

DARING ROBBERY.—We learn that James Bearstoe, Esq., of Malpeque, had about 500 bushels of oats stolen out of a granary near the shore, where he had them stored.

The snow on our streets has nearly all disappeared, and the travelling in the country is getting very bad.

A young man named Stewart, of Brackley Point, lost a very fine mare in the ice at Whealy River, last week.

THE Rev. Mr. Deslauray will preach in the Linkletter Road School House, to-morrow (Friday) evening at 7 o'clock.

The American Edition of the January No. of the Edinburgh Review has been received. Its contents are as follows: 1st, "Gachard's Don Carlos and Philip II."

We have received God's Lady's Book for April. The contents are a beautiful engraving called the "Rustic Belle."

We have received a number of the Halifax Register, from the employment office of Mr. G. Penders, No. 21, George Street.

Mr. James Keough, who attends the light on Summerside wharf, and lights three lamps—one of the most important on the Island—receives the paltry sum of fifteen pounds for eight months service, and no house to live in.

The English mail was received here on Monday last. The news is not very important. In another column will be found a summary.

Quite an animated debate occurred in the House of Assembly the other day respecting an extra vote of £100 for macadamizing the roads in Summerside.

Summerside Debating Society. According to announcement, C.W. Strong, Esq., gave readings from the popular works of Charles Dickens, before this Society, on Monday evening last.

On Monday evening next Wm. M. Howe, Esq., Barrister-at-Law, will give readings before the Society, to commence at 8 o'clock. The public are invited to attend. Reserved seats for ladies.

Mr. Editor: Sir—Will you be kind enough to inform the public whose money it is that pays for the postage of the members of the Assembly while in Session? Several business letters have recently been received here from a M. D. who a short time since was around Summerside, and all of them bore the initials of a M. P.

The Members of the Legislature have free postage during the session; but whether or not they can help their friends to the same, we are not prepared to say.

Special Notice. TO all who are indebted to us for subscription to the Journal from the 12th October, 1865, up to the present time, we will send our paper no more, unless they pay up.

Dr. Wistar's Balsam of Wild Cherry. In the whole history of medical discoveries no remedy has performed so many or such remarkable cures of the numerous affections of the throat, Lungs and Chest, as this well tried and justly celebrated balsam.

Dr. Wistar's Balsam of Wild Cherry. I consider it a duty which I owe to suffering humanity to bear testimony to the virtues of Dr. Wistar's Balsam of Wild Cherry. Farmers Everywhere Attention! THE time of Crotch-harrows, wooden Flails and wooden Ploughs have passed away forever! These things are replaced by newer and better inventions. A THRESHING MACHINE will enable you to get your grain ready for market early in the season and at one quarter the cost of the old method! With a good and cheap FANNERS you can raise the wind at any time! THE subscriber in view of these facts, which must have become patent to everybody, feels that he is no longer justified in "blinding his light under a bushel," but should let the farmers of this Island know that they need not be without labor-saving machinery on their farms when he is around. Last year he sold twenty Threshing Machines, and is prepared to manufacture any number of them to order. In that period he also sold twelve sets of Fanners, and has now on hand twenty sets of the same, of different styles and prices. Horse-rakes, Ploughs, Harrows, and in fact every kind of implement used on a farm—short of a mowing machine—is made by him. His work is too well known to need puffing at his hands. If you need anything in his line, just come along, or send to him at his manufactory, on Union Street, Summerside, and you will have your wants attended to. Iron-turning of all descriptions nearly done to order. THOMAS HALL. Summerside, March 26, 1868.—2m [m26]
