# YEGH!

Yes, it has finally happened! the U.P.E.I. Faculty Association has been completely overcome by materialism and capitalistic desires.

Despite a noble protest by professor Reshard Gool to not support the 15% wage increase, the Faculty Association has decided to ask the U.P.E.I. board of Govenors for a 11% increase in salary!

Professor Robin (steal from the poor; give to the rich) Neal seems to be the main shit-disturber among the Faculty. I am sure he is aware that the average salary of a U.P.E.I. professor ranges from \$10,000-\$14,000!! (tsk, tsk.)

So why is their such a growing desire for money, money, money? U.P.E.I. is poor enough as it is as can be seen by looking at the mens residences and the condition of the sidewalks.

We at the CADRE are suggesting to the BOARD OF GOVENORS review these idiotic demands by the Faculty Associations!!
