

Employment and Immigration Canada / **Emploi et Immigration Canada**

By now, students interested in summer employment should be contacting the Employment Centre. Summer employment opportunities with the Federal Government are described in a booklet called "Summer Prospects" available through this office. It is important you bear in mind most closing dates will be January 31st, so that gives you less than two weeks to apply. I can't help noticing that the quality of your applications are not as good as they could be. Bear in mind that those applications will be screened down from more than a hundred for each competition to as few as fifteen to twenty who will actually get an interview. They are most important and should be as complete as possible.

I have a few competitions I would like to bring to your attention.

Historic Park Interpreters at the Fortress of Louisbourg National Historic Park - open to residents of Cape Breton Island. More information is available at our Centre.

RCMP Supernumerary Constable Qualifications required - minimum age 19, Canadian citizen, valid driver's license, preferably one year of Law school though students of other disciplines with a genuine interest in careers in criminology or law enforcement will be considered.

I would also like to hear from Indian, Metis, Non Status and Inuit students who might be interested in working in various facets of the Canada Employment and Immigration Commission. The program to refer to

is the Native Internship Program and for this, too, more information is available through our office.

I will be giving a workshop on "Resume Writing" on Friday, January 21st, at 1.30 p.m. for senior students. I would prefer students signing up in advance if at all possible.

I will be meeting with Education Seniors" on Monday January 24th, at 12.30, Room 310, Memorial Bldg., to discuss career opportunities.

Bye for now.

Suzanne deJong.

MPHEC Releases Report

The Maritime Provinces Higher Education Commission (MPHEC) issued its report **FINANCIAL PLAN 1983-83**. The report contains the Commission's 1983-84 financial assistance recommendations for Maritime post-secondary institutions as well as forecasts for 1984-85 and 1985-86.

The MPHEC is recommending an increase in operating assistance of 12.1% for maintaining on-going activities. The commission has also recommended that Maritime provincial governments provide an additional 1.8% for program expansion at several institutions and 0.75% for equalizing the assistance levels of Nova Scotia institutions currently receiving low levels of support. As in prior years the Commission's recommendations for 1983-84 assume that institutions will increase tuition fees at a rate similar to the in-

crease in general operating assistance and that government student aid budgets will have to be adjusted accordingly.

The **Financial Plan 1983-84** also presents the Commission's recommended capital projects for the upcoming three year period. In its capital assistance recommendations, the MPHEC continues to emphasize regional projects and projects which provide a more effective use of existing facilities.

In presenting its recommendations the MPHEC urges the government to adopt a stable approach to funding post secondary education. Stability in funding is considered essential by the Commission in order to enable institutions to cope with significant enrollment increases and changing technologies. The commission also stresses the importance of recognizing the low rate

of growth in post-secondary funding in recent years during this current period of expenditure restraint.

The Commission's financial assistance recommendations have been submitted to the Council of Maritime Premiers and the provincial governments for consideration. The Commission expects a response to its recommendations from the Council of Maritime Premiers within the next two months.

Copies of the report **Financial Plan 1983-84** are available from the MPHEC, P.O. Box 6000, Kings Place, Fredericton New Brunswick, E3B 4H1 (Telephone 506-455-5064)

Have you been discussing Reaganomics again?"
