

### Funeral Services Are Held For The Late D. J. Bonnell

Funeral services were held yesterday in Vancouver for D. J. Bonnell, well known former resident of Charlottetown and Sydney. Mr. Bonnell died Monday at the age of 75 and had been a resident of Vancouver since 1944.

D.J. BONNELL

Mr. Bonnell operated a chain of home furnishing stores in Glace Bay, Sydney and North Sydney and lived in both Sydney and Charlottetown before moving to Vancouver.

He was prominent in various campaigns for victory bonds, Red Cross and YMCA funds in the Maritime Provinces and has rooms named in his honor in YMCA buildings in Charlottetown and Sydney.

His immediate survivors, besides his wife, the former Margaret MacPherson of Bellevue, P.E.I., include two brothers, Rev. J. Sutherland Bonnell, D. D., Pastor of the 5th Avenue Presbyterian Church, New York and Dan, Nantucket, Rhode Island and one sister, Jessie who is also a resident of Nantucket.

P.E.I. relatives include two cousins, Harry Bonnell, superintendent of Beach Grove, and Hon. M.L. Bonnell, provincial minister of health.

A former composing room foreman for the Guardian, the late Mr. Bonnell later conducted in Charlottetown an advertising agency in partnership with J.R. Barr. Still later he was appointed advertising manager for Holman's Summerdale store, a post-

tion he abandoned in order to go into the furniture business in Sydney, N.S.

Retiring from active business, the late Mr. Bonnell returned to Charlottetown to live in the late thirties.

Subsequently chairman of many local drives and campaigns, he was held in such esteem in local circles that a civic banquet was tendered him prior to his departure for Vancouver.

### GEORGETOWN

Mr. Francis Clory left on Monday, March 2nd, on a visit to Gravenhurst, Ontario, where he will visit his sister, Mrs. Charles Sopher and Mr. Sopher. Mr. Clory motored as far as Charlottetown with Mr. Raymond Lavender and was accompanied as far as the city by his mother Mrs. Rufus Clory.

Friends of Mr. Guy Hemphill will be sorry to hear that he has entered the Veteran's Wing of the Prince Edward Island Hospital. All wish him an early return to good health.

Mr. Jerry Gallant of Moncton, N.B., travelling for Poulenc Drug was a business visitor to Georgetown on Tuesday, March 3rd.

Recent visitors to Georgetown were: Mrs. Archie Wight and Mrs. Jack Clark of Lower Montague.

Mr. Harold Dobson, representing J. and M. Murphy of Halifax, N.S., was a business visitor to Georgetown on Tuesday, March 3rd.

Mr. James Publicover and Mr. William MacDonald motored to Souris on Tuesday, March 3rd.

Mrs. Lemuel MacCormack was a visitor to the city on Tuesday, A.C.

### Three Witnesses Heard As Ch'town Theft Case Opens

Three witnesses were heard in the preliminary hearing of a Charlottetown man Joseph Wilfred Gillis, charged with break and entry and theft of \$1,000 when the accused appeared in City Police Court yesterday morning.

Gillis elected trial by judge and jury. He is charged with breaking into and entering the dwelling house of Anthony Mamye, 224 Dorchester Street, and unlawfully taking \$1,000 in cash.

The case was adjourned until this morning when the witnesses' evidence was heard. Giving evidence were Anthony Mamye, Mrs. Elizabeth Prunty of Charlottetown and Miss Velva Gallant of North Rustico.

Mr. Mamye told the court that he operated a store at 37 Weymouth Street and on the evening of May 1st, 1958, he took home with him a total of \$1,300 in a cash box.

He said he had a \$1,000 in bills, silver and a number of cheques and that he always took the money home every evening when he locks the store.

When he went to bed that night he left the box at the foot of his bed and when he awoke next morning it was gone, he stated.

Mr. Mamye testified that he used to get around with the accused and that night he saw him standing on the corner.

The lock on his front door, he said, was broken and that it could be easily opened with a pocket knife or a dime. He said he had opened the door that way himself while in the accused's presence.

He said that night his mother's purse was also taken from the kitchen cupboard. It contained about seven or eight dollars in change.

He also stated that the windows and cellar hatch had not been disturbed.

Mrs. Elizabeth Prunty testified that she lived at 21 Escher Street but in May of 1958 she lived on Harley Street.

SHOWN MONEY  
She said that on the 29 or 30 of April Gillis came to her home at 6 a.m. and woke her and Velva Gallant up. He showed them a large amount of money in a wallet. He later told them he had eight or nine hundred dollars and said he got it from Tony Mamye.

He also told them he got it at the foot of his bed and that Mamye would not know about it till seven or eight o'clock that morning.

BURIED MAMYE  
Mrs. Prunty also stated that in her presence Gillis had burnt the American bills. He later buried the money in her backyard, and came back for a short while after.

She said that the accused used to stay at her home and that she had never seen him with that much money.

Miss Gallant stated that she did not see the accused burn the money and that she didn't know how much he had. But she heard him say that he got it from Tony Mamye.

The only other cases on the docket were that of a Sydney Street resident charged with being drunk and incapable, and a taxi driver charged with operating a taxi without a license.

The Sydney Street resident was fined \$5 and costs or two days and the taxi driver was fined \$5 and costs or two days.

HON. EUGENE CULLEN, Minister of Agriculture talks with students from the three counties following the luncheon meeting at the Charlottetown Hotel on Wednesday. They are: Jimmie Diamond, Northam, (Prince) Chester Moffatt, Cavendish, (Queens) Jimmie Cain, Summersville, (Kings).

### Course in Agriculture Was Ended Yesterday

The agricultural youth training course, which brought together with a common objective in mind 30 young farmers representing a cross section of the three counties, terminated with a luncheon meeting at the Charlottetown Hotel yesterday, presided over by Hon. Eugene Cullen, Minister of Agriculture.

Mr. Cullen, speaking briefly, indicated the scope and value of the course which was contributed to by more than 50 staff members of both the Federal and Provincial Departments of Agriculture, in lectures and demonstrations which began on February 9. Particular reference was made to the lectures of S. C. Wright, Deputy Minister, F. M. Nash, H. W. Clay and Mr. Campbell, representing the Science Service Lab.

The Minister said he was particularly grateful for the publicity given the course in its infancy by The Guardian and for its strong editorial support.

"I do hope we will see a lot of you in the future and that you will take full advantage of all that both the Federal and Provincial Departments have to offer in the way of increasing your knowledge, now that your appetite has been whetted," Mr. Cullen said in conclusion.

"Business men are as much interested in the success you achieve as you are and you must learn how to deal with them successfully," R. C. Parent told the students while H. H. Clay urged them to be on the alert to recognize agricultural changes taking place. "P. E. Island is not employing livestock as it should, hay, grain and pastures should receive more attention," he said.

"Three boys who took the course you have just completed are working with me now and doing a good job," F. M. Nash said. "Poultry of the right breed under good management is a good side line on any farm."

ers; the yoke put the weight of the burden on that part of the body which was best able to bear it.

Now when Christ invites us to take His yoke upon us He is offering His means and methods for bearing the burdens of life. Besides, He is our team-mate with His shoulders under our load.

Jesus as the burden-bearer does not take away our responsibilities; He helps us to bear them. To take away our responsibilities would deprive us of our privileges as fellow-workers with Christ, and make our lives meaningless and void.

The Spirit of Jesus moves His followers to undertake services of love which unbelievers ignore, and He gives strength and help in those higher duties which faith and love inspire.

Once we heard Dr. Lynn Harold Hough describe a boy climbing up a mountain-side with his father. When they started out, the lad insisted on carrying certain parts of their equipment, but as he trudged along with his load, he stumbled and fell until his knees were bruised and bleeding.

"I never meant you to carry all this," the father said as he took over the load. And Christ never intends us to carry many of those burdens that are breaking our spirits as well as our backs.

"Casting all your care upon Him for He careth for you" is St. Peter's version of the Christian spirit.

As a matter of fact, the things we worry about are the things beyond our control. A farmer never worries about preparing the soil and sowing the seed. These things he is able to do and finds satisfaction in doing them well.

What he does worry about are the rains and the sunshine that alone cause the grain to grow.

These are in God's hands, and He is still active in fulfilling His promise to Noah:

"While the earth remains seed-time and harvest, cold and heat, summer and winter, day and night shall not cease."

St. Paul states in Christian's faith as follows: "I planted, Apollos watered, but God gave the increase." Therefore we are fellow-workers with God. He prepares the way for us, He follows our efforts with His blessing; when our part is done, we can count on Him.

### IMPORTED FUEL

Denmark's fuel consumption, met almost entirely by imports of coal, coke and oil, costs about \$250,000,000 annually.

An overworked woman in downtown Montreal gave the same reason for her unwillingness to enter the church. Both were sincere, and both misunderstood what Christ means to the soul. He is the great Burden-bearer—not an added load to be borne.

If the reader can find Henry Drummond's pamphlet Pax Vobiscum turn to the chapter entitled What Yokes Are For. I read it when I was a boy on the farm. We did not use oxen as beasts of burden on our farm, but we had been driving through the country and had seen a number of ox-teams in action.

We boys were interested particularly in their yokes, so different from the harness used with our horses. Now a yoke is a contrivance which enables the animal to draw a load which otherwise he could not move.

WOMEN ALSO  
In another part of the country we saw women carrying pails of water with yokes on their should-

### Fashion Show Is Planned By Association At Montague

MONTAGUE—On March 31st, the Montague branch of the Retarded Children's Association will present a spring fashion show in the High School auditorium.

This recently formed association, with only 17 active and seven social members, has been working constantly since its formation and will stage the first fashion parade in this area.

Local models will wear costumes from Belle's Shoppe, the Jo-Anna Dress Shop, MacPherson's Dress Shop and the costumes will be accented with jewellery from Pepler's Jewellery and Bohners Jewellers.

Makeup will be by Beauty Councillor under the supervision of Mrs. Spencer Llewellyn, assisted by Mrs. John White, while the hair styles will be created by Beaton's Beauty Shop and Main Street Beauty Shop.

Miss Peggy Beck will act as pianist for the show and will be accompanied for several musical numbers.

Floral decorations will be by a Charlottetown firm and door prizes will add to the interest of the show.

Tickets will be available by mail or in person from committee members Mrs. Horace Fraser, Mrs. Vic Pepler, Mrs. Roy Clow, Mrs. John MacKenzie and Mrs. Alan Nelson.

### South Shore Workshop Held

The second workshop meeting of the South Shore Teachers was held in the Hampton School with eleven teachers present.

Mrs. Charles Howatt, president, capably conducted the meeting. A summary of the averages of the achievement tests held in November, were given to the president, arithmetic and language achievement tests were distributed for the senior grades.

Several remarks were made concerning the changes in entrance examinations and the latter part of the school term. Teachers were critical concerning the Choral Reading for the rural schools, and hoped that more consideration be given to grade divisions and selections for the coming year.

Mrs. MacLeod was appointed to secure an Art teacher for the next meeting to demonstrate to the teachers how art may be presented to advantage in the classroom. Next meeting is planned to be held in Victoria during the latter part of March.

### TEN MILE HOUSE SCHOOL

Following is the report for Ten Mile House School for February.

### Sweet touch for afternoon-tea BRAZIL NUT COOKIE SLICES

Sift together twice  
 1 1/4 c. once-sifted all-purpose flour or 2 1/4 c. once-sifted pastry flour  
 1 1/2 tsp. Magic Baking Powder  
 1/4 tsp. baking soda  
 1/2 tsp. salt  
 1/4 tsp. ground maca Cream  
 1/2 c. butter or margarine

Gradually blend in  
 1/2 c. granulated sugar  
 3/4 c. lightly-packed brown sugar  
 1 tsp. grated orange rind  
 Beat in 1 egg

Sift in  
 1 tsp. vanilla  
 3 c. finely-chopped Brazil nuts  
 Add dry ingredients, 1/4 at a time, mixing well. Shape into 2 rolls, 2" in diameter. Wrap closely. Chill deeply. Cut into 1/2" slices. Arrange well apart, on ungreased cookie sheets.

Bake in a moderate oven, 350°, about 8 mins. Yield: 5 to 6 dozen.  
 For finest baking results, use only the best: Magic Baking Powder!
