Millview; Tuesday forenoon till train time, Kensington, Charlottetown, North Wilshire, Hunter River, Bradaire, Kinkora; afternoon to 3, Albany. L-406-6-30-11.

Prairie Crop Prospects Are Brightest In Years

(By The Canadian Press)
WINNIPEG, June 29—Western Canada's wheat harvest may be late this year but it may be comparable with the big crop years of 1928 and 1932 if present conditions are maintained.

Moisture conditions are the best in more than a decade in practically every district of the Prairie wheat belt, the grasshopper menace has been held in check by wet weather, and warm weather to mature the fast growing grain is spreading across the west after record rainfall.

The need today is warm weather—that is the report coming from all provinces including the major drought lands of Saskatchewan where ditches are water-filled and roads muddy for the first time in years.

Farmers talk of a big crop year, remembering the 400,000,000 bushel yield of 1932 and the record returns of 1928 when 500,000,000 bushels of wheat were harvested on the prairies.

Preparations for handling a large crop are underway, promising increased employment for farm hands and for industrial workers in urban centres who supply the equipment for the agriculturists and supplies necessary for the re-opening of country elevators.

Reports from Japan through usually trustworthy channels said Wang, whose arrest as a traitor has been ordered by the Chinese Government in Chungking, had held long talks at an unnamed mountain resort in Japan with Prince Kuniyoshi Kono, ex-president of the Japanese Privy Council and former premier.

EUROPEAN POWDER KEG:—

City Of Danzig Outwardly Calm

(By The Associated Press)
FREE CITY OF DANZIG, June 29—This picturesque old free city was guarded tonight by what it called an "augmented police force" but outwardly calm.

On the surface no indication it had become important in Europe's power politics.

Both Germans and Poles were blaming each other for "stirring up war psychosis" by circulating reports of the formation of a German-armed Danzig "Free Corps" smuggling of munitions from East Prussia and other war measures.

Many Danzig Poles were in nearby Gdynia, Poland's sole port, parading in celebration of Navy Day and declaring the Free City must be Polish.

While much of Europe watched the Free City apprehensively, Danzig itself presented a picture of serenity.

There was no sign of extraordinary military activity. Danzig's Nazi authorities said there was no military activity whatever.

It was freely admitted that the police force was being strengthened and that local Nazi units were being drilled to give the police aid in case of a "sudden emergency."

But all officials and the official Nazi organ, Vorposten, insisted there were no German military forces on Free City territory.

Reports abroad that a "Free Corps" was being trained in woods about the city were attributed by these sources to exercises of Nazi formations and to the training of police reserves. Such forces were no new contribution to the armed strength of the community, officials quipped.

Vorposten said dispatches in Polish, English and French newspapers stating that German military units had entered Danzig were "impertinent lies."

Conservative Leader Outlines Policy To Aid Basic Industry.

FISHERVILLE, Ont., June 29—(CP)—Hon. Dr. R. J. Manion, National Conservative Leader, told a party rally in this Halton County village tonight that the party places the problems of agriculture in the front of its program.

"It is the basic industry of national progress and upon its very production other industries build," Dr. Manion said, "and it is the duty of our government to control the disposal of exportable farm surpluses."

"We shall seek to work out a way to prevent the 10 per cent of our farm products, excluding wheat, which are exported, controlling the price of the 90 per cent, absorbed by the home market."

Chief government attention in the past has been directed to aiding the farmer to produce, Dr. Manion said. Now the chief need was to enlarge markets and establish fair and stabilized prices as far as possible.

Another Conservative policy, he said, was the reduction of the spread between consumer and producer.

Canada should and could be built industrially to provide a greater home market for her primary products, he said, "and many defaulters in Canada who refused to see the possibilities in the nation."

"Frequently this little group of

Will Aid Number Of Skilled Workmen

(Continued on page 3, Col 4)

OTTAWA, June 29—(CP)—The government has decided to admit to Canada a limited number of technicians necessary to the opening of a Bata Shoe Company plant in Ontario, provided that the technicians are admitted in a similar manner is not available in Canada, it was learned today from the Department of Mines and Resources.

The number of skilled workmen to be admitted from Czechoslovakia, where the parent plant of Bata Company is located, has not been stipulated, but will be kept to a reasonable minimum, it is understood, the number possibly increasing as the proposed Ontario factory increases its staff.

Japanese Army Spokesman Is Skeptical Of Tokyo Parley

TIENSIN, June 29—(AP)—A Japanese Army spokesman told a group of his compatriots here today that "nothing could be more foolhardy than to expect much" from the Tokyo negotiations in which Great Britain and Japan have agreed to a solution of the Tientsin blockade.

The spokesman said that any relaxation of Japan's attitude here—where the army has blockaded the British and French concessions since June 14—"would only play into the hands of the British."

"There may be occasion for us to tighten the isolation of the local British Concessions and in such a case our determination remains strong," he added.

The spokesman refused the attitude of the army in North China, which the Tokyo Government in some degree overruled by agreeing to the Tokyo conference, removed from the bitterness of the Tientsin blockade.

British and Japanese consular officials were enroute from here to Tokyo for the negotiations, scheduled to begin before the weekend between Foreign Minister Hachiro Ariga and the British Ambassador, Sir Robert Craigie.

Despite the strong tone of the Japanese Army spokesman, restrictions on the blockade concessions remained relaxed. Considerable food supplies were received, market prices dropped and Britons were given only cursory examinations at the Japanese barriers.

JAPAN SEEKS NEW REGIME TO GOVERN CHINA

Plan To Establish Federal Government Headed By Ex-Premier.

SHANGHAI, June 29—Wang Ching-wei, ex-premier of China, was reliably reported to have returned to Shanghai after visits to Japan and Peiping for consultation on Japanese plans to make him president of a Japanese-directed "Federal Government of China."

Reports from Japan through usually trustworthy channels said Wang, whose arrest as a traitor has been ordered by the Chinese Government in Chungking, had held long talks at an unnamed mountain resort in Japan with Prince Kuniyoshi Kono, ex-president of the Japanese Privy Council and former premier.

Japanese leaders for some time have been seeking a Chinese of big reputation to head a government absorbing the present puppet regimes at Peiping and Nanking, as well as local organs in other cities, and govern—under Japanese direction—all Chinese territory conquered by the Japanese Army.

According to Japanese estimates, that would include all of seven provinces and large parts of five others, with a total area of about 580,000 square miles and a population of 170,000,000—roughly two-fifths of all China.

It was reported that Prince Kono would go soon to Peiping, China's capital for nearly 700 years up to 1928, and prospective capital of the "Federal Government."

The plan calls for Japan to make peace with the "Federal Government," recognize it as the rightful government of China and seek therefore to keep it allied with the "new order in East Asia" Japan has declared she would establish.

Many Japanese leaders believe that Wang, who was one of the foremost disciples of Sun Yat-sen, father of the Chinese Republic, still has enough influence to gather many influential Chinese into a government friendly to Japan.

Chinese, however, say he has lost all standing with his own people since he hurriedly left Chungking last December for French Indo-China and later issued statements urging peace negotiations on Japan's terms.

Discuss Plans Of Celebration Here In July

First outstanding item of program scheduled for the Confederation celebration here this summer would be unveiling on Monday, July 17, of bronze plaques to the Fathers of Confederation. It was announced yesterday at a meeting of the general committee in charge of arrangements for the event. The unveiling would probably take place at the Provincial Exhibition grounds. Later the plaques would be placed in permanent positions.

At the unveiling as many as possible of the sons and daughters of the Fathers of Confederation were invited to attend. To date the following had been located more or less definitely, it was announced: In this Province, Mrs. Artemas Lord in Souris; Mr. H. J. Palmer and Miss E. B. Haviland, Charlottetown; Dr. New Brunswick, Judge Leonard Phillips in Saint-John; and his sister, Mrs. John D. Chipman, now of Toronto and formerly of St. Stephen, N. B. A third son of one of the Fathers of Confederation resided in New Brunswick, in the person of Hon. Patrick Campbell Johnson at Moncton. In Manitoba, His Honour Lieut. Governor Tupper, and in British Columbia, two sons of Senator A. A. McDonald, one of the Fathers of Confederation, Mr. McDonald, John Hamilton Gray, Albert Head, Vancouver Island, (son of J. H. Gray, New Brunswick). Mrs. C. A. McGrath, 841 St. Charles St. Victoria; (daughters, Miss A. V. Galt, Miss Lena Galt, 1005 St. Charles St. Victoria; Miss Muriel Galt, 1005 St. Charles St. Victoria; Miss Kate Galt, 753 Pemberton Rd., Pemberton Rd., Victoria, (daughters of Sir A. T. Galt).

At the service, which would be broadcast over a national Canadian Broadcasting Corporation hookup, Premier Thane A. Campbell would preside. It was announced that the following would be given by His Honour Lieut. Governor George D. DeBour. A 15 minute address would be given by a representative of the Dominion of Canada to be followed by seven or eight minute addresses by Premiers or representatives of the five eastern Provinces.

Cabinet ministers, members of the Senate and House of Commons, and Premiers of Provinces were included in the list of invited guests. The following had already signified their intention to be present, it was announced.

Cabinet ministers: Hon. R. Dandurand, Hon. Norman McLarty, Hon. Charles A. Dunning, Hon. Charles G. Power, Hon. J. E. Michaud, Hon. C. D. Howe, Hon. Ernest Lapointe.

Premiers of Provinces: Hon. John Bracken, Hon. William Abernethy, Hon. A. L. Macdonald and

Releases Figures For H. I. P. Loans

OTTAWA, June 29—(CP)—Finance Minister Dunning tonight released figures which showed 10,462 loans for \$3,857,315 have been approved for improvement of farm properties under the Home Improvement Plan up to May 31.

Ontario led all provinces in the number of loans, the total for that province being 4,728 with a value of \$2,116,727. Quebec was next with 1,252 for \$417,281 followed closely by Alberta with 1,244 for \$450,436.

Number of loans and amounts in other provinces were Prince Edward Island 402 for \$75,705, Nova Scotia 951 for \$220,382, New Brunswick 834 for \$151,982, Manitoba 589 for \$199,939, Saskatchewan 204 for \$79,697 and British Columbia with 448 for \$154,182.

Discovers Body At Saint John Wharf

SAINT JOHN, N. B., June 29—Going to the shore near a harbor wharf to do work this evening, a boy was startled by discovery of a man's body. Identity of the deceased puzzled police. Clothing and tattoo marks indicated he might have been a seaman. An examination showed he had drowned last night or early today.

Canadian Ships At New York For Canada Day

NEW YORK, June 29—The Canadian destroyers Skeena and Saguenay arrived in New York today from the fleet base of the Royal Canadian Navy, bringing about 280 officers and men to participate in Canada Day Saturday at the New York World's Fair.

The vessels tied up in the North River to the cheers of crowds gathered to see them steam in to shore.

The destroyers' commanders, H. T. W. Grant and F. L. Houghton visited the City Hall and later visited Rear Admiral Clark Woodward, commander of the Third United States Naval District; Major General Hugh Drum, commanding the Second United States Corps Area; and Geoffrey Hasgarr, British Consul General.

The Canadian vessels will remain in port for four days and the officers and crew will parade at the fair Saturday.

Three Fishermen Have Close Call

YARMOUTH, N. S., June 29—(CP)—Three fishermen returned to the fishing banks today fully recovered from the effects of inhaling carbon monoxide fumes which almost claimed their lives.

Captain Watson Adams of the fishing boat Ruth Crowell, his son Victor and Fred Amiro were treated at hospital here after they were revived from the fumes as they slept in their bunks yesterday while the craft was cruising the fishing grounds off this port.

George Gordon, the fourth crew member, was at the wheel when he summoned Amiro to take over his watch. Amiro, dazzled by the gas which apparently came from the craft's engine staggered to the deck and fell unconscious.

Gordon went below and stirred the Captain and his son. Both fell unconscious when they reached the open air.

Will Resist Force

"I can say at once that Britain is not prepared to yield either to calumnies or force. It may afford some satisfaction to those who have professed to learn they themselves have found a cure—the one most effective.

"Every insult that is offered to our people, every rude challenge that is made to what we value and are determined to defend with our lives and our strength, our determination, and our courage, increases our resolve to stand firm and to resist force."

Lord Halifax repeated that Britain's first resolve was to stop aggression. That was the primary reason, he said, why Britain gave military pledges throughout Europe, which caused Germany to shout encirclement.

The Foreign Secretary, turning to Germany's claim for "lebensraum" or "living space," said that if by this the Reich means it gives her

Massey Urges Press Work For "Educative Propaganda"

BY EDWIN JOHNSON
Canadian Press Staff Writer
LONDON, June 29—(CP Cable)—Stanley Bruce, Australian High Commissioner in London, tonight urged the Empire Press Union that there was an urgent need for "educative propaganda by the British dominions overseas clearly before the people of the United Kingdom."

Mr. Bruce contended that a vital, essential interpretation of the Commonwealth viewpoint existed at present almost wholly as one-way traffic—from the mother country to the dominions.

"In these times when every great principle and ideal for which the British people have stood through their history is imperilled, and when it is imperative we should be resolutely united, it is not possible that the reaction and

WILL RESIST ANY ACT OF AGGRESSION

Polish President In Emphatic Declaration Re Danzig And Corridor.

GDYNIA, Poland, June 29—(AP)—Poland through its President and through massive demonstrations of its people, today affirmed its "eternal right" to a corridor to the Baltic Sea, and expressed determination to defend it.

The declarations, in Naval Week celebrations, came at a time when tension ran high over the future of the Free City of Danzig, which lies at the head of the so-called Polish Corridor (Pomorze). Danzig which is within the Polish customs system, and the corridor were taken from Germany and given to Poland after the Great War. Return of Danzig to the Reich is an avowed Nazi aim.

Reports reached Gdynia from Danzig that a quantity of munitions was taken from East Prussia to the Free City last night. The munitions allegedly included 16 artillery pieces. (In Warsaw yesterday unconfirmed reports said Danzig was reinforcing its police with well-trained German soldiers forming a "Free Corps.")

President Ignace Moscicki in a speech broadcast from Warsaw declared that the corridor and were "our air and sun of our existence as a state."

While Moscicki spoke 80,000 Poles many of them from Danzig, massed at this port, near the Free City, and took this oath:—

"We swear to defend the eternal right of Poland to the Baltic and to protect the Maritime future of our country, to the mouth of the Vistula, to increase continually achievements on sea and on shore and to defend and protect our brothers on the other side of the frontiers who are an integral part of our nation. So help us God."

The Vistula as it empties into the Baltic runs through the center of Danzig. Similar ceremonies took place in the towns of Poland.

"The crowd," here shouted "we want Danzig," and as Danzig Poles paraded enthusiasm mounted and the shouts changed to "We Will Take Danzig."

Declaring that both Gdynia and Danzig were "open doors to the world," Moscicki said "but we are reverting to a race for armaments, which especially overseas loom dangers of conflict."

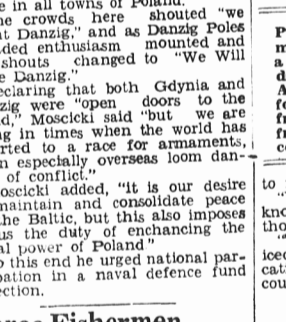

Moscicki added, "it is our desire to maintain and consolidate peace on the Baltic, but this also imposes on us the duty of enhancing the national power of Poland."

To this end he urged national participation in a naval defence fund collection.

Service League Official Knighted

OTTAWA, June 29—(CP)—Captain Donald Simpson of London, England, honorary secretary of the British Empire Service League, has been awarded a knighthood by the King, officials of the Canadian Legion headquarters here said tonight. Sir Donald, who made Knight of the Order of the British Empire, was invested at Buckingham Palace July 11.
