Montague Wins Exhibition Game From Geo'town

The Montague High School last night won the third game against the Georgetown Boy Scouts 7-5 to take the exhibition hockey series 2-1. Although the ice was soft, the boys played a fast game with some smart passing on both sides. By the play it was anyone's game, but Montague got the break in the final minute to win the game.

Growing Move For Modification Of Grand National

LONDON, (AP)—The League Against Cruel Sports Monday joined demands for a ban or modification of the Grand National steeplechase — world's toughest horse race.

The league announced it will hold a meeting today to investigate the possibility of legal action. Four horses were killed in Saturday's race—the highest toll in 108 National runnings.

The league aims to see "whether the promoters can be made responsible for the deaths and maiming of any animals taking part in the race."

Mrs. Mirabel Topham, who organizes the National, replied: "The deaths in Saturday's race were purely accidental. It is regrettable that there were more deaths than ever before but accidents will happen."

Lord Ammon, president of the Society for the Modification of the Grand National, said: "I intend to call for a debate in the House of Lords on the laws governing all horse racing."

Grand National officials want to see lower jumps, a shorter course and a restricted entry list.

The present course is four miles, 556 yards with 30 jumps, the highest five feet. The biggest field was 56 in 1929. Twenty-nine started Saturday and nine finished.

Montague Boy Scout Troop Is Reorganized

Montague Boy Scout Troop was organized last night at an enthusiastic meeting with over 30 present. The excellent sound film "Jamboree '53" was shown by Scoutmaster Eric Dubar.

Mr. R. R. Bell, Leader of the Opposition stated that he agreed the matter was rather a serious one and he was inclined to agree with Dr. MacMillan that the tourist loan business was in a mess.

"We now find that the Government is in arrears of \$37,000 in principal and interest on this matter," he stated. "This is money that should be available in the Provincial Treasurer's Department."

"It was not until a year ago when I made inquiries that I found a very unsatisfactory condition existed. Everything was in arrears. The Provincial Government was even paying the insurance on some of the loans. The people just were not paying back their loans and the Government was sustaining business like that and I can't understand why the Provincial Treasury Department would allow this to go on."

"The original by-law provided the Tourist Loan Committee could give out only the loans they wanted and they were only to be 40% of the total value of the accommodation," he stated.

"In 1949 there was a law passed that no loan was to be greater than \$5,000. In 1950 the situation regarding the loans did not improve and there were a lot of people making very little effort to pay back their loans and very little pressure was being put on them."

Trade Directory Reveals Variety Of PEI Businesses

Photo Display At Montague

Over 80 garages and automotive repair service stations in the Province are listed in the annual Maritime Trade Directory for 1953-1954 which is published by the Imperial Press of Halifax.

There are several bowling alleys and bicycle shops in the Directory, but it seems odd in an Island where the horse has long played such a prominent part that there are only five blacksmiths.

Three air conditioning firms are available, but yachmen might find it awkward with only one caulker named. While there is a reasonably large number of builders and contractors for other wishing to erect homes for those contractors dealing in heating and plumbing needs.

Other Features: Only one wholesaler and manufacturer of glass is in the book, but there are four woodworkers. Also named are two bus lines and two business colleges.

Where the real effect of agriculture on Island business is seen is in the fact that there are 40 wholesale dealers in farm produce with not a single section of the Province unrepresented.

There are 20 hotels listed as available and in addition 10 other smaller places, several of them purely of the summer tourist variety. Of the 30 there are nine located along the North Shore.

A large number of business houses handle the sales of farm machinery implements as dealers and distributors. There are 17 listed for the Island. But there are only four sheet metal workers and just one welder.

Cases Before Magistrate in Georgetown

Three Georgetown youths appeared before Stipendiary Magistrate Joseph W. MacDonald at Georgetown yesterday represented by Counsel. Mr. S. S. Hessian acted a summary trial before the magistrate.

The following charges were read and pleas taken: breaking, entry and theft at Poole's store, Lower Montague, plea of guilty.

Breaking, entry and theft at H. T. Jamieson cottage, Brudenell, plea of guilty.

Unlawful damage to the extent of \$20.00 or over to Jamieson cottage, plea of guilty.

Breaking and entry at Atwood MacDonald cottage, Brudenell, plea of guilty.

Unlawful damage to the extent of \$20.00 or over to MacDonald cottage, plea of guilty.

Breaking and entry at Cecil Bell cottage, Brudenell, plea of guilty.

Unlawful damage to the extent of \$20.00 or over to Bell cottage, plea of guilty.

Breaking, entry and theft at the home of Mrs. W. MacLaren, Georgetown. Two of the accused pleaded guilty, one pleaded not guilty.

The case based on the charge of the theft of a car at Rosemeath was adjourned to Thursday, April 8, as were the sentences and other cases to be heard. The accused were remanded till that date at 2:30 p.m.

Several other cases were also heard yesterday. A party from Murray Harbour North was convicted of driving while impaired and was fined \$50.00 and costs. His license is also automatically suspended for three months.

A party from Glen Martin, one from St. Mary's Road, and one from Belle River, were each fined \$20.00 and costs on a charge of intoxication in a public place. A party from Georgetown was fined \$20.00 and costs for possession of intoxicating liquor in a public place.

The cases of a resident of Victoria Cross and of a resident of Greenfield, on charges of driving while intoxicated, were adjourned for two weeks by consent of counsel. A plea of not guilty has been entered in these cases.

Private Secretary To Prime Ministers Dies OTTAWA, (CP)—Austin Ernest Blount, CMG, private secretary to two prime ministers, died Saturday at the age of 83.

Earnings Increase

WINDSOR, Ont., (CP)—Hiram Walker-Gooderham and Worts Limited Monday reported earnings of more than \$11,000,000 for the six months ended Feb. 22. The company declared a dividend of 75 cents a share on common stock payable April 15 to shareholders at the close of business April 8.

Need Restaurants

The Premier reported they were not the same as the tourist had need of restaurants in order to eat.

Mr. Bell inquired if there were any money in the Tourist Fund at present and the Premier answered there wasn't.

The Leader of the Opposition inquired if there were any loans already made by the House or if there had had been any advances made to which questions the Premier replied in the negative.

Mr. Bell stated he understood there was going to be one loan of \$40,000 and that if this were the case there would not be very much left of the \$100,000 for other parties.

The Premier stated there were plenty of applicants for assistance and that loans would be given to those most likely to make a success of the business or who had been successful in the past.

Mr. Frank Myers suggested an amendment to make the maximum size of the loan to one party \$10,000 instead of \$40,000.

"We must have a reasonable amount," stated the Premier.

"It was \$10,000 before," said the Leader of the Opposition.

"Because it was wrong before doesn't say that we should be wrong again," retorted the Premier.

"Surely you don't admit the Government was wrong," answered Mr. Bell.

Mr. Myers then changed his amendment to make the maximum loan \$20,000. The amendment was defeated on a straight party vote.

Dr. W. J. P. MacMillan inquired about the extent of the inspection of tourist cabins with regard to the examination of personnel by the Health Department.

He stated he was physician of the C. N. R. Hotel in Charlottetown and that at certain times all C. N. R. hotels were rigidly examined and all employees x-rayed.

Hon. E. Earle MacDonald, Minister of Health and Welfare stated that examinations were made by the Public Health officials but he didn't think there were medical examinations of personnel in the hotels or in tourist homes.
