates dig in remind me of those Suburbanite tires by Goodyear. They cut right into ice or snow to give you so much go. A Suburbanite tire on a car or truck with those 1856 biting edges provide so much gripping power. You can drive with a hockey fan from Covehead or a fan from Morell and you'll see the hockey games at the Sports Arena regardless of the ice or snow as long as you are driving on suburbanites." See them now at Island Tire Service. They're the real answer to your winter driving problems.

DRIVE SAFELY DRIVE SURELY WITH SUBURBANITE RETREAD

Island Tire Service will retread your own tires with the Goodyear Suburbanite Tread to give you the same traction, features and quality as the new tire at a much lower cost. Drop in today and see us for your tire needs.

effect. As for the final points of large-scale unification and integration as discussed in countries such as the United States, Capt. Fraser-Harris would only say it's patently clear from the results of the present expedition that Canada can successfully mount an integrated force without anybody losing identity or submerging tradition.

Since it became Canadian policy to contribute to an international police force, there has been complete understanding of the objective and good humor and mutual respect in getting the job done.

He was shot down in Norwegian and North African operations during the Second World War and made his escape. Also as a naval flier he took part in the Battle of Britain, the Malta convoys and the sinking of the German cruiser Koenigsberg.

He won the Distinguished Service Cross and bar and after the war added to his honors, including the United States Legion of Merit, and gained experience commanding the destroyer Nootka on her first tour of duty in the Korean theatre.

He was also the first chief of the navy's Shearwater Air Base near Halifax. A couple of years ago he toured the world's trouble spots with members of the National Defence College and took command of the Magnificent last August.

WHAT ABOUT INTEGRATION?

A reporter asked the captain what he thought of the talk of a policy of integration that might even go as far as one uniform and one standard for all forces. After all, in a small way he was watching integration work aboard his own ship and at all levels. "This is a matter on which it is not my business to give an opinion," he said, "but I can only offer what I've observed over the years.

"In our country we raise our forces by the volunteer method and Canadians, with cherished independence, pick out the service they like most.

"Each service obviously has its own distinctive appeal to them and they'll tell you they wouldn't belong to any other. But they don't mean they can't work in an
