

Brezhnev Was Heir-Apparent For Three Years

MOSCOW (AP)—Leonid Ilyich Brezhnev, a Communist party member for 33 of his 37 years, has been heir-apparent to Premier Khrushchev for at least the last three years. Khrushchev said then Brezhnev

But he is a man of exceptional talents and the collective leadership that took over of the Kremlin recognized it. He quietly proved his value as a businessman with a flair for organization.

with a sharp mind and a friendly but reserved manner. A steelworker as a youth, he later became a metallurgist. He has the solidly tough look of a Western steel engineer turned corporation manager. Brezhnev has been associated

with Khrushchev's career since 1938 in the Soviet Union's Ukrainian region. He was born in December, 1906, in Kamenskoye — now Dneprodzerzhinsk — and Khrushchev came up in the Ukraine as faithful party workers.
