

# Plan Combined Meeting On Potato Tariff Question

In regard to the presently existing tariff on potato shipments to the United States from Canada the Summerside Board of Trade at its monthly meeting held last night reached a decision to hold a combined meeting of the Summerside, Charlottetown, Alberton and Crapaud Boards of Trade within the next week at which a strong resolution will be drawn up to be presented to the federal government.

According to the present tariff, American potatoes may come into this country duty free except for a six-week period during the summer. Canadian potatoes entering the United States must pay a duty of 87½ cents per hundred weight until the quota is reached at which time the duty doubles. It was recognized by the meeting that the mere drawing up of a resolution and its presentation asking to have a reciprocal tariff in force between the two countries would not be sufficient and in all possibility a delegation from the combined island boards, with representatives from the Nova Scotia and New Brunswick boards, will go to Ottawa to present the matter to the Federal authorities.

Members of the Summerside Board appointed to act on the committee were T.J. Inman, Alison Profit and Lorne MacFarlane.

Some discussion was held regarding the matter of taking the "Prince Edward Island" Ferry from the Borden-Tormentine run during the winter months and taking the boat to Lauzon for repairs. Mr. Fred Bell pointed out the serious situation which could develop should the Abegweit become disabled during the absence of the president to go into the matter fully and ascertain if it is absolutely necessary to remove the second ferry during the winter months for repairs.

Mr. Roy Boates, representing the Retail Merchants' Committee, said that steps should be taken to form a combined charitable fund among the merchants, similar to the "Red Feather" fund. The purpose of the fund would be to take care of the many charitable donations to which the merchants are asked to donate.

Mr. Boates was asked by the president to get all available information from church centers which have such a fund in operation.

**DISCUSS ANNUAL MEETING**

The tentative dates for the annual meeting of the board was set for either the second or third Tuesday in January. Mr. Edgars, Canon of the tourist committee suggested that steps be taken now

to procure a guest speaker for the occasion and suggested that Mr. John Fisher would be a most satisfactory speaker to invite. He said he believed that Mr. Fisher could be obtained if given sufficient time and the matter was left to the publicity committee to contact him for a speaking engagement.

A very fine report on his attendance at the annual meeting of the Canadian Chamber of Commerce was given by Mr. John Mungall, past president of the board. Mr. Mungall and Mr. Clyde MacLagan were the official delegates to the annual meeting which was held at the Chateau Frontenac, Quebec, on October 14-15th.

Mr. Mungall gave a concise outline of the manner in which the annual meeting is conducted and stressed the point that no matter how large a board of trade is it has only one vote at the meeting. This, he pointed out, is a great example of democracy at work. He said that a resolution which had been presented by the Charlottetown Board regarding the matter of uniform time across Canada had been passed by the meeting and will be one of the resolutions which the Chamber of Commerce will present to the Federal Government for its consideration.

**LACK OF SPACE**

The serious lack of shipping space in the sheds at the Marine Wharf was brought to the attention of the board by Mr. Fred Bingham. He said that the space situation at the Marine Wharf sheds is really serious. He quoted figures which showed that shippers from all over the country were able to store space for only a small percentage of their shipping requirements.

Mr. Bingham suggested that representations should be made at once to the Department of Transport to have the sheds enlarged and suggested that the west shed should be lengthened by at least 150 feet while the east shed be enlarged to the same size as the west after the alterations were made there. He also stated that heating facilities should be in both sheds instead of only one as present.

## New Minister Inducted Last Night At S'side United Church

Rev. C.R. Webber was inducted into the pastoral charge of Trinity United Church, Summerside, at a service held in the church last evening and presided over by Rev. S.H. Haslam of Margate before a large congregation.

The Scripture lesson was read and prayer delivered by Rev. S.G. Walls of North Bedeque United Church and the induction sermon was by Rev. G. Howard Christie, assistant minister of Trinity United Church, Charlottetown.

Mr. Christie spoke on "Pastoral Relationship" which he said is the relationship between the minister and his congregation, pointing out that pastoral refers to a shepherd and his throng.

Mr. Christie's opening remarks were "I am very happy for this congregation that you have been guided to call Rev. C.R. Webber as your minister." Mr. Webber's former charge was at Dartmouth, N.S.

A reception in Epworth Hall followed the service.

## Summerside Y's Men's Club Plans For Conclave

At the regular meeting of the Summerside Y's Men's Club held last night in the Y. Centre, plans were completed and duties assigned to the members for the Y's Men's district conclave being held this Saturday with Summerside club as hosts. Beginning at 2:00 Forums will be held until 5:00 p.m. when a vesper service will be conducted at the Baptist Church. A banquet in the Y. Centre at 6:15 p.m. will have as guest speaker, Don Duncan, Y.M.C.A. Secretary.

District Governor Frank Cameron called got 100 per cent representation from the Summerside club. Parker Crockett requested that club members be on hand Saturday to assist in delivering circulars, along with members of the H-Y Club.

It was decided that two letters of congratulation should be sent, to the newly elected Summerside Y's Menettes president, Rae Adams and to the newly formed Truro Y's Men's Club.

Bob Hogg, reporting for the money-raising committee, asked for the full support of the club in sponsoring Dr. Kit, a hypnotist, being brought to Summerside by the Y's Men on November 14th the same committee that handled the fiddling and step-dancing contest is to be in charge of this project. Reporting on the House of Harmony Quartette, John Leuty stated that approximately \$90 was realized on this show.

Discussion on the fees charged for the new auditorium ended with the assurance that the rates charged service clubs would shortly be lowered.

Chairman for the meeting was Keth Hobson leading the sing song, and John Ellis acting as finesmaster.

## N. Y. BANKER

Allan T. Matthews was recently appointed as special representative of the Bank of Nova Scotia, New York agency. In that position he will represent 432 branches across Canada and 16 in foreign countries.

A native of O'Leary P.E.I., he began his banking career with the branch at O'Leary in February 1948. From there he was transferred to Truro, N.S. then to Ottawa, Ont.; where he spent about eight months before being transferred to the New York Agency. Allan is a son of Mr. and Mrs. John A. Matthews, O'Leary.

## Let's Talk It Over

We have been reading the report of the Summerside Y's Men's water-safety program, and consider it a very important and essential vacation program for children. Besides providing healthful and enjoyable recreation, it teaches the children the precautionary measures which may indeed be the means of saving some of their lives in future years. The benefits derived from such instruction are not easy to assess. It is difficult to prove their worth by statistics though it would seem inevitable that such a program carried on extensively over a period of years would reduce drowning accidents appreciably. The leader of this activity since its inception, Mrs. H. Cudmore, and our local Y's Men's Clubs are to be congratulated on what they are doing. Their program seems to be expanding, entailing the expenditure of more money to keep it in a flourishing condition. It is to be hoped that the public will realize the importance of this program and stand behind the Y's Men's organization in their various projects to raise funds for such worth-while endeavours.

It is a pity that some form of highway safety training program could not be devised for children to supplement this fine work in water-safety. Experts say that better law enforcement, better engineering and education are the three essentials to cut down our death tolls from traffic. Education is certainly not the least of these. A program would perhaps be lacking, although it is surprising what a genius for such projects can devise to make useful training drill fun for youngsters.
