ONE HUNDRED mackerel barrels for sale.—Geo. J. Wright. aug12 2i

ALL the first families (including Sir John) are investing in best sets of teeth for \$8, made by Stackhouse & Stackhouse.

OWING to the crossing of telegraph wires in New Brunswick we have to go to press to-day without our usual despatches.

SNEAK THIEVES.—Householders are warned to beware of thieves. The cellar of Mr. W. C. Harris, Pownall Street, was entered on Sunday night.

ARTILLERY.—Some good scores were made at No. 2 Battery's practice yesterday—ranged 200, 400, and 500 yards. Gun drill to-night at 8 o'clock.

FISH SCARC.—Recent reports from the Magdalen Islands indicate poor fishing on that coast so far this season. Mackerel are scarce, and fishermen are not doing as well as might be wished.

LARGE CARGO.—A steamer arriving at London, G. B., on the 7th inst., brought a cargo consisting of 40,000 sheep and 2,000 beaves, all dressed and frozen. This is the largest cargo of dressed meat that has ever been brought to England.

MORE COAL.—Another discovery of coal is reported from Saltspings, Cumberland. The seam is three feet thick, and dips at an angle of 20, 290. The coal is good quality, and this discovery in connection with one previously made is of great importance.

SHEEP KILLING DOGS.—A dog attacked the flock Mr. Daniel Crockett, Little York, a few nights ago and killed thirteen sheep. A neighbour of Mr. Crockett lately lost fourteen sheep from the same cause. We learn that Mr. Crockett has taken action for damages against the owner of the dog supposed to kill the sheep.

PICNIC.—The Vernon River Bridge Football Club purpose having a grand picnic on the beautiful grounds of Mr. John McGilvray, near Seal River schoolhouse, on Saturday, the 16th inst. A first-class refreshment saloon and dancing booth will be provided. Liberal prizes given to successful competitors in the different sports and games, and a jolly good time guaranteed to all attending.—By order of committee.

CALEDONIAN CLUB.—We have received the programme of games for Thursday next.

A large number of entries for the different events have been handed in.

Several athletes from abroad will take part in the games.

The bicycle race will cause keen competition, several entries having been received.

Members and visiting clansmen are asked to attend the Caledonian Club rooms to-night and Wednesday night, preparatory to the gathering on Thursday next.

A RARE CHANCE.—We call special attention to the auction sale of Mr. C. B. Chappell's private residence, corner North River road and Green Street on Wednesday August 13th, at 11 o'clock. This property comprises two acres of land, large dwelling house in good repair and out-buildings. Superior orchard and garden with ornamental and shade trees. We know of no property in the market as desirable for a private residence.—R. Bearisto auctioneer. aug. 10 2 i.

FELL DOWN THE HATCHWAY.—Last Thursday, Antoine Dares, of Schooner Coronet, of Lunenburg, N. S., accidentally fell down the vessel's hatchway, seriously injuring himself. The vessel at the time was about thirty miles from land. The captain took the injured man to Souris, where he was landed, and is now recovering. The Coronet has been on a codfishing voyage to the Grand Banks and other fishing grounds and reports having caught no fish. Some of the codfishers have done fairly well, while others have had poor luck.

BUTTER ABROAD.—The Amherst Record announces that A. Wilson, of Pugwash, has received an order for a shipment of Cumberland butter to Hamburg, Germany. It is to be put up in hardwood packages of from 300 to 350 pounds. It is also stated that if the butter prove satisfactory, shipments can be made to the same house every month. The Sun says it would be gratifying to learn that butter from these provinces could be extensively and profitably shipped in foreign markets. It would be still more gratifying if we could supply our own market with butter of good quality. There is ample room for activity in both these directions.

ADVICE TO MOTHERS.—Mrs. Winslow's Soothing Syrup has been used by mothers for children teething for over fifty years with perfect success. It relieves the little sufferer at once; it produces natural quiet sleep by relieving the child from pain; and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels and is the best known remedy for diarrhoea, whether arising from teething or other causes. Twenty-five cents a bottle. apl18'90byedwkyly

The following instructions have been received from Rome by His Lordship the Bishop of Charlottetown:—

"As the Feast of the glorious Assumption of the Blessed Virgin Mary this year falls on Friday, His Holiness Leo XIII., by Divine Providence, Pope, grants to the faithful of every part of the world the use of flesh meat on this day. His Holiness, however, much desires that the faithful endeavor to compensate for this privilege by reciting once, for his intention, the third part of the Rosary."

Beware of John Bull.

(N. Y. Tribune.) While backing up his piracy in Behring Sea with a fleet in Puget Sound, John Bull steals a march on us right here on the Atlantic coast, and, with supreme audacity, close to Mr. Blaine's back door. The Bangor News declares that after long negotiations the Isles of Shoals are to pass into the control of a British syndicate, which has finally agreed to pay the Lighthouse's price, \$500,000. Until he can get the Portsmouth Navy Yard fixed up in decent shape, Secretary Tracy might send the Squadron of Evolution up to Appledore and Smuttynose, to keep an eye on the invader. Talk about Halifax and Bermudas! Here he is under our very noses.

Personal.

Prince George will not return to England until May next.

J. T. Mellish, barrister, of Charlottetown, is in Halifax, the guest of J. S. Archibald.

Mr. Hodgson received a telegram from Sir John that he had arrived safely at River du Loup this morning.

S. F. Hodgson, Esq., of the P. E. Island Railway staff, has returned to Charlottetown, having had a pleasant trip to the Great West.

The Rev. W. H. Poole, L. L. D., called in in our sanctum to-day. He is showing our citizens his famous book of nine lectures on Anglo-Israel.

Mr. J. G. Hamilton Brown, to whose enterprise our city owes the erection of that handsome structure, the "Brown Block," is also a resident of that great commercial emporium, Chicago, whose population is 1,120,000. Our friend lunched with Mr. Brown, who seemed to be as active and energetic as ever, and who seems to be happy in the thought that a man has room to expand in Chicago. We trust our ambitious friend will "make it well." He is manufacturers' agent for linens and other lines of goods for houses in Dublin, Berne and elsewhere.

A friend who has recently returned from the West informs us that he had the pleasure, while abroad, of meeting with several gentlemen who are well known in this Province. Among the number he referred to Mr. E. O. Faulkner, who several years ago occupied the position of travelling auditor on the P. E. Island Railway. Mr. Faulkner now holds the responsible position of private secretary to Allen Marvel, President of the Atchison, Topeka and Santa Fe Railway. The position is a most responsible one and as this immense organization operates 9000 miles of railway our genial and talented friend has ample scope to demonstrate what he is capable of accomplishing. His old friends will be glad to hear of his success. Their office is in the Riato Building, Chicago.

An American Schooner in Trouble.

The fishing schooner Willie Irving, Capt. Seely, of Gloucester, Mass., arrived at Souris on Friday last. Immediately upon her casting anchor there, the crew refused to obey orders and demanded of the Captain to be sent home to the United States, alleging as a reason for their demand that the vessel was leaky and unseaworthy. The Consular Agent at that port, C. C. Carleton, Esq., was applied to and took the matter in hand. A survey was held by John McLean, Esq., Port Warden, J. D. Lavie, master mariner, and Angus McPhee, ship carpenter. They reported the vessel to be in fair condition, sails in good order, running rigging good, chains, anchors and hawsers good—in short everything in and about said vessel in a perfectly seaworthy condition. In the meantime Consul George, of this city, was sent for and arrived upon the scene by evening train. The vessel, by latest accounts, is still at Souris. The crew has left her. The Captain appears to be a very decent man and intends running back to Canso if he can get a sufficient number of his crew to come back to work the vessel. He has no license, which makes it all the harder for him to manage in his present predicament.
