Jewell-Chappell Wedding

Cut flowers and potted plants formed a very pretty setting for one of the autumn's loveliest wedding ceremonies which was solemnized in York United Church at 3 P. M. on Wednesday, October 24th, when Rev. John Douglas united in holy bonds of matrimony Gertrude Irene Chappell, daughter of Mr. and Mrs. Robert Chappell and Harold Parker Jewell, son of Mr. and Mrs. Robert Jewell, Cornwall.

The bride who was given in marriage by her father, looked charming in a floor length gown of white slipper satin, fashioned with sweetheart neckline, yoke of seeded pearls in a grape vine design. Her finger tip veil of French illusion was held in place by a coronet of white satin and seeded pearls. She carried an arm bouquet of red roses. She wore a double strand of pearls, gift of the groom. The bridesmaid, Miss Aletha Brown wore a floor length gown of yellow lace over taffeta with matching halo headdress and mitts and carried a bouquet of cut flowers.

The groom was ably supported by Norris Scott, friend of the groom. Ushers were: Raymond Weeks and Clifford Chappell. During the signing of the register Miss Mary Morrison sang, "O Perfect Love". Mr. Arthur Vesey was organist.

The bride's mother was dressed in rust dress with black accessories and a mink cape. Her corsage was of mixed flowers. The groom's mother wore a brown crepe dress with sequin trim and matching accessories. Her corsage was of pink snapdragon.

Following the ceremony a reception was held at the home of the bride where a beautiful wedding supper was served to the immediate relatives and friends. Miss Frances Vesey, Mrs. Clifford Chappell, Miss Helen Lewis and Miss Marguerite Vesey assisted in serving. The bride and groom's cake adorned the table and was cut in traditional manner by the bride and groom.

After the wedding supper the bridal party was honoured with a jolly group of serenaders extending best wishes to the happy couple. Later amidst showers of confetti and good wishes the bride and groom left on a motor trip through the Maritimes, Boston and New England States. For travelling the bride wore a grey suit with 1st Battalion PPCLI; Mrs. Elizabeth Sullivan (mother), 168 Queen's Road, St. John's, Nfld.

Soviets Level Blast At World Bank

PARIS, Dec. 18—(AP)—Russia accused the United States today of turning the International Bank into a "U.S. enterprise to foster American war preparations."

In a roadside attack on the World Bank, Soviet delegate Amazasp Arutunian told a United Nations committee the bank is being used by the United States as a "special organ for intelligence work in peripheral countries around the borders of the Soviet Union."

"Under the guise of an international organization United States representatives have been busy collecting secret intelligence in countries like Turkey and Iran," Arutunian said.

In an hour-long speech before the 60-nation economic committee of the U.N. Assembly the Soviet delegate claimed the World Bank is under the complete domination of the U.S. Government, "using its veto against 49 sovereign state members of the bank."

U.S. delegate Isidor Lubin, in a brief reply, rejected the charges as a mixture of lies and half-truths.

black accessories and a corsage of pink gladiol.

On their return Mr. and Mrs. Jewell will take up residence in York where the groom is a prosperous farmer.

Previous to her marriage the bride was an employee of the Maritime Electric Co., where she was presented with a beautiful tri-light floor lamp and mirror. The bride was also tendered several showers of which she received many varied and useful gifts.

Following the ceremony a reception was held at the home of the bride where a beautiful wedding supper was served to the immediate relatives and friends. Miss Frances Vesey, Mrs. Clifford Chappell, Miss Helen Lewis and Miss Marguerite Vesey assisted in serving. Cave for Kilowatts

Power will flow to Alcan's future aluminum smelter at Kitimat, B.C., from a power plant built inside a man-made cave which stretches a quarter of a mile inside a mountain! What's more, a tunnel will be driven ten miles through the mountain, to carry water to drive the turbines.

The resourcefulness of engineers, the know-how of skilled construction workers, plus a quarter of a billion dollars—all are put to work in both East and West to further increase the supply of aluminum for Canada's own needs, and the demands of other countries. Aluminum Company of Canada, Ltd. (Alcan).
