

### O'Leary

—Youth Sunday was fittingly observed in the St. Lukes Church, on Oct. 17, when the young people of the church took a very active part in the services. The first lesson was read by John Wedlocke. Second lesson was read by Eric Phillips. A very fine solo was sung by Miss Betty Phillips, "Jesus Bids us Shine" and a lovely duet "God Sees The Little Sparrow Fall" was sung by Misses Betty Phillips and Adrian Webb. Rev. MacMahon gave a fine talk on youth work, and the part youth has to play in the work of the church as well as elsewhere. The collection was taken up by Keith Paugh and George Adams.

The many friends of Mr. Henry Dignan are sorry to hear that he is ill at his home in Carleton, Lot 16.

Mr. and Mrs. Howard Ling of Hunter River, and Mr. and Mrs. Angus MacDonald of New Glasgow, were visitors to O'Leary on Sunday, guests of Mr. and Mrs. George Jelley and Miss Olive Jelley.

Some repair work is being done on the Community Hall. The exterior has been painted and it looks much improved.

The St. Lukes W. A. met at the home of Mrs. Heber Bryan on Monday night with the president Mrs. Ban Webb in the chair. Ten members answered the roll call. Mrs. Alton Rayner gave a reading. Mrs. Jutty Smallman had the Psalm of the day. Mrs. Heber Bryan offered prayer. Mrs. Thomas Duncan had charge of the Study Book and Mrs. Ellis read the Scripture and offered prayer. Next meeting will be held at the home of Mrs. Ban Webb.

On Thursday night a miscellaneous shower was held in the school room of the church, in honor of Mr. and Mrs. Merrill Chisholm. Rev. Robert Wagner welcomed Mrs. Chisholm to the church and to the community. Mr. Chisholm has been here for about a year as he is Chief Clerk in the Bank of Nova Scotia in O'Leary.

Mrs. Blanchard MacIsaac has gone to visit her relatives in Scotland. This is Mrs. MacIsaac's first trip home since coming to the Island a few years ago. Mr. MacIsaac accompanied her as far as Halifax, N. S.

Mr. and Mrs. Harry Boulter, O'Leary, spent Sunday visiting at the home of Mr. and Mrs. Harold Gillis in Bideford.

Mrs. Lucy MacNevin has returned to her home in O'Leary after a pleasant visit with her son and daughter-in-law, Mr. and Mrs. David MacNevin in Milo.

Mr. and Mrs. Truman Pate of Summerside, spent the week-end at the home of Mr. Pate's parents, Mr. and Mrs. Jack Pate, O'Leary.

Mr. and Mrs. Lorne Yeo of Mill Road were Sunday visitors to Montrose, guests of Mr. and Mrs. Lloyd Dunbar and family.

Mr. Gilbert Gaudet has returned to his home in Woodstock after spending a few days in Halifax. —CP.

### Potato Pickers Returning Home

Many of the potato pickers who came to the Island by way of the National Employment office in Charlottetown, are returning to their mainland homes. The Charlottetown office looks after the needs of Queens and King Counties, and the Summerside Office arranges the importation of farm help for Prince County.

All potato pickers brought to the Province by the two offices are provided with free transportation, and if their services are satisfactory are given return fare to their homes. There is the further stipulation that pickers must remain in the Province as long as they are needed. Thus, many of them complete a tour of duty with one farmer then report to either the National Employment Office in Summerside or Charlottetown and are sent to the farm of another grower.

As a check on his entitlement to a return ticket to his home, each picker carries a card giving his name and address and with space enough, whereon his employer can certify as to his usefulness. Without this certification no transportation is issued.

A considerable number of men come to the Island each year on their own initiative, and without being approved by the National Employment Offices on the mainland. No responsibility is assumed for the transportation of these workers. The Charlottetown office brought only about fifty men to the Island this year but the Summerside Office handled several hundred pickers, mostly Nova Scotians.

Practically all of the men who arrived in the Province this year proved reliable workers, with an odd one falling short of the expected standard.

Transportation costs of the annual potato movement are shared on a fifty-fifty basis by the Fed-

### SPRINGFIELD W. I.

Mrs. Reginald and Miss Muriel Haslam entertained the members of the Springfield Women's Institute for the October meeting with an attendance of nine members and two visitors. A report was given on woollens which were shipped; also a report on several details of the history was heard. Two bills were passed in and it was moved and seconded that these be paid. Sick committee reported one get-well card sent. Mrs. Clarence Haslam was appointed on the school committee for the following month.

Correspondence and new business was then discussed including ordering of Christmas cards. It was decided to send a copy of the Springfield history to the adopted Institute in England.

Next meeting is to be held at the home of Mrs. George Dunning, roll call to be the payment of annual fees. On the lunch committee are: Mrs. John Hogan, Mrs. William Haslam and Mrs. Clarence Haslam.

Mrs. Reginald Haslam had charge of the program and read

eral Department of Labor, and the Provincial Department of Agriculture. Through the National Employment Service arranges the movement of the potato pickers, and issues travel warrants, it bears no share of the expenses.

### Report Koreans Need Shelter And Clothing

OTTAWA (CP) — Shelter and clothing now are the most urgent need of Koreans, says an official of the United Nations Korean Reconstruction Agency.

King Gordon, information director for the agency, said in an address Monday night that many Koreans live in improvised shacks and their children are without clothing.

"That's not bad during the summer," he said, "but they'll have a tough time this winter if there isn't enough clothing."

An interesting article on Edna Jaques. The program also included two of her compositions, the poem "Autumn" read by Miss Muriel Haslam; also the song "October" sung by Mrs. John Hickox. Following the closing of the meeting, lunch was served by the hostesses and committee in charge.

### "CAMEO" KENSINGTON

# FERTILIZERS FOR 1955

## 6 - 12 - 12 INSTEAD OF 5 - 10 - 10 BECAUSE

1. It's the same ratio of Nitrogen, Phosphorus and Potash.
2. 1666 lbs. 6-12-12 equals 2000 lbs. 5-10-10 in N.P.K.
3. It's cheaper per unit of plant food because of less handling, bags and transportation.

### OTHER FERTILIZER AVAILABLE:

3-15-6\*, 6-12-6+, 5-10-13+, 9-9-7\* and 0-20-20  
(With and without magnesium + or boron\*)

For further information, ask your nearest Agricultural Representative, Agricultural College or Experimental Farm for a copy of Provincial Recommendations.

Coal Keeps them Clean, Warm and Healthy

Through its steady, reliable controlled heat, coal protects your family from chills, colds and discomfort. Modern coal is dustless and, when used

in modern coal furnaces requires no effort. The thermostat

does the job. There's a type of coal for every purpose. It comes to you

oiled and washed and at a saving of at least 20% over other fuels.

This winter you can cut fuel costs and assure your family's comfort by buying Nova Scotia coal.

### COAL PAYS THE BUTCHER

The \$50,000,000 which the Maritime coal industry distributes annually in wages helps keep all Maritimers prosperous. The butcher, the baker, and even the candle-stick maker all share in it through the daily purchases of employees. Without the coal industry retailers selling products and services in the Maritimes would lose \$50,000,000 worth of business.

In addition to this the coal industry annually spends \$15,000,000 for stores and supplies and provides \$8,000,000 in business to the transportation companies.

A healthy coal industry is essential to Maritime prosperity. Buy Nova Scotia coal.
