COMPARISON. The true test of any article is comparison with similar goods. One bottle of Johnson's Quinine Wine contains twice as many doses as some other popular wines, and is made with Howard's English Quinine, while others are made from cheap German Quinine. Compare 2 bots. (24 doses) Campbell's Wine, \$1.40 1 bot. (24 doses) Johnson's Wine, 1.00 You save 40c.

Is forty per cent. any inducement? We think so.
