

EMPLOYMENT OPPORTUNITY

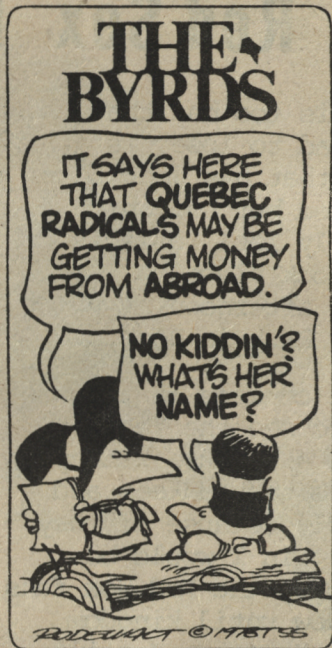

POSTES À POURVOIR

"Registration for the month of September for part-time and permanent work is up" she said happily. "However, I have not met half as many Seniors as I thought would" she added with a concerned look on her face. Get the picture?!

It is not too late to look into and apply for careers with the Federal Government. However, OCTOBER 11th is the deadline. We have books on the various careers open to seniors as well as the ever popular, application forms. Actually they look worse than they really are or are they worse than they really look? Some of the fields you may be interested in require you to write a federal exam. Those of you interested in Financial Administration (FI) or General Administration (GA) will be writing your General Exam on Monday, October 16th at 7.00 p.m. in N3. Those interested in the Foreign Service will write your exam on Saturday, October 14th at 10.00 a.m. in N3. In either case, you must have your application in before you write the exam. And yes, you may write both exams, if you wish.

Seniors from the B.A. and B.Sc. programs have been dropping in to request sessions in CJST (Creative Job Search Technique). So far, a Friday afternoon looks like the best time. I'm looking at October 20th as a tentative date and can accommodate more of you, if you are interested. The first session is on effective resumé writing. The second, one week later, is on interview techniques. I will correct resumé's on a one to one basis sometime in between the two sessions.

We are getting quite a few orders for casual (one day or more) jobs. It's good to see so many of you registering for part time work. Try to drop in regularly - it helps us to know you and we do refer people 'on the spot' whenever we can. Suzanne deJong, CMC on Campus.
