CHURCHILL GOV'T WILL TAKE OFFICE IMMEDIATELY

U. S. To Send Modern Weapons To Yugoslavia

Egypt Reveals Terms For Co-operating In Western Defence Plan

CAIRO, Oct. 26 — (Reuters) — Foreign Minister Salah Ed Din Pasha today laid down the terms under which Egypt will co-operate in a Western defence scheme. He said:

1. British troops must quit Egypt and the Sudan.
2. Unity of the Nile valley under the Egyptian crown must be recognized.

Once Egypt's demands are fulfilled, the question of her joining a defence organization "may be subject to consideration," he said.

"There is no scope for bargaining over our legitimate claims and rights," he declared. "Neither, he added, could there be mediation or settlement of the Anglo-Egyptian dispute until Egypt's demands are met."

The Foreign Minister gave the same reasons for Egypt's rejection of the invitation to a four-power defence scheme extended by the

Military Aid Pact Terms Are Finalized

WASHINGTON, Oct. 26 — (AP) — The United States has agreed to send modern American weapons to Communist Yugoslavia to help arm the country against the possibility of outside attack, officials said today. They said American and Yugoslav authorities, after weeks of secret negotiations, have agreed on the terms of a military aid pact to govern the flow of these weapons.

This is the first time in the post-war period that the United States has agreed to send American arms to the government of a Communist country. It is deemed necessary, however, to support Yugoslavia's

Prime Minister-elect Winston Churchill

Wants Great Britain In More Effective Role

LONDON, Oct. 26 — (CP) — Winston Churchill, setting out on his first tour as a peacetime Prime Minister, wants Britain's voice to be stronger and more effective in the world.

To get that result, he aims at building up a stronger team to carry out financial measures to restore confidence in the pound and dump new spirit into private ventures.

Aboard he wants:

1. A meeting with Stalin to try to clear the air.
2. Closer, more personal relations with the United States. That could indicate he plans a personal visit to President Truman.
3. Faster, more effective progress towards a united Europe.
4. Close economic and political ties between Commonwealth countries.

Churchill himself may be Defence Minister as well as Prime Minister.

But Churchill as Prime Minister does not mean that Britain

Home Destroyed At Clyde River

A \$10,000 fire yesterday morning totally destroyed the home of Mr. and Mrs. Norman Hyde, Clyde River. It left them and their six children temporarily homeless. Mr. and Mrs. Hyde were in Charlottetown at the Market and their hired man and two sons were working in a turnip field when the fire started.

Origin of the blaze is unknown, but it is believed to have begun in the kitchen. There was no one in the house at the time as the other four Hyde children were in school. Neighbors quickly gathered, but were helpless in the face of a blaze which roared through the house. Lack of water hampered fire fighting efforts and the only thing saved was one chair as all other contents went up in flames.

In the cellar at the time to help swell the loss were 2,000 bushels of seed potatoes.

The estimate of the loss made by Mr. Hyde was between \$8,000 and \$10,000. He said there was a little insurance amounting to only a fraction of the value of the house and contents. He and his family are temporarily being cared for by neighbors but he said he would have to rebuild as quickly as possible because, "When you have a large family, that is all you can do."

Attlee Resigns Post As Defeat Is Admitted; Churchill Calls On King

By ALAN HARVEY
LONDON, Oct. 26 — (CP) — Six years of a revolutionary experiment in Socialist Government ended for Britain tonight as wartime leader Winston Churchill, fighting his 14th election in half a century, led his Conservative Party triumphantly back to power.

Attlee told his gloomy followers that the Liberal voters who had plumped for Churchill had cost Labour the election. "I do not think there is any reason to dispute that our loss of seats has been due to the fact that more Liberals voted Conservative than Labour."

All the way it was another exciting battle of ballots between the two big parties. It also was a duel in which the 77-year-old wartime leader and his party edged their way to victory with less than half of the popular vote.

After trailing in early results from Thursday's polling, Churchill and his party cohorts drew level with Labour shortly after mid-day today, then steadily pulled ahead on the strength of

Potato Board Hearing Set For December 11th

Authority of the P.E.I. Potato Marketing Board to issue orders and the validity of the P.E.I. Agricultural Marketing Act will be tested before the Supreme Court of Prince Edward Island when a hearing is held Tuesday, December 11.

This week the Supreme Court of Canada turned the case back to the local Supreme Court, ruling that it had no jurisdiction unless the case came before it on appeal from a decision of the Provincial Court.

The case originally came before the Supreme Court here July 27 last when a reference was heard with the Potato Board as Plaintiff and H. B. Willis Inc. as nominal defendant. At that time counsel for both sides stated that regardless of the decision of the Supreme Court an appeal would probably be made to the Supreme Court of Canada.

For that reason the Full Bench here agreed to the removal of the case to the higher court to save time as an early decision on the matter was desired by both parties. At that time Mr. H. F. McPhee, K.C., appeared for the Potato Marketing Board; Mr. K. M. Martin for the nominal defendant; and Mr. J. O. Campbell, K.C., represented the Attorney General's Department. A formal motion for the removal of the case to the Supreme Court of Canada was made by Mr. Martin and concurred in by Mr. McPhee. Mr. Campbell declined comment at the time as he had not intervened in the case.

Just before adjournment of the Supreme Court en banc yesterday morning Mr. J. O. Campbell, K.C., drew the matter to the attention of the Court. He said it was desirable to have a decision here in order to permit filing of an appeal to the Supreme Court of Canada for the February sittings. He said that it would be necessary to have a decision by Christmas to permit time enough to prepare. The Supreme Court, with Summerside and Georgetown Supreme Court sittings to be held in the near future, examined the calendar and set the date for the hearing as December 11 next.

CHILD KILLED

BATHURST, N. B., Oct. 26 — (CP) — Jean Guy Ferguson, 11, of Grand Anse, was killed yesterday when a car driven by his father, Gilbert Ferguson, left the road and crashed into the ditch at Bass River, five miles from Bathurst. No inquest will be held.

Nine Canadians Win, Four Lose In Election

LONDON, Oct. 26 — (CP) — The Canadian "touch" remote though it might have been in some cases, had vote-catching powers in Britain's general election for nine candidates. But it was of no help for three others.

Thirteen candidates, either Canadian-born or with connections in the Dominion, ran in the election representing all the major parties.

Sir Peter Macdonald, born in Nova Scotia and educated at Dalhousie University in Halifax, remained for the Conservatives the man of weight since he has held since 1924.

Another Nova Scotian, Dr. A. P. Magonet, was defeated as Labor standard-bearer in Beckenham. Magonet, a native of Glace Bay — who has won considerable fame in Britain through use of hypnosis in child-birth, has been in Britain since 1939.

The Southgate riding returned Toronto-born Beverley Baxter to parliament where he has been a Conservative member since 1935. Baxter was editor-in-chief of Canadian-born Lord Beaverbrook's Daily Express from 1929 to 1933.

Two other Toronto-born candidates who were successful were William Travers Aitken and E. H. C. (Ted) Leather.

Aitken, a nephew of Lord Beaverbrook, was elected as a Conservative in Bury St. Edmunds, Leathers, who grew up in Hamilton, was elected as a Conservative in Somerset North.

Other successful candidates with Canadian connections were:

- Eric Johnson, a former cattle rancher from British Columbia's Cariboo district, who won for the Conservatives in the Blackley Division of Manchester.
- Lady Tweedsmuir, 36-year-old wife of Lord Tweedsmuir, was re-elected by Conservatives in Aberdeen South. Lord Tweedsmuir is the son of a former Governor-General of Canada.
- M. MacPherson, Labor, a former lecturer at University of New Brunswick in Fredericton, was re-elected in Stirling and Falkirk.
- Richard Law, son of the late Andrew Bonar Law, Canadian-born Prime Minister, was re-elected by Conservatives in Kingston Upon Hull — Haltemprece. He is considered a likely member of Winston Churchill's new cabinet.
- C. E. M. Donaldson, who was Canadian naval liaison officer in Portsmouth, England, in 1944 and served with the Royal Canadian Navy at Halifax and west coast bases, defeated a Liberal to gain the Roxburgh and Selkirk seat.
- Among the losers were: G. Morris, a Labor candidate who served in the last war with the Canadian army. He was defeated West.
- Ian Percival, Conservative of the late Eldon Percival, Canadian assistant of the Agent-General for Ontario in London, Percival polled a small vote in a two-way battle with the Labor candidate in the London suburb of Battersea South.
- H. E. Richardson, who ran as Liberal candidate in Westbury. He was educated in Canadian schools.

Gov-General's Term Extended Another Year

OTTAWA, Oct. 26 — (CP) — A second extension—until next autumn—of the term of Viscount Alexander as Canada's governor-general was announced tonight by the government.

"This means that the popular 59-year-old soldier who likes to paint and square dance will be here for virtually another year."

Informed quarters said the step, taken after consultations among the King, Viscount Alexander and Prime Minister St. Laurent, was taken for one reason: The government thinks Canadians would like to have His Excellency around longer and His Excellency was quite willing to stay.

The Standing

Based on returns from 619 seats, this is how the standing in the new parliament compares with that at dissolution Oct. 4:

	Old	Parliament New
Conservatives and allies	313	283
Liberals and others	297	319
Vacant	13	8
Deferred	2	—
Unreported	—	4
Total	625	625

Churchill and his chief deputy, Anthony Eden, began considering a cabinet. Most of the new ministers will be members of the "shadow cabinet" kept in existence during the Conservatives' six years in opposition. Eden is due to become Foreign Minister.

The new cabinet probably will take office Monday. The new parliament will meet Wednesday to elect a speaker. It will hold its first formal session Nov. 6.

Looks For Better Times

After the results were announced, Churchill in an address congratulating party workers at headquarters pledged he will work for a return of better times.

"We shall use not only our party strength but the great strength of this country to bring about a restoration of Britain's fortunes," the old warrior told them.

Increase In Telegram Rates Effective Nov. 1

OTTAWA, Oct. 26 — (CP) — Canada's two telegraph companies have been granted permission to boost telegram rates effective Nov. 1, an official of the Board of Transport Commissioners said today.

A board order, issued to the companies, authorizes increases of 10 and 15 cents on standard-telegram rates, plus varying increases on charges for extra words.

The increases are allowed for telegrams within Canada, but not including Newfoundland. Newfoundland tolls now are higher than those of the rest of the country.

The boosts are not applicable on messages to the United States.

The two companies—telegraph divisions of the Canadian National Railways and Canadian Pacific Railway Company—requested the increases last August because of higher costs of labor and materials.

The last increase granted them—a general one of 15 per cent—went into effect in July, 1949.

Under the new rates, the commonly-used 10-word telegram carrying full rate—both day and night—would go up by 10 cents for the first 10 words. There would be an additional one-cent-a-word

charge on extra wordage.

Current minimum charge for this type of message is 30 cents day and 20 cents night on the first 10 words. Extra wordage is charged for at two cents a word day and one cent a word night.

Besides the climb in full-rate telegram charges, there would be these other increases:

1. Day letters—15 cents per 50-word message, plus two or three cents on each additional 10 words or fraction of that.
2. Night letters—10 cents per 50-word message plus two cents on each additional 10 words or fraction.
3. Sports bulletin returns—10 cents on the basic 15-word message plus one cent on each additional word.
4. Money order telegrams—20 cents on the basic 10-word message plus two cents on each additional word.

The increases are not effective on pass rates and rates on commercial news service such as market quotations and on election returns service.

Board officials said they could not estimate how much new revenue the companies could expect from the increase. Their gross business of this kind is estimated to run between \$15,000,000 and \$20,000,000 a year.

Jet Battles Continue Over Northwest Korea

WASHINGTON, Oct. 26 — (AP) — United States officials predicted that the Conservative Party victory in Britain will result in closer Anglo-American relations. Yet they concede that some sharp differences between Winston Churchill's regime and the Truman administration are bound to develop.

OTTAWA, Oct. 26 — (CP) — The Federal Government's budgetary surplus climbed by \$1,200,000 in September to bring the total to \$513,200,000 for the first six months of the current fiscal year.

MONTREAL, Oct. 26 — (CP) — Retail egg prices, down six cents since Monday, will take another four-cent drop, retail outlets said today. The price drop started two days ago on the wholesale market where the price fell 13 cents a

eries off the northeast coast Oct. 17 and 22. One sailor was killed.

The two Russian-made jets shot down by U. S. Sabre jets Friday brought to 13 the number the Fifth Air Force has listed as destroyed in six straight days of air battles. Thirty-five Red jets have been reported damaged.

Allied losses for the period were reported as two fighters and four B-29 bombers shot down and six B-29's damaged.

A more detailed report of Thursday's blows against Communist supply arteries added up to a new one-day record for rail transport destroyed—36 locomotives and 289 rail cars.

On the battlefield, Allied infantrymen made minor gains in the west against stubborn Chinese Red assistance.
