## United Church Council Will Probe Dismissal Of Teacher

OTTAWA (CP) — The general council of the United Church of Canada took action Thursday to investigate the recent dismissal of a professor at the church's United College in Winnipeg after council delegates were told that a situation exists at the college which may threaten its whole future.

The matter was raised before the 18th biennial meeting of the council by Dr. W. Harold Young of Toronto, secretary of the United Church Board of Colleges and Secondary Schools.

He urged that great care be taken in handling the situation since one wrong word at this point could be "disastrous."

At Dr. Young's request, the council agreed unanimously to have a special committee examine the situation and make recommendations as to the part the general council should take in it, including "such action as may be desirable."

The case involves Dr. Harry Crowe who was fired Monday following a dispute with the college, centring on a private letter he had written to another teacher at

the college.

A special committee of the Canadian Association of University Teachers is reported investigating the matter, including charges that there had been a breach of academic freedom in the handling of the letter. The letter was reported to have been intercepted and reached Dr. W. C. Lockhart United College president.

The Winnipeg Free Press said the investigation was initiated by the faculty of Queen's University.

After the letter was written, Prof. Crowe was informed by the college that it would not renew his contract for 1959-60 unless he accepted his previous salary. The board said the action in shortening the professor's employment was taken because of the "intemperate tone" of subsequent letters to the principal and the board.

In other council developments Friday, Rev. J. R. Mutchmor of Toronto, secretary of the church's board of evangelism and social service, attacked gambling in all forms including bingo games and similar service club projects, even for charity purposes, as "the chief incentive to crime."

## N.Z. FAILS IN FARM PRICE BID

# Conference Makes Move To Stimulate Education

MONTREAL (CP) — Commonwealth ministers agreed eagerly on a plan to give the partnership of nations a new educational stimulus.

With an eye to grooming the leaders of tomorrow, delegates to the 11 - country Commonwealth trade and economic conference, endorsed a Canadian plan for exchanging students and teachers among Commonwealth universities.

External Affairs Minister Smith and Finance Minister Fleming, gave details of a three - year scheme to provide at least 1,000 scholarships, of which Canada would take one-quarter and Britain one-half. Mr. Fleming said Canada is prepared to contribute \$1,000,000 annually.

Education is basic to Commonwealth development," said Mr. Smith a former university president.

The Earl of Home, Britain's Commonwealth relations secretary, welcomed the Canadian move.

New Zealand's Finance Minister A. H. Nordmeyer wanted the conference to go farther than that, agreeing that price supports on home production be reduced progressively to the general level of world prices.

Mr. Nordmeyer drew support from Australia's Trade Minister John McEwen but J. B. Godber of the British agriculture ministry said Britain could not go along on the adoption of New Zealand's suggested set of principles to avoid so-called agricultural protectionism.

NEED PROTECTION

Mr. Churchill said Canada avoided extremely high price supports, but argued that not a single industrialized country avoided agricultural protectionism.

He suggested something should be done soon to ease international

pressures in this field and achieve more harmonious policies by fixing a limit on the maximum rise of price supports above world prices. This would help avoid stimulation of uneconomic production.

He proposed also that there be international consultations to

## Yanks Begin New A-Test Series

ATOMIC TEST SITE, Nev. (AP)—A brief flash and a dull boom Friday sent the United States into a series of tests aimed at producing small atomic weapons.

One of these midget descendants of the atom bomb was exploded from a balloon hanging 500 feet over the desert floor of the Nevada test site.

Nine other tests are to follow before President Eisenhower's proposed one-year suspension of nuclear weapons tests starts Oct. 31.

The weapon's power was announced only as a force of less than 1,000 tons of TNT.

A fly past of R.C.A.F. aircraft and the National Anthem will conclude the services.

## A.H.S. Students Plan Campaign

ALBERTON — Clarence M. Young of Curtis Distributing Company visited Alberton High School yesterday to explain the plan whereby high schools may raise funds for various school purposes by selling subscriptions to most of the important magazines in America.

Mr. Young appointed Patricia Gaudet as general manager of the campaign and the following were selected team captains: Grade nine and 10, Hilton Barbour; grade 11, David Campbell; grade 12, Dorothy McNeill.

The students of the High School Union hope that the public will support the campaign and thereby raise funds to be used by the union.

## P.E.I. Lab Technicians Hold Meeting

A meeting of technicians working in various clinical laboratories in P.E.I. was held at the Health Centre last evening.

The group heard a lecture by Dr. R.D. Drysdale, specialist in internal medicine on the staff of the Polyclinic and the P.E.I. Hospital.

Dr. Drysdale chose as his subject "Renal Function Tests and their significance in the diagnosis and treatment of disease". The lecture was preceded by a film, "The Work of the Kidney" illustrating the function of the kidney in maintaining bodily health.

Mrs. Shirley Wood thanked Dr. Drysdale on behalf of the technicians for this very informative lecture.

The technicians also viewed "Career, Medical, Technologist", a recruitment film showing the challenge and opportunities of a career in medical technology.

## Delegate Returns To Island After Attending Convention

SUMMERSIDE — R. E. Ellis, Summerside president of the P.E.I. Insurance Agents Association, returned on Thursday from attending the Dominion Convention of the Canadian Federation of Insurance Agents and Brokers Associations, held in the Seignory Club, Monte Bello, Quebec City.

Mr. Ellis was elected at this convention as the director for P.E.I. and he announced that the other directors selected for the Atlantic Provinces are Mack Grant, St. John, N.B.; J.G. Simp-

son Halifax, N.S. and Arthur Johnson of St. John's, Newfoundland.

J.N. Babcock of Vancouver was elected president and L.E. Alsop of Winnipeg and W. Ritchie Maccoy, Sydney, N.S. regional vice presidents.

Mr. Ellis said yesterday that it was a highly successful convention and that many phases of insurance had been discussed with particular emphasis on auto accident and loss records.

Reports, he said, were received as to points of similarity and divergence in local problems.

One of the highlights of discussion, Mr. Ellis stated, was the difference between insurance acts in Canada and that a committee had been appointed to attend the conference of superintendents of insurance to be held in Vancouver the week of September 22nd.

This committee will call to the attention of that conference the need for more uniformity in insurance acts in force in the different Provinces of Canada.
