COTTON WARPS.

WE would request the attention of those who use COTTON WARPS to the kind of which we are now manufacturing at the

NEW BRUNSWICK COTTON MILLS.

We spin Nos. 7's, 8's and 9's, and they are warped and sized by Machinery, thus saving much labor, and being better done than by hand.

They have been extensively used through the Province during the last year, and have been proved to be both better and cheaper than any imported from either England or the United States.

We intend to manufacture them largely for the next few months, and would wish parties in want of such Goods to give them a trial.

They can be obtained from the principal Dry Goods Houses in the City and throughout the Province.

CHILDREN

TEETHING

MRS. WINSLOW,

An experienced Nurse and Female Physician, presents to the attention of mothers, her

Soothing Syrup,

For Children Teething,

which greatly facilitates the process of teething, by softening the gums, reducing all inflammation—will allay all pain and spasmodic action, and is

SURE TO REGULATE THE BOWELS.

Depend upon it, mothers, it will give rest to yourself, and RELIEF AND HEALTH TO YOUR INFANTS.

We have put up and sold this article for over thirty years, and can say, with confidence and truth of it, which we have never been able to say of any other medicine—never has it failed, in a single instance, to effect a cure, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of highest commendation of its magical effects and medical virtues. We speak in this matter "what we do know," after thirty years' experience, and pledge our reputation for the fulfillment of what we here declare. In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.

This valuable preparation is the prescription of one of the most experienced and skillful nurses in New England, and has been used with never failing success in

THOUSANDS OF CASES.

It not only relieves the child from pain but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve

GRIPING IN THE BOWELS, AND WIND COLIC

and overcome convulsions, which, if not speedily remedied end in death. We believe it the best and surest remedy in the world, in all cases of Dysentery and Diarrhoea in children, whether it arises from teething, or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—do not let your prejudices, nor the prejudices of others, stand between your suffering child and the relief that will be sure—yes, absolutely sure—to follow the use of this medicine, if timely used. Full directions for using will accompany each bottle. None genuine unless the fac-simile of CURTIS & PERKINS, New York, is on the outside wrapper.

Sold by druggists throughout the world.

Principal Office, No. 48 Day Street, New York.

Price, only 25 cents per Bottle.

SPECIAL.

THE subscriber would inform his friends and customers that as he is about to proceed to the United States for Printing Material, immediate payment of the respective amounts due him is requested to be made at the Office of J. W. Falconer & Co., where receipts will be given.

In consequence of his Insurance being withheld, he would earnestly desire that the several amounts due be paid forthwith.

Brown's Bronchial Troches,

For Bronchitis, Asthma, Catarrh, Consumptive and Throat Diseases,

The Troches are recommended and prescribed by Physicians, and have had testimonials from eminent men throughout the country, being an article of true merit, and having proved their efficacy by a test of many years, each year finds them in new localities in various parts of the world, and the Troches are universally pronounced better than other articles.
