FALL OF LARISSA CONFIRMED

SOME GREEK SUCCESSES.

Powers About to Intervene.

THE OPINION IN LONDON

Combatants Will Probably Agree to an Armistice.

LONDON, April 25.—The fall of Larissa into the hands of the Turks is confirmed. ATHENS, April 26.—A despatch from Arta reports that the Greeks have captured Plaket. Another despatch says that Plaket and Pentepeida have been occupied by the Greeks after being abandoned by the Turks, who have also abandoned Kalitca.

Colonel Manos in force has advanced beyond Pentepeida, on the road to Janina. It is reported at Arta that a rising has occurred in the interior of Epirus.

LONDON, April 26.—What seems likely to be the last week of the war is entered upon today. It is difficult, from the tangle of conflicting telegrams, to understand the exact position of affairs following the Greek defeat at Larissa.

LONDON, April 26.—Opinion here to-day is almost unanimous that the end is in sight and this view is probably shared by the Powers, as they are already moving to intervene.

It is believed that intervention will first take the form of a suggestion of armistice to which the combatants would no doubt agree.

Since Saturday the British Foreign Office has been in close communication with the other members of the European Concert, Great Britain suggesting that the time has now arrived for them to act.

The French, German and Italian Governments have already responded, offer in to agree, although the German Government adds as a condition that it will be necessary first to exact a pledge from Greece to obey the mandate of Europe when their mandate is again given.

The British Foreign Office believes that the Greeks will give this undertaking, as the disasters which have overtaken them have demonstrated that Turkey still possesses a formidable fighting machine,—a fact which must have a sobering effect upon the popular demand for war at Athens, and which will permit the Greek nation to climb down without disgrace, after a superb vindication of the personal courage of the Greek troops and gratifying demonstration of Hellenic patriotism.

SAD SUICIDE IN HALIFAX.

All for Love.

HALIFAX, April 26.—A young girl named Mabel Clements committed suicide here on Saturday evening by jumping over a bridge. Disappointment in love was the cause.

Deaths of Haligonians.

HALIFAX, April 26.—The deaths of two prominent business men in this city occurred yesterday. Mr. H. H. Bell, of the banking firm of Jack & Bell, died in London, where he was spending his honeymoon. Mr. George Kent, proprietor of the old established house furnishing establishment, passed away suddenly. He was at his place of business on Saturday.

Church Evangelist: The Rev. John Watson (Ian MacLaren) gave some wise counsel on preaching in the course of a remarkably beautiful paper read at Sion College, in the presence of a large number of the London clergy. The brilliant chronicler of Drumtochty lamented the lack of positive preaching in the present day, and condemned the affable tolerance assumed by preachers, who either have formed no convictions of their own or who give forth an uncertain sound, because they are consciously or unconsciously affected by the undecided spirit of the age. The Gospel, he maintained, is not to be treated as a series of opinions or good moral maxims, but as a body of positive truth. Our forefathers erred in being far too positive, for they could see in the Divine mind things that nowadays would startle us; but that danger will not recur again, if preachers will take Dr. Watson's advice, and speak positively about the right things and in the right spirit, being careful at the same time to base their teaching on the proper grounds.
