

Revamped Hawks Score Biggest Upset With 5-0 Shutout Over Beavers

MONCTON, N. B., Nov. 20 — (CP) — Revamped Moncton Hawks scored the biggest upset of the Maritime Major Hockey League tonight by blanking the league-leading Saint John Beavers 5-0.

It was the second shutout within a week for goalie Don Lockhart of Hawks and was assisted by airtight checking by the Hawk forwards who permitted the sharp-shooting Beavers only 17 shots on the Moncton goal.

Ronnie Rowe, fleet-footed left-winger from the Pacific Coast League, paced the Moncton attack with a pair of goals and two assists. He shared scoring honors with high scoring Danny Horeck who fired a single tally

Gordie Howe In Second Place In Scoring Race

BOSTON, Nov. 20 (CP) — Look out, Rocket, here comes Gordie Howe!

The great Maurice Richard of Montreal Canadiens is at the top of the heap in the National League's goal-getting race with 11. Howe, a 23-year-old who won all-star honors at right wing over Richard last season, has moved into the runner-up spot with eight.

And the Detroit Red Wings ace was relieved today over a narrow escape from serious injury. Sunday night in New York, he scored two goals against the Rangers and then, tripping over goalie Chuck Rayner, crashed heavily into a goal post.

"If I hadn't tugged my head in," he said, "it might have been the end."

Instead, the back of Howe's right shoulder caught the full impact of his hurtling body.

Howe had split his head, once before, during a play-off game in Toronto two seasons ago. A surplus of fluid was drained from his skull. For more than a month he suffered from double vision.

Then he came back to establish a scoring record with 43 goals and 43 assists—86 points.

Howe is quick to concede that Richard has the best shot in the league. "He can shoot from any angle. And he is always on the nets."

Richard is on his way toward setting a league record for most goals in a career. He has 303, 21 short of the mark established by Nels (Big Sam) Stewart.

But Howe could surpass all figures. He broke in at the tender age of 18, and has, perhaps, 10 years ahead of him. He already has bagged 121 goals.

"All I want to do," he said, "is to pay off on the boss's investment."

He said that the boss, Jack Adams, had to foot doctor bills for Howe's brain operation, a hernia job, and the removal of cartilages from both knees.

Howe was asked if he had any real brushes with the quick-tempered Richard.

"Once a few years ago," he said, "we had a fight. Richard was sent off for the rest of the game. We won."

and assisted on one of Rowe's goals.

Rowe was one of four new players who took their places in the Hawks line-up for tonight's game.

The others were defenceman Tom Rocky and winger Sam Kennedy, who came to Hawks in a trade which sent defenceman Ronnie Matthews back to Sydney, and George Robinson, a winger obtained from Ottawa Senators.

The new players added the spark Hawks needed.

The game was fast in the first two periods with only one penalty, a minor to the Beavers. Hawks resorted to a defensive game in the final frame.

Islanders Selling Brown To Miners

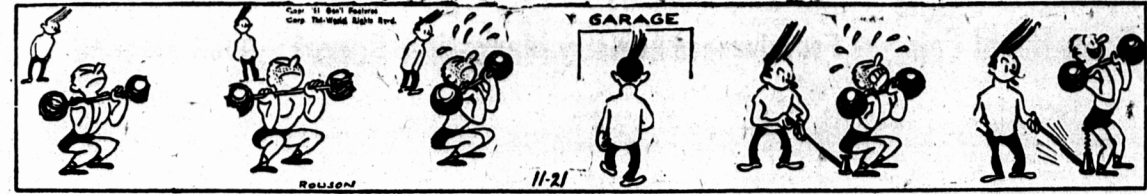

Negotiations are underway between the Islanders and Glace Bay Miners for the sale of "Toby" Brown to the Miners, it was learned last night from coach Leo Lamoureux. The deal is expected to be completed in the next day or two and will be a straight cash affair.

Brown joined the Islanders about two weeks ago and has seen little action with the club. A member of last year's Regina Caps, he is a right winger with plenty of speed and in his short stay with the Islanders picked up a goal and an assist.

McLagan Injured

George McLagan, colorful Islanders rearguard received a painful shoulder injury early in the third period of last night's game with Halifax. George will enter hospital for an X-Ray and examination to determine whether or not there has been a fracture. He expressed a personal belief that there were no breaks.

Within the next two days the axe will fall four times on the lineup of the Halifax Saints and four players will be seeking employment elsewhere. It was learned last night from coach Will Fields. Coach Fields was not too happy about the showing of some of his players and when a reporter stuck his head in the door of Bill Brown's office to inquire about the assists on a Halifax goal scored by Willard Nixon Fields replied that it could not have been any of his players who received them.

Fields did not hesitate to admit that his players were bad in the first two periods but in justice to the players he pointed out that they had been on the bus since eight thirty in the morning until nearly nine last night and that they were minus three of their best men. The bus trip, which was made considerably longer by a hold up at Borden, undoubtedly had an effect upon the players. The hold up also kept the fans waiting an extra three quarters of an hour for the game to get underway.

Missing from the Saints lineup were Freddy Weaver and Doug Lewis as the result of bruises and also Pele Leswick whom coach Fields was giving a rest. Asked about the reports that Powers and Graboski were to join the team, he said they were untrue but that he had three new players were now on their way to Halifax. The new players are Norm Gustin, from the Vancouver Canucks, an All-Star in the P. C. H. L. last year, Kenny MacKenzie and Larry Reardon. MacKenzie is a brother of Jim MacKenzie now with the Islanders and Reardon is a brother of Terry and Kenny Reardon, former N. H. L. players. There is also a possibility that Bill Shill may join the Saints but that is a matter of "hockey politics."

Leo Lamoureux was pleased with the showing of the Islanders in the first two periods and said so. The forward lines were working well and their combinations were pretty to watch at times. The defence as usual turned in their strong showing and Hal Gordon, after settling away about the middle of the first period came up with a good showing.

The return of Don Bellinger served as a shot in the arm to the "Kid Line." In the dressing room after the game Willie Marshall looked at Conny Bonhomme and said "it was easily known that the 'Kid Line' was back. Phil Vitale was recounting his run with his former team-mate Denis Smith and getting quite a kick out of it. "You know what he did, the little fellow charged right into me," laughed Phil. "Had it been somebody else I would have bashed him." Hal Gordon joined in and reminded him that Deny was one of the best forwards the Saints had last night.

If Johnny Horeck were a gambling man his favorite odds would probably be three to one judging by the manner in which he carries out his hockey trades. Twice this season Horeck has engaged in player deals which have resulted in three players landing in Hawks uniform in change for one Moncton player. The first was the Whitlock deal with the Islanders and the last was the Matthews deal with Sydney. We believe Matthews was worth the three players that Sydney gave up for him but on the over-all picture of the Moncton Sydney trades this season Horeck has shown himself a master hockey trader.

After balancing the equations of the deal Johnny could probably stand back and pat himself on the back. In the final analysis he has obtained the services of Laurie May, Tom Rocky, Ronnie Rowe and "Red" Olsen in exchange for the hire of Laurie Petersen. The latter, who was a mediocre player in the P. C. H. L. two years ago and a star with North Sydney last year, has been ill with virus pneumonia and may not be too effective this year.

A review of the player deals between the two clubs shows that Horeck traded Sam Kennedy to Sydney for Laurie May and "Red" Olsen, two defencemen. The next trade was a straight swap, Petersen of Moncton to Sydney for Matthews but it was one that worked out to the advantage of Moncton. Then the final deal saw Matthews returning to Sydney for Lowe, Kennedy and Rocky. Why Sydney traded Matthews in the first place is still a mystery because from what we have seen of him here he could be classed as one of the better defencemen in the league.

Some of the hockey players say he is not so effective on the big ice surfaces. They will tell you that he has a good shift, a good shot and is a good offensive player but not so hard to go about if there's plenty of room. As Bill Dinning and the Sydney executive think differently. Perhaps it was a case of Matthews being conspicuous by his absence and we think Sydney were fortunate in getting him back. From a Millionaires standpoint the price was not too high. After Sydney's last game here Bill Dinning said he was over-stocked with forwards and was being offered one more by the Islanders.

Islanders Move Into Second Place Tie With 7-3 Win Over Halifax

Coach Leo Lamoureux unleashed his Marshall Plan against Halifax Saint Mary's at the Forum here last night and the Islanders responded by handing the Saint-Mary's a 7-3 setback.

The win moved the Islanders up into a second-place tie with Glace Bay Miners.

With "Hat Trick" Willie Marshall leading the way the Islanders jumped into an early 4-2 lead in the first period, increased the count to 7-3 by the end of the second session and played through the third period without a goal being scored by either team.

Marshall beat Frechette three times to perform his fifth hat trick of the young season. Bullet Bob Gray, Johnny Morrow, Conny Bonhomme and Jim MacKenzie were the other Island marksmen. Bob Drainville, Billy Watson and Danny Nixon scored for Halifax.

The Islanders outshot the visitors 31-20 and enjoyed a wide advantage in the play. They turned on the heat in the second period and drifted through the Halifax defense time after time only to be stopped at the goal mouth.

"Kid Line" Outstanding

The "Kid Line" celebrated the return of Don Bellinger by the scoring four goals. The "Dinger" himself failed to score but he was in on three markers and played a great game.

Halifax showed two new players in the persons of Bob Drainville and Eric Blondin. Both players turned in acceptable games with Drainville showing a sound knowledge of the game and good puck carrying ability.

The Trainer line was the only trio of the Islanders which fell short in scoring but they played strong hockey. "Bucko" played one of his finest games and only the breaks kept him from getting into the assist column on about four occasions.

Referee Frank Elliot and Charlie Good handed out a total of 15 penalties with nine of them going to the Islanders and the remainder to Halifax. There were no majors and the nearest thing to an outbreak was a scuffle between

tween Trainor and MacArthur in the second period.

The game was less than a minute old before Willard Nixon of Halifax landed in the cooler. Thompson soon joined him but despite their best efforts the Islanders could not score.

Red Wings In 2-0 Shutout Over Boston

BOSTON, Nov. 20 — (CP) — Tony Leswick and Red Kelly scored late in the third period to give Detroit's league-leading Red Wings a 2-0 victory over Boston Bruins tonight in a National Hockey League game witnessed by a slim 6,190 crowd in Boston Garden.

The teams had battled through 114 minutes and 57 seconds of scoreless hockey in their last two meetings on Boston ice before Leswick tallied at 14:57 of the finale on assists from Metro Prystal and Glen Skov. It was Leswick's second goal of the season.

Then after Bruins' goalie Sugar Jim Henry had been removed for a sixth skater in a desperate attempt to tie the count, defenceman Kelly fired the Red Wings' second goal into the empty net at 19:27. Henry had been sensational up until Leswick's rising shot from 30 feet out.

The win, which opened Detroit's first-place margin over the Toronto Maple Leafs to seven points, marked the Red Wings' ninth straight contest without a defeat and extended their undefeated road record for the season to nine games.

Terry Sawchuk kicked out 32 Boston shots on the Detroit goal and registered his fourth shutout of the season.

Short-Handed Sydney Team In 4-1 Victory Over Glace Bay Miners

SYDNEY, N. S., Nov. 20 — (CP) — Cut to a 13-man staff by the exodus of three players to Moncton, Hawks, Sydney Millionaires found better power in smaller company as they tripped Glace Bay Miners 4-1 in a Maritime Major Hockey League game here tonight.

Although still in the cellar, Millionaires enjoyed their first fall out of their island rivals in six meetings. They wrapped it up in a frisky, penalty-ridden shutout first period.

Don Whalen caged Don McRae's push-up pass at 1:22. McRae doubled the count on a smaller corner by Bay netminder Cliff Hicks pulled a brilliant save on a hard shot by Bill Cupulo. Hicks had the puck between elbow and side but fell back over the goal-line.

The third goal, by Joe Levandoski, came a few seconds after a fist-swinging session between Cupulo and defenceman Sheldon Bloomer. After the first battle, they went at it again, and drew misconducts, which automatically involve \$50 fines. Phil Dagleish also drew a misconduct for pushing referee Hugh McLean.

The first period's hard hitting petered out. Miners fired the only second period goal — a swivelling backhand by Jim Anderson that eluded goalkeeper Nick Pidsodny through a maze of players. Sydney playing-coach Bill Dinning was serving an interference penalty.

Openings were few in the third period and Miners yanked Hicks at 17:04 but were forced to put him back in the cage temporarily when Bloomer was sentenced for cross checking.

Frank Bathgate, roaming at centre, took a long clearance from Joe Levandoski and angled a shot into the empty net at 19:51.
