THE DAILY EXAMINER.

OCTOBER 2, 1891.

Mercier's Explanation.

Mercier says that the notes endorsed by him, and paid with the public money in the hands of Pacaud, were "used to make the necessary deposits in Dominion election protests and petitions and for other necessary disbursements following the general elections of March 5."

Mr. Mercier seems to think it the correct thing to take public money to pay notes made for this purpose! Highly moral Grit Leader that he is. He thinks it folly to use his own money to promote his own election schemes at a time when he has charge of the Provincial Exchequer. Even when there was nothing in the treasury and the money for his personal and party purposes has to be raised by means of letters of credit, he hesitated not to enable Pacaud to obtain the means to return the notes endorsed by him.

Admitting that Mr. Mercier's frank explanation is true, that the money was used for the party purposes of the Opposition in the Dominion Parliament, what is the position of the Leader of the Opposition, Mr. Laurier? He either knew that public money was being stolen to promote the schemes and tricks of the Opposition, or he did not know. If he knew, he is a knave; if he did not know he permitted Mr. Mercier to interfere with his business, and he is not fit to be Leader of the Opposition. And this is the man for whom it is contended that Mr. Abbott and Sir John Thompson should give place!

The Great Pacaud.

A telegram from Murray Bay, (Que.,) reports:—

"A sensation was caused in the village by the arrival on Saturday night of an unknown steamer belonging to no regular line. It turned out to be the Rhoda, with the famous Mr. Pacaud on board. The nabob, who had chartered the steamer at a cost of $150, was in such a hurry to land that he wanted the steamer Saguenay to make way for his boat at the wharf. Carriages were sent for in all directions in order to convey him through the village to his destination."

The people's money is a great thing to conjure with.

Rastus Speaks.

In a letter to one of the papers, Erastus Wiman says:—

"I notice in some of the Canadian newspapers that in a speech at the tunnel celebration at Sarnia, the statement is attributed to me that the fate of Canada desended upon the result of the present state elections in Ohio. Permit me to say that the remark was made strictly in reference to the negotiations in relation to reciprocity, which impend in October and not as to the fate of the country at large."

In respect to this remark, Mr. Wiman is indubitably right.

Notes and Comments.

—We agree with the Toronto Globe that all honest men, whether Tories or Liberals, should take their stand in these days upon the stout old platform of "Thou shalt not steal," and punish boodlers in whichever party they are found.

—The American Banker says of the United States:

"This country is bound to become the financial stronghold of the world. Any other country would have been well-nigh ruined by the loss of so much gold as we sent to Europe the past nine months. We parted with it without the slightest disturbance of our financial structure, and could probably have parted with much more. Our broad fields of grain and cotton and our immense stores of minerals make us the favored nation of the earth, leaving little need for concern for our future."

Provincial Exhibition Notes.

We are glad to learn that the Philharmonic Society will give one of their grand concerts at the Provincial Exhibition. This is a treat that our people only hear but rarely—too rarely, we think, as upon such societies the musical education of the people largely depends. The full strength of the Society will this year be on the platform, and with the valuable assistance of the orchestra under the leadership of Mr. Vinnicombe, we may expect a grand rendering of some of the best music. The choruses selected for this year are among the strongest of the repertoire, and we are satisfied that the audience will be the largest ever assembled to greet our first musical talent, generously given in aid of a provincial institution.

Personal.

Mr. I. T. Winan arrives home to-morrow evening, after an almost unbroken success. Yesterday he drove the winner in the three-year-old race. Mr. Winan would, no doubt, like to meet the author of the false reports about him as soon as possible. Will that individual please make a note of this.

Senator Prowse and wife, of Murray Harbor, are at the Hotel Davies on their way home from Ottawa.

THE RACES.

Great interest centred in the races on the driving park. The grand stand was packed and the track was lined with spectators for nearly half its length. The Boys' Band occupied seats on the stand and furnished several choice selections between the heats, which were much enjoyed.

The judges were J. J. Davies (starter); James McDonald, V. S., Summerside; D. F. McDonald, New Perth. Timers—G. W. Hibbett and R. W. Sprague. Distance Judge—John McCabe.

The crowd was very orderly, and with the exception of a slight collision between the sulkies of L. P. Doyle, the driver of Barney D., and that of Mr. McGuigan, driver of Pilotta, there was not a mishap during the day within the driving park, or any appearance of over-indulgence in stimulants.

It was expected that Harry C, of this city, would be one of the competitors in the 2.45 class, but as he was objected to on account of having made a record of 2 43½ at the Souris races, he was very generously withdrawn by Mr. Connolly to remove dissatisfaction.

The following are the summaries:

Driving Park, Georgetown, October 1, 1881, 2.45 class. Purse $60, divided.

C L Barnes, Georgetown, ns Minnie Morgan, bl m, by Harry Morgan — dis
John McAdam, Lot 39, ns Maud May, ch m, by Kingbird (McAdam) — 1 1 1

Time, 2.47, 2.46, 2.45, 2 43, 2.45, 2.45¾.

During the races Harry C was shown on track, and was greatly admired by the crowd.

NOTES.

The thanks of THE EXAMINER are due the telephone officials for courtesies extended yesterday. The young lady in charge at Georgetown—Miss Hobbs—very kindly remained in the office all the afternoon forwarding the prize list for publication in our weekly edition, which went to press early last evening. Miss Gillis received the news at Charlottetown.

The railway officials also gave satisfaction, as usual. The special left for the city at five o'clock, but the regular was held at Georgetown until six, in order that visitors might see the conclusion of the races.

Mr. Owen and his staff of assistants did all in their power to facilitate the work of the representatives of the press. Two of the assistants — Messrs. Flannigan and Lavers—were especially attentive to THE EXAMINER'S reporter.

The show throughout was highly creditable to King's County. The different classes were well filled, and the arrangement of the exhibits was very tasteful. But when shall we reach that happy era when all the articles on exhibition at our County and Provincial shows will be so marked that the visitor and the reporter can tell at a glance to whom they belong?

The attendance during the afternoon particularly was large. At times it was difficult to move about the Drill Shed, so great was the crush. The order throughout the day was excellent.

There were many exhibits both inside and outside the Drill Shed, to which we would like to refer to-day, but neither time nor space will admit. We must therefore take it for granted that the decisions of the judges in the different classes were correct, and refer the general reader to the prize list for the most successful exhibitors.

A few errors which crept into the prize list as published in our weekly edition are corrected in to-day's issue.

MANTLE DEPARMENT.

FOR LADIES!

JACKETS,
QUILTED CLOAKS,
FUR-LINED CLOAKS.
DOLMANS,
ULSTERS & CAPES.

FOR MISSES!

ULSTERS and
REEFER JACKETS.

N. B.

All Goods are marked in plain figures, and are guaranteed to be exactly as represented.

What is Fashionable?

"Everything" would be a short answer, and not far from the correct one. We will, however, make our reply to this important question more explicit.

Jackets are undoubtedly as popular as ever, and a great variety of styles in different lengths are shown. As to material, Serges and Vigoines are the most fashionable, but Beaver and Nap Cloths are also largely used. For Trimming, Fur of all kinds is decidedly the correct thing, and forms at once the most handsome and serviceable trimming obtainable. Braid and Curly Cloth are also used as trimmings, whilst the heavy Nap Cloth Jackets are worn almost if not altogether plain.

Long Quilted Cloaks have taken a very prominent place and are very fashionable. Plain and Figured Cloths are both used, whilst Fur is the universal trimming. The Russian shape is the most popular. Many of these garments are extremely handsome and becoming, and no lady can well afford to be without one.

Nothing has taken the place of Dolmans, which still retains their popularity, especially in the better qualities. The addition of sleeves is a novelty, and is considered by many a decided advantage.

Ulsters are still worn, but not so largely as formerly—the Quilted Cloaks having, in a great measure, taken their place.

The new Capes are quite long, and some of them are undeniably elegant and becoming.

Shot Silks in beautiful combinations are largely used for linings, and add very materially to a garment by their rich appearance.

In conclusion, we believe long Quilted Cloaks and Jackets will prove the most fashionable and popular garments, and we have spared no trouble to procure the latest novelties for our customers.

For Children, Ulsters are the favorite, whilst Reefer Jackets are both fashionable and popular.

Every week brings additional novelties to our Mantle Department from London and Berlin.

The great success attending this Department the past season leads us to hope that every lady of taste may find something to suit her in our present stock, which is the largest and finest we have ever imported.
