

THE DAILY EXAMINER. SEPTEMBER 5, 1889.

Lieutenant-Governor Carvell.

The evident satisfaction of the public with his appointment must be very pleasing to Lieut.-Governor Carvell. As the architect of his own fortune, as a man who has made his way in a small community, it might naturally be expected that enemies would arise to oppose or denounce his appointment to the highest and most honorable public position in the province. But, apart from a depreciatory doubt expressed by an anonymous scribbler in the opposition press, we have seen nothing of the kind. There was no mistaking the hearty congratulations showered upon him to-day by many of the most influential of our representative men.

Ex-Lieut.-Governor Macdonald.

As an organ of public opinion, THE EXAMINER is in duty, as it is in pleasure, bound to convey to the Hon. A. A. Macdonald and Mrs. Macdonald, on their retirement from the duties of the office of Lieut.-Governor, an expression of the respect and esteem of the people of Prince Edward Island. Mr. and Mrs. Macdonald have exhibited a genuine and hearty interest in every movement towards the moral, material and intellectual elevation of the community. Whether before or after Confederation, the gubernatorial office in this island has been filled by no one who has given more careful attention to our schools and colleges, our annual exhibitions, and all our institutions for the promotion of our welfare. It is highly creditable to Mr. and Mrs. Macdonald that at time of general demoralization in respect to the liquor laws, they stood true to principle, and rigidly held to their determination to prevent the use of wines and alcoholic liquors in Government House. There are some—perhaps many—persons who think that they were, in this respect, too strict. But no one, however fond of liquor he may be, or however wrong or foolish he may deem them to have been, can fail to respect and admire their conscientious adherence to the course they deemed to be right.

Mr. Macdonald has occupied many public positions in this Province, and has done well in all. We trust that he will still be able to do good service for the country.

Notes and Clippings.

The September bulletin makes a very favorable presentation of the state of the crops in Quebec province.

We have great pleasure in announcing the marriage of Mr. Arthur Newbery, and Miss Ella Malcom. The ceremony took place yesterday at the Church of the Messiah, Boston. We extend THE EXAMINER'S hearty congratulations to the happy pair, and wish them continued happiness and prosperity.

A Winnipeg gentleman tells the correspondent of a Montreal paper: "Our crops are away ahead of those in Minnesota and Dakota. Farmers there are ploughing up their grain fields. There is hardly a day but immigrants are coming to us from those States, many of them people who previously left Canada for them. In addition, the land is being taken up about Winnipeg and in the valleys of the Red and Assiniboine rivers. It was previously in the hands of speculators who could not sell. Now it is in demand, and many who went further west are coming back and settling near the city. This is an advantage to the country. Property is going up in Winnipeg, and the prospects are much brighter than for years past."

A Perplexing Question.

LIBERALS PUZZLED AS TO WHAT GROUND GLADSTONE WILL TAKE ON THE IRISH UNIVERSITY QUESTION.

LONDON, Sept. 2.—During Gladstone's stay in Paris he will be entertained by President Carnot, and will undoubtedly experience great difficulty in escaping a degree of social attention greatly interfering with his principal object in going abroad, rest and recreation. Upon his return to England the ex-premier will speak at several liberal demonstrations which the party managers are arranging for during the parliamentary recess. It is noteworthy that Mr. Gladstone's followers, in making arrangements for these meetings have so aimed that they shall rather follow than precede the conservatives' meetings planned. Not only the Tories, but Mr. Gladstone's followers as well, are awaiting with curiosity and anxiety a disclosure of his attitude on Mr. Balfour's Irish university scheme. At present it is impossible to conceive how Mr. Gladstone can reconcile the Parnellites support of the scheme with the dogmatic opposition thereto which the Radicals have evinced. The Liberal press is chary about discussing the outcome of the matter in advance of Mr. Gladstone's declaration, and content themselves with a few angry growls at Mr. Parnell for the ingratitude displayed by himself and his party. An independent endowed Catholic university at Dublin has long been one of Archbishop Walsh's schemes, and it is believed the government's adoption thereof is directly due to that prelate by the ministry. The non-conformists of England will unanimously resent the proposal, fearing it will be followed by Irish support for denominational education for England altogether. The matter can only be viewed in the light of what Americans call a political "deal."

A CURIOSITY.—We have on the editorial table a curiosity—an ear of corn, which by some strange freak of nature has developed into the form of a human hand, with palm and wrist complete, and fore finger showing where the thumb should be, the other fingers looking as if the tops were cut off. It is a most remarkable monstrosity, and excites the wonder of all who see it. It was grown in the garden of Mr. Wm. Knowles, of Marlock, a workman in the furniture factory. *—Globe Journal.*

The Lieut.-Governorship.

Ceremony of Administering the Oaths of Office

TO HON. J. S. CARVELL

A Representative Gathering.

UNUSUAL interest was shown upon the entry of the Hon. J. S. Carvell into the office of Lieutenant-Governor of the Province. We have not seen so many ladies and gentlemen present on any former occasion on which a Lieutenant-Governor was sworn in, as were present at noon to-day, in the Legislative Council Chamber. Among the gentlemen in attendance were Hon. A. A. Macdonald, retiring Lieut.-Governor; Hon. W. W. Sullivan (Premier), Hon. Donald Ferguson, Provincial Secretary; Hon. Geo. W. Bentley, Commissioner of Public Works; His Honor Judge Hensley, Hon. N. J. George, Consul for the United States; His Honor Judge Kelly, Patrick Blake, Esq., M. P. P., Ex-Mayor Dawson, Hon. F. Brecken, E. J. Hodgson, Esq., Q. C., Rev. James Simpson, Incumbent of St. Peter's; Rev. John Read, of the Methodist Brick Church; Rev. Jas. Dixon, of England, and Rev. Dr. Todd, of New York, together with Mr. McGee, Clerk of the Privy Council, Mr. DeBlois, Clerk of the Executive Council, and many others drawn from the private walks of life.

The Governor-General's Commission of appointment was read by Mr. DeBlois, and the Lieut.-Governor then took and subscribed to the oaths which we transcribe from the official minutes as follows:—

OATH OF ALLEGIANCE.

I, Jedediah Slason Carvell, do swear that I will be faithful and true, and bear true allegiance to Her Majesty, Queen Victoria, Her heirs and successors, according to law.

So Help Me God.

J. S. CARVELL.

The foregoing oath was taken and subscribed by His Honor Jedediah Slason Carvell as Lieutenant-Governor of the Province of Prince Edward Island before us, being duly empowered to administer the said oath.

At Charlottetown this fifth day of September, 1889.

JOSEPH HENSLEY, Assistant Judge Supreme Court and Vice-Chancellor in Chancery.

JOHN J. MCGEE, Special Commissioner.

OATH OF OFFICE.

1st. You shall well and truly execute the office and trust of Lieutenant-Governor of the Province of Prince Edward Island and duly and impartially administer justice therein.

So Help You God.

J. S. CARVELL.

2nd. You shall well and truly execute the office of keeper of the Great Seal of Her Majesty's Province of Prince Edward Island according to the best of your knowledge and ability.

So Help You God.

J. S. CARVELL.

The foregoing oaths were taken and subscribed by His Honor Jedediah Slason Carvell, as Lieutenant-Governor of the Province of Prince Edward Island, before us, being duly empowered to administer the said oaths.

At Charlottetown this fifth day of September, 1889.

JOSEPH HENSLEY, Assistant Judge Supreme Court and Vice-Chancellor in Chancery.

JOHN J. MCGEE, Special Commissioner.

As soon as the ceremony was concluded, the Lieut.-Governor received the congratulations of a large number of his friends—the first being his predecessor, the Hon. A. A. Macdonald.

NOTES.

A salute was fired from the deck of the steamer Worcester at noon to-day, in honor of Lieut.-Governor Carvell, and the steamer was gaily dressed with bunting.

Lieutenant-Governor Carvell entertained Mr. McGee, Clerk of the Privy Council, and other gentlemen at luncheon in Government House to-day.

Natural History Society.

THE Natural History Society held its meeting yesterday in McLeod's Hall, Queen Street, as advertised. Hon. David Laird, president, was in the chair. Among those present were Mr. D. Montgomery, Superintendent of Education, Rev. J. C. Macdonald, Rector of St. Dunstan's College, Edward Roche, Esq., Provincial Librarian, Mr. Bain, our island geologist, Mr. Lawrence W. Watson, besides a goodly number of ladies, including several teachers of the public schools, and a number of students from St. Dunstan's College. Principal McSwain, of the Normal School, read his interesting and instructive paper upon the Ferns of the Island, showing some beautifully-preserved specimens of fifteen varieties, and drawings of two others. Mr. McSwain explained the different arrangements and structures of the spore cases of the ferns which determine their classification; and stated, among other interesting facts, that all the varieties abound within ten miles of Charlottetown, and that, considering our geographical position, our possessions of this interesting class of plants are very rich. At the conclusion of the paper Mr. Bain made some valuable additions to the instruction given, exhibited some specimens of the fossil ferns of the Island, which, he stated, abound at Gallas Point and Miminegash, and ended his eloquent speech by an invitation to those present to study botany. Mr. Roche and Mr. Montgomery followed. Mr. Watson spoke of the uses of ferns, dietetic and medicinal, and advocated a second paper dealing with the development and life history of ferns and the practical handling and preserving of specimens.

Consumption Can Be Cured

By proper, healthful exercise, and the judicious use of Scott's Emulsion of Cod Liver Oil and Hypophosphites, which contains the healing and health-giving virtues of these two valuable specifics in their fullest form. Telegraphic Odds and Ends.

A BUDGET OF GENERAL NEWS FROM ALL PARTS OF THE WORLD.

BERLIN, Sept. 2.—The circulation of Saturday's issue of the Paris Figaro was suppressed throughout Germany on account of an article insulting to Emperor William.

LONDON, Sept. 2.—A severe shock of earthquake was experienced in Ezerotum yesterday. The village of Kantozik has been engulfed in lava. One hundred and thirty-six lives were lost.

SAN FRANCISCO, Cal., Sept. 3.—Wells, Fargo & Co. have received information that two of their stage coaches were robbed—one at Bodie and the other at Forest Hill, California—yesterday by a single highwayman, who escaped with considerable booty.

PARIS, Sept. 3.—The anti-alcohol congress has passed a resolution to the effect that the governments of the world ought to be asked to place prohibitive duties on alcohol, and exempt tea, coffee, etc., from customs dues. Statistics show the consumption of alcohol doubled in France between 1875 and 1885.

BERMINGHAM, Sept. 3.—Joseph Chamberlain, in a speech here last night, advised the Government before introducing its Irish land bill to submit to parliament a resolution declaring that Ireland, equally with England and Scotland, is entitled to denominational endowment for educational purposes.

LONDON, Sept. 3.—Labouchere writes to the newspapers that he has learned that Italy joined the triple alliance on receiving a promise from Lord Salisbury to aid Italy and defend the Italian littoral in the event of a European war. Labouchere challenges Sir James Ferguson, under foreign secretary, to publish the despatches in connection with the affair.

LONDON, Sept. 3.—Lord Zetland will be sworn in as Lord Lieutenant of Ireland October 1, and will make his state entry into Dublin December 31.

GRAND FALLS, N.B., Sept. 3.—The news is just received that the town of Barker was totally destroyed by fire yesterday. It is supposed that a man named Ellis with his wife and four children lost their lives. There are also three men missing. Barker is the business centre of the entire Barker district, and it about sixty-five miles south east of Grand Falls. The place will be rebuilt at once.

ST. JOHN, Sept. 3.—An old man named Jas. Patton was struck by the N. E. train to-night and seriously injured. One arm was broken and his face badly cut. He was taken to the hospital. He is 60 years old and is a St. John man, a shoemaker by trade.

News Notes.

It is calculated that the fires in Montana are destroying virgin forests at the rate of \$10,000 a day.

Tenders have been received for the construction of the first section of the railway from Pekin to Ching Kiang.

It is rumored in St. Petersburg that Russia is likely to abandon the present severe system of industrial protection.

An English syndicate is at present negotiating for the purchase of all the tanneries in New England and New York.

All the papers in the North-west territory which have spoken on the subject are in favor of non-sectarian schools.

A Mormon named Ovid has been arrested in Salt Lake City charged with having murdered his wife that he might marry his paramour.

Quebec expects to add 16,000 to her population by the annexation of St. Sauveur. Most Canadian cities have a weakness for this sort of thing. Montreal, Toronto, and St. John have annexed suburbs, much to the latter's advantage. In Quebec's case the city takes rather more farm land into its limits than Montreal, but not so much as Toronto.

Dissolution of Partnership.

WARREN & JONES, Tea Merchants, London, have dissolved. The business will be continued by Mr. WARREN.
