

What is Scott's Emulsion?

It is the best cod-liver oil, partly digested, and combined with the hypophosphites and glycerine. What will it do? It will make the poor blood of the anæmic rich and red.

It will give nervous energy to the overworked brain and nerves. It will add flesh to the thin form of a child, wasted from fat-starvation.

It is everywhere acknowledged as The Standard of the World.

FOR THE WOMEN

Chiffon Scarfs.

London and Paris are responsible for the long and wide chiffon scarfs which threaten us. These are tied round the neck and knotted in a large bow under the chin, with long, full ends falling to the feet, or they are fastened at the back of the round hats, knotted on one side of the face, and also with very long ends reaching to the hem of the dress.

Toilet Hints.

Carrots are advised to be freely eaten in summer time, as they are thought to be a remedy for freckles.

Watermelon juice is said to be not only very soothing and agreeable to the skin, but a complexion beautifier and complete remover of freckles.

Cleanliness of the skin has a great effect on the general health, and it is well known that if one has been exposed to infection the best thing to do by way of precaution is to take a hot bath immediately.

For gray hair an English writer advises to wash the head with claret and take iron and Burgundy as a tonic.

A lotion which is designed to keep the complexion clear and free from spots is made by mixing two drams of tincture benzoin with one pint of rose-water.

Snap Shots in Model Kitchens.

An automatic ventilator that neither sleeps nor forgets, but constantly secures a free exhibit of hot and contaminated air and an abundant entrance of that which is pure.

Walls and ceiling of patent plaster finished with enamel paint.

Simple wood moldings and doors finished with waterproof varnish.

A full length closet well supplied with shelves, racks and hooks of various sizes and shapes for holding stoveware and other cooking utensils.

A brick foundation for the cooking range.

A sheet iron hood placed over the range and connected with flue in the chimney, to carry off the steam and odors from cooking.

Floor covering of linoleum, with geometrical design in soft pretty colors.—Demorest's Magazine.

Delectable Rice Pudding.

Rice pudding in its simplest form is delicious, but it is often spoiled by the addition of eggs and raisins. Properly made it should contain only rice, milk, salt, sugar and nutmeg in the proportion of one-quarter of a cupful of rice to two quarts of milk, the remaining ingredients being added to suit individual taste. It should be baked in a slow oven for fully two hours, and as often as a yellow crust forms over the top it should be stirred under. So made and served icy cold it is delectable, according to Table Talk.

A Delicious Cheese.

A delicious cheese may be made with one cupful of fresh cottage cheese. Put it into a piece of cheese cloth and press out all the liquid. Add to the drained cheese a heaping tablespoonful of parmesan cheese, a salt-spoonful of salt, a dash of paprika, one tablespoonful of cream and a couple of ounces of melted butter. Mix these ingredients well together and press the

"Drugs are expensive. Sometimes they are more expensive than need be. And sometimes they are not so reliable as they ought to be.

There was a time when the prices of drugs were away up—too high altogether.

That is not the case now. The Apothecaries Hall changed that some time ago. You can get prescriptions from pure drugs at the proper prices—no fancy profits. You can get all my reliable special remedies; they've been tried and found effective.

The price—the main thing—will be found right in every case.

mixture into small balls of the size of a walnut and serve with a salad. When serving with crackers, some chopped water cress or parsley added to the other ingredients is an improvement.

Household Brevities.

A wrinkle given by a country woman is that her way of keeping a cut cheese from molding and spoiling is to wet a piece of cloth in vinegar and wring it out as dry as possible. Wrap the cut cheese in this damp cloth. Then roll it in paper and keep in a cool place.

Saucepans should always be kept bottom upward and without their lids. If there is no proper pot stand, they should project about one inch beyond the edge of the shelf or board, so that the air can get to them freely, and thus treated, they never acquire a musty flavor, however long unused.

Closet shelves and floors washed with hot water and cayenne pepper will tend to keep away ants and roaches. Borax and alum may be sprinkled under the shelf paper, or an underlayer of tar paper is effective.

Half a dozen ordinary marbles, such as boys play with, bobbing around on the bottom of a kettle of fruit or juice that is being cooked preparatory to jelly or canning will lessen the amount of stirring necessary to prevent burning.

Dr. A. W. CHASE

DISCOVERED A NEW TREATMENT FOR NERVOUS DISEASES

In his study of diseases of the nerves, Dr. A. W. Chase found that in nearly every case the cause of trouble was improper nourishment. About one-fifth of all the blood in the human body is found in the brain, and unless this blood is rich and pure the nerves cannot obtain proper nourishment, and become worn out and exhausted.

Nervous depression, nervous headache, nervous dyspepsia, loss of sleep and vital force, lack of energy, are symptoms of weak, watery blood and exhausted nerves.

It was as a food for blood and nerves that Dr. A. W. Chase's Nerve Food was prepared. Its remarkable success in curing all diseases arising from thin blood and impoverished nerves is proof that Dr. Chase's theory of feeding the nerves and blood is the proper one.

Stimulants only urge on the tired and worn out nervous system until there comes a complete collapse.

Dr. A. W. Chase's Nerve Food creates new brain and nerve cells, and makes the blood pure and rich. It restores to the exhausted nerves the vigor of perfect health. See a large box, at all dealers, or Edmanson, Bates & Co., Toronto.

BERLIN CONFIRMATION.

Andrew Hauss Corroborates the Report That Dodd's Kidney Pills are the Only Cure for Lame Back.

BERLIN, Aug. 21.—Andrew Hauss, of this town, confirms the story that he was quickly cured of pain in the back and kidneys by Dodd's Kidney Pills. He had tried rubbing with liniments and various other remedies to no purpose, and he was advised to take Dodd's Kidney Pills.

"I did," he says, "and got better from the time I started to take them. I am sincere in saying that Dodd's Kidney Pills cured me, for which I cannot be too thankful."

In a letter dated June 19, 1899, Mr. Hauss answers an enquiry as to his cure by Dodd's Kidney Pills as follows: "I am pleased to say I am cured entirely through taking Dodd's Kidney Pills."

Yours truly, ANDREW HAUSS.

Weary of Experimenting

With salves, suppositories and ointments and creating a surgical operation, scores and hundreds have turned to Dr. A. W. Chase's ointment and found it an absolute cure for the terrible itching and it is very seldom that more than one box is required in effect a permanent cure.

She—I will marry you on one condition you must give up your pipe. He—I will on better than that, I will buy a brand new one.

School Girls' Nerves

Many a pale, weak school girl, suffering the evil effects of an exhausted nervous system, and thin, watery blood, has been fully restored to the vigor and buoyancy of robust health by using A. W. Chase's Nerve Food. The beautiful glow on the cheek and the brightness in the eye tell of the building up process which is taken place in the body.

The average man who tries heroic measures gets a misfit.

Rheumatism Can't Exist

When the kidneys are kept healthy and vigorous by the use of A. W. Chase's Kidney-Liver Pills. It is Uric Acid left in the blood by defective kidneys that causes rheumatism. Dr. A. W. Chase's Kidney-Liver Pills make the kidneys strong and active in their work of filtering the blood, and this removes the cause of rheumatism. One pill a dose, 25 cents a box.
