The Redistribution Bill.

On Friday last Sir John Thompson introduced a bill for the redistribution of seats in the House of Commons, in accordance with the first section of the British North America Act...

Imperial Federation.

SIR CHARLES TUPPER'S masterly article in the Nineteenth Century for April has been widely read and discussed. In it Sir Charles deals with several of the objections which were raised to the scheme of Imperial Federation...

Then, Sir Charles directs attention to the question of defence. Sir Charles had combated the idea that the colonies should be taxed for the special purpose of Imperial defence...

"I yield to no one in due appreciation of the great value to Canada of the army and navy diplomatic service of England. But I deny that any additional burden is imposed upon this country by the possession of Canada..."

He further points out that Canada is pledged to appropriate £165,000 sterling per annum to provide a steamship from England to Canada and between Canada and Australia...
