NEW YORK

NEW YORK (AP)—A turbulent stock market pushed within easy range of the historic high in the Dow Jones industrial average Wednesday but weakened under profit - taking and ended the day with an irregular decline.

Selling to realize big gains on many leading stocks poured cold water on the bullish drive in the final hour but Wall Streeters professed confidence that the list would eventually eat away such resistance.

The Dow industrials at 1 p.m. showed a gain of 4.24 at 730.73—not far from the historic high of 734.91 reached Dec. 13, 1961.

The widely-watched indicator, however, closed with a net loss of .56 at 725.93.

The ticker tape ran as much as four minutes behind transactions. Turnover totalled 5,850,000 shares, a bit short of Tuesday's 5,950,000.

Motors and steels were leaders when the market was at its peak.

Aerospace issues and sugars were well ahead at the close.

Of 1,327 issues traded, losers outnumbered gainers by 594 to 466.

The Associated Press average of 60 stocks fell 1.1 to 274.2. It was the sharpest loss since May 6 when the average dropped 1.4.

The sugar stocks rallied late in the day as sugar futures in the commodity market rallied after another of a series of sharp declines. At the same time, price cuts by cane sugar refiners spread to additional sections of the country.

Among Canadian issues, International Nickel, Dome Mines and Distillers Seagrams advanced ½, Walker Gooderham was up ¾ after slipping from a gain of a point earlier, and Aluminum Ltd. advanced ¼. Canadian Pacific fell ⅜.

American Stock Exchange prices were mixed on volume of 1,470,000 shares compared with 1,540,000 Tuesday. Most Canadian issues were unchanged, but Scurry Rainbow Oil advanced ¼. Fargo Oil was up 1-16 and Canadian Marconi lost ¼.
