FROM HALIFAX.—The steamer Fastnet will be due here from Halifax to-morrow forenoon and will proceed to Summerside about noon. On return she will arrive here about daylight on Thursday and sail for Halifax at 4 o'clock same afternoon.

A VEGETARIAN.—Some people believe in a purely vegetable diet. However that may be, Everybody's Pills are guaranteed purely vegetable. It is now admitted by everyone that "the best family medicine" is Everybody's Pills. They only cost 25 cents a box.

CORRECTION.—Our report of Dr. Blanche's evidence before the Royal Commission makes him say that he thinks "moderate drinking does not hurt grown up men." The meaning the Doctor wished to convey was that after a man had passed his prime he did not think that a glass or two of wine or ale daily would be injurious.

M. P. P.—The M. P. P. Co., of Truro, have issued a compact little circular of testimonials received by them in praise of Malto Peptonized Porter. There can be no doubt now of the success of this wonderful medicine and as success is never achieved unless by sterling worth our readers may be certain that M. P. P. is a first class thing.

THE Wilmot Spa Waters have been wonderfully successful in restoring health. Many visitors to the Springs come in weakness and pain but a month drinking and bathing quite restores health.

SUDDEN DEATH.—The sad intelligence was received here by telegram on Sunday morning of the sudden death of Mr. James McGregor of North Wiltshire, P. E. I. Particulars are not given. Mrs. B. Toombs and Mrs. John Chanler of Moncton are sisters of the deceased. Mrs. Toombs and Mr. Chanler leave this morning to attend the funeral.—Moncton Times.

REAL ESTATE SALE.—We call special attention to the sale of property to-morrow, Wednesday, at 12 o'clock, noon, when the brick houses, store and bakery on Prince Street, lately occupied by Rev. Dr. Knox and John Quirk, Esq., as dwelling, and by Messrs. A. & C. Quirk as store and bakery will be sold by auction. This offers a good opportunity for investment. Premises can be inspected on application to R. Beairto, Auctioneer.

TAKING EXPERIENCE as the test there can be no question about the superior quality of the "Myrtle Navy" tobacco. From the first year of its manufacture the demand for it has steadily grown. Even in the years which were marked by our business depression, there was no pause in the increase of the sale of it. In the dull years of 1876-77 and 1878, the sales of it were vastly greater than in the prosperous year.

CRUELTY TO A CHILD.—The Secretary of the S. P. C. at Halifax has received a letter from Falmouth, Hants, alleging that the illegitimate child of a young girl is being starved to death by her parents, who give the babe only sugar and water. Some of the neighbors have sent milk to the house for the child, but it was never given it. The child is placed in a box and left on the kitchen floor, no attention being paid to its cries, though latterly it has become too weak even to cry.

SOME LIVELY MOVING.—Nancy Hanks, driven by Budd Doble, trotted against her world's record of 2.07 1/2 at Washington Park, Chicago, on Saturday, making a mile in 2.09 1/2. A big crowd witnessed the trial. She trotted a true game mile, but could do no better than 2.09 1/2. The time by quarters was .32 1/2, 1.35 1/2, 2.39, and 2.09 1/2. The track was as fast as the most exacting could require, but the day was too cool and the breezes too strong for any more record smashing. Jay Eye-See paced a mile in 2.08 1/2 at Chicago on Saturday.

MAKES FRESH AND BLOOD.—When the system is all run down and there seems to be no hope of obtaining nourishment for the body by the ordinary process of food supply and digestion, when the body is sinking fast, then is the time to use Miller's Emulsion of pure Norwegian Cod Liver Oil. It always works wonders, because it is a fish and blood maker and contains all the constituents for nourishment found in wheat in fact, Miller's Emulsion is a perfect "staff of life," and has saved and cured thousands. In big bottles 50c, and \$1 at Charlottetown drug stores.

The Canal Tolls Matter—Personal

OTTAWA, Aug. 23. Minister Haggart states that the Government would make arrangements to rush the Canadian Sault St. Marie Canal to completion as soon as possible, and in the meantime his opinion is that the tolls imposed by the Americans upon Canadian freights passing through the Canal on the Michigan side should be paid by the Dominion Government. Col. Ardagh, Military Secretary to the Viceroy of India, is here on his way to Calcutta from London.

General Telegraphic News.

ANTHABASKAVILLE, Que., Aug. 21.—A good deal of interest is excited here by an article in L'Union, Laurier's home organ, which falls short of the Globe, the Ontario liberals and Sir Oliver Mowatt in particular, and in fact the article looks like the leader's parting shot to his Ontario allies.

QUEBEC, Aug. 21.—William Abbott, son of Sir John, arrived here with his father's yacht from Montreal, and was soon joined by the premier who proceeded down the river to the gulf. In reply to a question, the son said: "My father's health will be all right in a few weeks, but he is now completely tired out."

OTTAWA, Aug. 21.—A circular letter of Mr. Foster, United States secretary of state, addressed to the diplomatic and consular officers of the United States, as well as communicated to the department of agriculture. This letter contains a transcript of an act of congress passed in April last, having for its object to protect all foreign exhibitors at the World's Columbian exhibition from prosecution for exhibiting wares protected by either American patents or trade marks. The enactment is in the following words: "No citizen of any country shall be held liable for the infringement of any patent granted by the United States, or any trade mark or label registered in the United States, where the act complained of is or shall be performed in connection with the exhibition of any article or thing at the World's Columbian exhibition, Chicago."

The Other Side.

A short time ago some of our exchanges contained a paragraph headed "A pathetic incident," describing how a young French sailor had jumped overboard from the schooner Brilliant to escape the brutality of the officers of that vessel, and pleaded to be taken aboard a passing fishing schooner. The article in question was forwarded to the British consul-general at New York with instructions to enquire into the facts. This has been done, as will be seen from the following letter addressed to Mr. J. C. MacIntosh, president of the Nova Scotia society for the prevention of cruelty:

SIR,—I beg to acknowledge the receipt of your letter of the 11th instant, inclosing a newspaper extract containing an account of the circumstances of a young man jumping overboard from the British schooner Brilliant, while on a voyage from Prince Edward Island to New York. I immediately summoned the master and questioned him closely with respect to the treatment of the young man, and now enclose his affidavit as well as Mr. John Hughes, a passenger, and Chas. McKeown's, an A. B. of the schooner. These affidavits have all been given in a straightforward manner, and point to the conclusion that the printed report is only true in this one respect, viz., the jumping overboard, the sole apparent reason for his doing so being his inability to speak English. Seeing the other vessel passing, he hastily filled his pockets with bread and jumped over; nobody chased him or knew even of his intention, and he does not appear to have received the slightest ill-treatment while on board. He has deserted the ship since her arrival here, where he learnt that he was expected at the consulate general with reference to his case. Captain Lawrie tells me he has learned that this is not the first time he has jumped overboard from a vessel he wanted to leave. C. M. FRASER, acting Consulate General.

The Star

THE BEAUTIFUL STAR

Has vindicated her right to be called Beautiful from the universal admiration of our patrons for the Beautiful in Art. This is evidenced by the good taste they display in patronizing the Star Tailoring Establishment when they want something particularly nice and artistic. Our success in filling the bill has passed into a proverb, namely, when you fail to get suited at the Star Tailoring Establishment you are too fastidious for this yere world.
